## My Electric Purple-Blue Angels Keep Watch With You!

**I**Roiel, stand in the Earth for your Protection  
as you give birth to the Christ within!

For the fullness of the weight of the Presence and that Light that is to be born through your vehicles of consciousness must come forth to erupt with a burst of Light upon the screen of life in the physical realm!

These vehicles that you wear are most resilient, strong, and capable of holding the Fire of God if you will but give that Fire its just due! For daily, as you call forth the Light of God, you have begun to ratchet up that Charge of Light and the alignment with the Heart of your Mighty I AM Presence so that you will have a greater portion of that Light of your Mighty I AM where you are to ready you! To create a shield that will protect you from the world's negative vibration! To be your Sword of Truth that will cleave asunder the Real from the unreal and leave deposited within your consciousness the Truth of Cosmic Law.

That unreality you know to be invalid upon any screen of negativity. But the Truth will always live! And when the encrustation of negativity is cut away, dissolved by the Flame of God to be no more, the Truth remains. Understanding this, blessed hearts, you have the capacity within your own Threefold Flame to render to completion all that your Presence desires here and now, while you are in the physical octaves! After all, many incarnations have prepared you for this challenge, this cycle, this opportunity.

Those of you who feel for some reason you are not capable of entering into the stream of Consciousness of the Mighty I AM and receiving the transfer of the Light, the Power, and the Consciousness that is the Most

High — you, blessed hearts, must go back to the beginning and retrace, with the fingers of your own mind, your own experiences. Ask yourselves what it is that does not allow you to have faith in the Mighty I AM Presence, not to have hope for a better future guided by the Mighty I AM, that does not allow you to have your chalice upraised to be filled each day upon rising from your rest and then, as quickly as you are capable, to run to greet the day.

Blessed hearts, my Angels stand at the door of the outer world's vibration, at the threshold of your sanctuaries, both here at this Temple and Altar as well as at the doorway of your respective altars in your homes and your groups that assemble under the canopy of The Temple of The Presence. There we stand for the Protection of all that goes on within the citadel of that assembly so that only the Truth of Cosmic Law and the Charge of Light can cross that threshold, preserving the health and well-being of all who come.

Thus, when you enter into your sanctuary to stand before the Mighty I AM Presence, the Lords of Karma, the Ascended and Cosmic Beings, and, most especially, the Archangels, you have the assuredness that the outer world's condemnation will not ride in to assault you, to tear you away from the opportunity to gain the Strength and the Fortitude of the Core of Being that is the Power — that Rod of Power that your Presence has prepared for you — and that you will have the clarity of consciousness and Illumination's Flame to guide you in all of your affairs, to maintain the Virtues of the Christ, and to stand within the Godly Vibration that is always inviting to the Holy Angels!

Then you will begin to know what it is like to have the transfer of the Light of God wash over you, purifying your consciousness, your awareness of Life so that as you begin to move through your day, you will have the clarity of mind, the peace and the harmony of your emotions, the strength and the fortitude of your physical body. And you will be ready for all that your Presence desires for you to engage in for you to be receptive to whatever opportunity may be thrust your way. Even those things that surprise your outer consciousness will be as nothing to your mind, to your emotions, for they will be fully charged with the Light of God! You will have my Electric Purple-Blue Angels keeping watch with you! And thus, your bodies will respond in drawing forth more of the Light of the Source of your True Identity to pour forth in those hours, moments, or cycles that must be fulfilled.

How do you suppose Mighty Surya would address opposition that would be thrust his way? If you have understood the Elohim Surya, you will know that nothing moves Surya from that point-of-center of God Consciousness that is the Outpouring of God Purity, God Will, and God Truth! And so, as Akasha reverberates in, through, and around the Earth, there is that Sword Excalibur that you have come to know and love so well wielded through the ethers, through the planes of the mind, of the emotions, of the physical, and all of the respective subplanes of those Elemental Forces of Nature, exposing to your consciousness whatever must go into the Flame. And given the Attainment and the accelerated Charge of Light that your lifestream has already gained in momentum, that recognition of negativity will only last a *millisecond* as it passes quickly into the Flame that you have garnered!

This is why it is most important for you to maintain the Storehouse of Light, the Charge of God Consciousness, and the Will of God that is most important in the process of drawing forth the Transmutation of all that is required — *so that at the close of the day, you may stand in Purity!* You may have the White Light of Righteousness! For you have rightly called forth the Light of God and used it wisely! And thus, you will have readied your vehicles to summon a greater Communion with the Mighty I AM Presence — *at any given moment!* Thus you are prepared even for those surprise initiations and tests — *and how quickly you will respond!* For after all, your Heart Flame has already expanded into your vehicles of consciousness and is shuttling to and fro with the Heart of the Mighty I AM Presence and the Plane of Consciousness of the Mighty I AM so that the Light of God is always prepared for action in your vehicles.

Perhaps you have not considered how important this entire process is to the grand scheme of your life. The goal of life for every Son and Daughter of God is the Ascension in the Light. But that Ascension does not come *absent* passing your initiations within each of the vehicles of consciousness, upon every God Quality, and attaining to a Mastery and a Charge of Light that will carry you into that Ascension! This process, as you have learned, takes many incarnations. But many of you have already been incarnated upon the Earth for longer than you would care to know — *long enough, in fact!*

And so, you have come to the cycle when you must in earnest seek to understand the flow of God — *consciously* — not unlike the Adepts whose lives you have studied, learning how they became great alchemists in their

lifetimes and how, in becoming the Adept, gaining Mastery and Attainment, they were able to see beyond the outer physical with all of its maya and illusion. They were able to *feel* the Vibration of the Truth of Cosmic Law that resonated with the Threefold Flame of their Heart, not unlike you now have the co-measurement of weighing the vibration within your world against our Radiation released from this Altar.

And those who have engaged in the action of certain practices know well when those practices are in alignment with protecting the Sacred Fire, with imbuing God Direction into all the creative endeavors that are drawn into their conscious awareness. And thus, you have disciplined vehicles of consciousness, holding to the Christ Virtues, capable of entering into the Realm of Akasha, knowing the full measure of its creativity borne upon the Threefold Flame of the Heart as transferred by the Mind of God, your own God Presence, and having that creative endeavor manifest in your life right where you are.

Blessed hearts, you have come to a point in your initiations and the fulfillment of cycles when you must begin to examine in earnest why you are incarnated, what it is that your Presence desires to accomplish through you, and how you may collectively fulfill the Divine Edict of the Great Commission, all the while never losing sight for one moment of the goal of the Ascension but recognizing that there is still work for you to do here in the physical! The Ascension will be there at the right time if you are putting one foot in front of the other in measured pace according to the Will of your Mighty I AM Presence for your lifestream!

You cannot skip over these initiations or cycles just simply to let go of the physical, hoping to somehow saunter into the Ascension. It does not work that way! You must have the Fire upon the Altar of your Heart *expanding, accelerating* the vibration of your vehicles! And all the while, you are learning how to wield the Light that your Presence entrusts to you — creating, holding fast to a specific Vibration — especially while there are those negativities swirling about you! And likewise, holding the conscious tethering to the Mighty I AM Presence when the Light is spiraling *up, up, up* in your consciousness and you feel as though the Life of the Presence is that One Source of All, available for every lifestream to partake of! And yet, there is that uniqueness of your Mighty I AM Presence that is the Source of *your* Identity! It is so familiar! It is Home! It is *who* you are! Every

lesser expression of this outer vehicle has been drawn to you by either the acceptance of the negativity of human consciousness or the lack of balance that you have interjected into your karma. Now you must infuse the Light of God into those karmic circumstances and produce the full Freedom of expression of your own God Presence here below!

Oh, there are many who think at the first blush of the sense of Freedom that they are suddenly ready for the Ascension and there is no more work to do. But I tell you, the work only begins at that point! And when you actually understand the full striving of your own Threefold Flame of the Heart that is required to be present in each of the planes of consciousness, you will begin to appreciate the Fortitude, the Strength, the Courage, the Steadfastness of all of the Adepts who have gone before — now Ascended in the Light and Free, standing as that Beacon of Light and Magnet of God Identity to draw you into their orbit of Consciousness, that same orbit so familiar to your own God Presence, that your Presence loves and is at home in!

Blessed hearts! When you take up your Calls, your Meditations and Affirmations upon the Flame of God, do not think for one moment that there is *any* limitation to what the Presence can accomplish through you. Yes, even from the Higher Realms of Light! For the Rays of God Consciousness that *go forth directly* from the Mighty I AM Presence may never pass through your own vehicles. On the contrary, more often than not, the Presence is sending forth these Rays in all of the varied God Qualities, streaming them forth directly from the Electronic Body in answer to your Calls. But there is also a certain level of the corresponding Charge of that Light that you must be able to hold in your outer vehicles, all the while maintaining the conscious awareness that God within you is the Doer! That the Mind of God is acting within your mind! That your emotions are holding the Charge of Light; and consequently, there is the transfer of God Power through your emotional body! Thus there is a Strength that is not derived from any other source that comes upon you, not because you are necessarily doing anything different than your neighbor by way of good deeds but because you have engaged the Fires of your Heart. You have allowed for the Threefold Flame to Expand! Expand! Expand! — *weaving a Garment of Light that you wear and touching Life at your Command!* And this, blessed hearts, is preparing you for that day when you will walk with the Angels,

talk with the Angels! And yes, you will take that Ascension in the Light at the time and cycle determined by your own Mighty I AM Presence — *not your outer consciousness!* Not when you think it is time, but when your Mighty I AM Presence determines you have accomplished all that you came to accomplish! Then the final trump will signal the Light of God to stream forth intensely! And you will be drawn into that Ascension Light!

But, blessed hearts, understand that while it is the goal of your Ascension that you hold in the forefront of your consciousness, each of you has great work to accomplish before that given day! That is the attitude you must have — that you are drawing forth that Light of God into your day-to-day life, not seeking to escape this life via the Ascension, rationalizing that your motives are greater service when they are in fact escape.

If your Presence were to allow you to Ascend prior to the Mastery and Attainment that you can only gain here in this physical octave while incarnate, do you think that you would suddenly wake up as an Ascended Master and know how to create? You would be at the back of the schoolroom, and it would take many more cycles for you to be able to draw forth that Mastery even though Ascended. There is a reason you have incarnated in the Earth. It is so that these vehicles that you wear become so second nature to the Identity of the Threefold Flame of your Heart that your Heart understands how to command them to respond. And they understand how they must submit to the Command of the Heart. You are learning invaluable lessons.

This is why we, the Archangels of the Pranic Breaths of these great Elemental Forces of Nature, have now stepped forth — *so that you might call forth our attention upon those areas of your life that you are finding most difficult and challenging to master!* Thus we are able to assist you where possible to clear away some of the debris that perhaps you have not been able to on your own! To give you a shoulder to lean on and Angels to hold you aloft in the capacity required to maintain your strength to carry out a specific initiation! To give you the opportunity without the weight of human condemnation or riptides of thought and feeling of the world pressing in upon your consciousness! And for those moments when we hold back that tide of negativity, you have the opportunity to breathe the Pranic Breaths in their purest form into each of those vehicles of consciousness that you wear.

And if you have regularly invoked the Violet Flame and transmuted that returning karma which you were responsible for in that given day,

you will discover a far greater awareness of the Presence of God than you have ever experienced before. Right within the mind, there will be a new clarity. Your peace and harmony will suddenly return to your emotional body if you have transmuted the records of your own human consciousness lodged in that vehicle. The same is true of the physical momentums of the earth element.

Blessed hearts, we hold you in our arms! We entrust the Flame of God that we carry to you so that you might have sufficient Charge of Light, clarity of consciousness, transfer of Power to behold the Presence of God! And when that Presence dawns upon you, it is a new day — *glorious to behold!* You have then entered into a Realm of God that will never be lost to your awareness. Your memory body will be able to retrace at will those steps that have taken you into that exalted awareness of God. And the Glory will shine within your countenance as the Heaven World of the Ascended Octaves opens wide for you to express more of the Presence of God in your life! Things of this world will begin to be most clear to you. The Christ-Discerning faculties will be sharpened. The Ray of Truth of the Emerald Ray will pierce through every darkness! And the Ray of the Golden Elixir of Life from your own God Presence will abide with you, ready to assist you every day as you engage in Holy Communion with God.

Then we, the Archangels of the Elemental Forces of Nature, together with those Seven Archangels of the Rays of God Quality — standing abreast as the Twelve Archangels surrounding the Sanctuary of Being where the Presence of God is upheld, where the Holiness, Sanctity, and the Purity shall always abide — we will hold in abeyance the world's condemnation, the world's human creation, the world's endeavors to strip away from the Sons and Daughters of God their rightful Mantle and their rightful position in life as the Christ Incarnate so that when you come to your Sanctuary sanctified for Holy Purpose, you will know the Mighty I AM Presence of your Being! And as the Light shines forth, it will command the Earth to take note! This is the Light that shines for you! This is our Torch upheld that you might come, drink in the Light, hold the awareness of God Consciousness, and make straight your pathway into the Heart of the Mighty I AM Presence!

Prepare your consciousness for the Cosmic Light that will be released throughout this cycle for the benefit of all Sons and Daughters of God

upon the Earth! For you who stand in The Temple must understand your solemn Responsibility for the greater good of all.

Let the Light of Angels go forth to prepare those who might be readied for this coming Outpouring from the Central Sun!

LIGHT! GO FORTH! AND PERFORM YOUR PERFECT WORK THIS DAY!
