*This is the Work at Hand!  
You are Either With Us or You are On Your Own!*

In the midst of unfathomable tumult, I call you forth into your Christ Consciousness to exercise the Will of God!

Throughout the nations there are those who have not heard the Word of God. They have not perceived the impetus of God Good; and thus, they continue to create havoc for the Sons and Daughters of God who would otherwise be exhibiting more of *their* Christhood and would be galvanized to the Heart of that Will of God.

You, blessed ones, who attend my voice, my Flame, and my Consciousness in the full Regalia of the Will of God, streaming forth from the Heart of God, The One, I commend you for having the fortitude, the courage, and, yes, the stamina to stay the course, to have the clarity of consciousness to understand how you must maintain the vehicles of your consciousness to even be in my Presence!

For there are many that would scurry the moment I enter the room, for their vehicles of consciousness so rebel in their outer forms to that Divine Will, which is the natural inheritance of the pure God Reality at the core of their being. So as quickly as they can, they run the other way! But you, on the other hand, *run* to the Flame of God! You desire to be consumed by that Flame! To have it course through your vehicles of consciousness! To have every cell of your being resonating with that Divine Will! And having all of your vehicles of consciousness aligned with the Heart, exercising the Oneness of God in all of Life at every turn!

There are many initiations that you must go through, even to reach this point of awareness that you have garnered at present — lifetime after lifetime, striving mightily, wondering if there was ever an end to what seemed to be so far off in the future as God Realization in your life. But you, blessed ones, have stayed the course, and you have held fast!

When you have a greater discipline of your outer vehicles, you will have a greater acceleration; and then there will be a new plateau for you to realize, having *thrust* into your conscious awareness the Realization, the Actualization of the Presence of God. You have a greater opportunity to avail yourself of more momentum in God Consciousness. For now you have drunk in a certain quantity of God Consciousness and the Perfection of those Ascended and Cosmic Beings who have brought forth their Gifts for you, imparted so that you might have a taste of the experience of what you have to look forward to throughout all your days in Eternity.

This new Teaching, blessed ones, is a Great Dispensation, indeed! Perhaps it has not been spoken, but let me proclaim for you: *This has been a Dispensation that we have desired to bring forth for over one hundred years into the outer consciousness of mankind!*

Since the inception of The Temple of The Presence, it was known from the beginning that the groundwork had been laid, that the foundation was firm, and that the Causal Body Momentum and God Consciousness of the Anointed Representatives who stand before you possessed the Attainment to grasp the infancy of that natal birth of the Consciousness of God inherent within The One and, thus, draw it forth at our command so you might have an even greater outpicturing of the Story of the Godhead Charioteer! For it is not enough to know where you are going, but you must understand where you have come from! And when you have the fullness of that understanding, you realize that it is the Divine Circle of Life — without ending and, certainly, without beginning. And on and on it goes in Eternity as charted by the Will of God!

As the Chohan of the First Ray of the Will of the Most High, I hold within my Consciousness that Engram, that Form that is fashioned by the Power of God, streaming forth in all of its Perfection, commanded by the Mind of God, and held firmly within that Directing Intelligence of the Consciousness of the Mighty I AM, The Great I AM, The One!

For from the beginning it was known that these Eternal Individualized Rays of God Consciousness would be delineated for your understanding so that you could begin to qualify and quantify them within your outer vehicles, drawing forth all that was required to bring about the creation of form, the fashioning of the likeness of God, and the understanding of the conveyance of the Consciousness of God through your vehicles.

How many have come close to that Flame of God and determined that that was the most precious place of all to be — and never once looked back? They did not have a second thought as to “what if” or “perhaps,” for there was no shadow of turning ever to cross their gaze again. The Presence of God was all there was and all there would ever be! And that was all of Life to them!

Blessed ones, that is the true nature of a lifestream who has entered into the stream of Consciousness of the Will of God. For that one has known, in every fiber of their being, the Presence of God streaming forth in that Perfect Divine Order of all things in their life. In that Will they perceived Love, the Perfection of Purity, the Divine Intelligence of God as the Mind of God, and all things began to fall into place for that lifestream. And life was no longer a needless journey in the wastelands of human creation, but was productive in the Christ Consciousness, enriched by the benevolence of God, held within that Power of the Will of God so that all things would maintain that Divine Outpicturing of the Vision held by the I AM Presence for that lifestream.

Perhaps you think that is a story made up out of nothingness — but that is the story of my life. When I finally discovered the Will of God, there was no place that I would rather be, no current of God that I would rather serve on, no desire of my Heart that I would rather give the Sons and Daughters of God. And from that moment on, to this very time, that Will has been my Mission. I AM not alone — for there are those who have experienced that same Love of the Will of God.

Likewise, there are those dedicated to the many other God Qualities, the many Rays of God Consciousness, who also find their place, their Home that their God Presence has determined was their right place, right vibration, right service to God in Life. And thus, they too took up the charge and established themselves in the fullness of the trek to outpicture at all times the highest possible Quality of that Ray.

Have I addressed your life yet? Have you found “Home” for you? Have you established enough clarity of consciousness within your life, clearing away the debris of the chaos of human creation and the riptides of thought and feeling pounding away at you so you could be centered within the Heart and recognize what is Home for you?

Home is the intonation of the OM of your own Mighty I AM Presence. That is when you have arrived. And it matters not how many lifestreams utter the OM. Each one has its own unique God Identity vibrating through it and establishing throughout each of the planes of consciousness of that one, the Identity of their Mighty I AM Presence. And when you know that Tone, that Vibration in the OM, you are Home. It is very good to be Home. For there you find surroundings about you that are familiar, not filled with talismans of unreality but of the Perfection of God radiating the full Vibration, Resonance, and Vision that your God Presence beholds itself to be, from within-out.

So if you are being true to the Will of God, you are drawing upon that Divine Nature of your own God Presence and calling forth that Home so that there is no longer the requirement to be in a foreign wasteland where there is only unreality. Once you have arrived at the place called Home, the Vibration that is Home, the Intonation that is Home, your own God Presence is right where you are. And that is when life begins to matter! For yes, blessed hearts, the rest has all been building up to that moment! For then you have arrived at the capability of performing the works that your Mighty I AM Presence has desired! Did you think for one moment that your Presence came into incarnation through the Threefold Flame of your Heart merely to move about aimlessly until *somehow* it gravitated to the awareness of God?

Your Mighty I AM Presence has resolved to master those things of the world — of Earth, of Water, of Fire, of Air, of Akasha — desiring to move within them as the Mind of God appropriating, fashioning, forming, and achieving — proving out the Law in each of those planes of consciousness! You are primarily wearing those Elemental Forces of Nature as bodies so that you can be the Charge of the Mighty I AM Presence in each of those respective planes by the Spiritual Centers of your being, activating the mastery of those planes of consciousness as the Threefold Flame takes Command. And with greater acceleration there comes greater service, greater creativity, greater mastery.

So you see, blessed hearts, many of you are nearing that cycle, if you have not already, where you can begin to apply the pressure of the Will of your Mighty I AM Presence into the endeavors that your Presence has desired, not that your outer mind has conjured! No, blessed ones. For most of the conjuring of the outer mind comes from the cesspool of the astral plane or, worse yet, lower mental bodies that vibrate just above the level of the animal instincts. *We are talking about Christ Consciousness.* Not the mass consciousness that is always reduced to the lowest common denominator. That is the sorry state of mankind unless there is enough of the pressure of the Will of God as a fountain of Light elevating that consciousness into the fullness of all that is required!

So if you think for one moment that the Ascended Masters — most assuredly the Chohans and the Maha Chohan — expect more of you, you are absolutely right! For you have the greater opportunity. You have been given the fullness of all that is permissible, according to the Karmic Board, for us to teach, to instruct. And therefore, we do expect more. We do demand more. And if you think you are stretched — just your thinking you are stretched means that you have *more* that you can be stretched. For, blessed ones, you know not the resilience of your vehicles of consciousness!

Those who have a tendency to constantly complain and bellyache about this or that are not exercising the Will of God. They do not understand from whence comes the surcease of their pain, their fatigue, their slothfulness. And therefore, I commend you back to your altar to find yourself — your True Self — so that you will have a greater resilience, stamina, and fortitude for the journey.

The Ascension will not be handed to you merely because you show up. You *must* apply yourself. And as with my lifestream, once I had entered into that Flame of the Will of God, there was no turning back. There was no other life for me!

It is my Desire and my Hope for each one of you that you would have that experience — sooner rather than later — and that you would hold fast to it, not letting go for one instant. For that single-minded determination in itself will be an Initiation of the Will of God pouring through you. And it matters not what Ray of God Consciousness is your passion. *You will be required to have the Will of God in order to recognize it!* I speak of that for those who shy away from the Blue Flame of the Will

of God. For you cannot skip it for any reason, favoring any other God Quality any more than you can skip over God Love or God Illumination or God Purity.

So you see, blessed hearts, it's time to be committed to the Truth of your Divine Being of the Mighty I AM Presence. And as you take hold of more of the Ideal of your own Mighty I AM Presence in your life, that will begin to telegraph out through the Earth. And as I began — there will be those in other countries and other lands upon the Earth who *will awaken in time!* For many of them will be brought into the proximity of the Flame of God — either knowingly or unknowingly! It matters not! What matters is that they feel the stirring within them and they draw it forth, just as you would draw forth the Sword Excalibur to gleam in the sun, shining forth the Truth of God! And when that Truth is exhibited in the land, many will know it. Many will recognize it and ratify it.

This is why we have desired to draw together lifestreams whose Divine Plan it is to be galvanized into this outer Activity of the Ascended Masters — so that together, the many hands, the many voices, the many Heart Flames of God can complete the work that must go out far and wide.

Do not think for one moment that one individual out on their own is going to light up the world. It takes the multiplication of the Flames of God. It takes the foundation of the Entire Spirit of the Brotherhood of Light moving as one unified action to bring about all that is required, not only for the ultimate Victory of the Golden Age but even in this era to bring about enough of the surcease of cataclysm and warring, of those failures of governments that must be squelched, and those blessed ones who must be raised up who have enough of a Presence of God upon the Altar of their Heart that they can occasionally be reached by our Cosmic Councils to more effectively lead!

This is the work at hand. And you are either *with us*, or you are on your own! So do not bellyache when you find the going gets tough and you have no El Morya or Saint Germain to lean upon! We are a force to be reckoned with! And when you have the assistance of the Entire Spirit of the Brotherhood of Light in a concerted Divine Order from Alpha and Omega, *you can rest assured that the Victory will come!* But it will not come without those assisting that have vowed at inner levels to commit their life and all that they are in the fullness of the Christ Consciousness to the Work of the Ages!

I expect this Address to go out far and wide! For you, blessed hearts, who sit before me this night, are not all to whom I speak. For the consciousness of Elohim, of Mighty Victory, of the Karmic Board and the Darjeeling Council have weighed in on this Address with their points they desired for me to bring forth and to galvanize into the Fullness of the Will of God.

I trust I have been articulate enough so that my Message will not be lost! And that you will galvanize every erg of Energy of this Release to draw unto you the Sword Excalibur so that you can be the one to stand for the Entire Spirit of the Brotherhood of Light and say with your Grand and Glorious Proclamation:

I AM the Will of God!  
I proclaim the Will of God!  
And in that Will of God, I AM God Victorious!

I AM the Will of God!  
I proclaim the Will of God!  
And in that Will of God, I AM God Victorious!

I AM the Will of God!  
I proclaim the Will of God!  
And in that Will of God, I AM God Victorious!

As you go forward making this Proclamation, let it be known far and wide that you are disciples of the Mighty I AM Presence and the Ascended Masters; and, as such, your voice counts! The Flame on your Heart is ablaze with the Fire of God — and it will not be denied!

I, Morya El, as the Messenger of God Consciousness of the Will and the Power of God, commend you to your Victory!

*El Morya*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
