## It Is Your Duty! It Is Your Vow!

**B**lessed Torch Bearers of the Temple! I come to address, most specifically, the Flame upon the Altar of your Heart as well as to entice the Flame from within the lightbearers of the world so that there can be the Charge of Light coursing through your vehicles of consciousness at the command of your spiritual centers by the throat chakra, so that you might draw forth the Light of your own God Presence, draw forth the Light of those Ascended and Cosmic Beings and Archangels and Archeiai who serve on the Violet Flame!

For, yes, blessed hearts, you are intended to call forth sufficient Violet Flame into the Earth that will by the Christ Consciousness take command of all that is intended to come to the fore for the greater good of all of the Sons and Daughters of God! This is not an endeavor that has selfish motives or self-aggrandizement for your own lifestream! Yes, there is a putting into the Flame of those latent energies within your own vehicles of consciousness that must be transmuted! But now, you must take into consideration the greater good of all — not merely your own personal life — for that is the mark of a Christ, one who is willing to give of the Sacrifice of their own Heart Flame for the greater Momentum of God that will be established upon the Earth!

The saints and adepts of old have set an example before you that you may follow. It does not mean that you must wear a hair shirt or abuse your own physical body to come closer to the Christ Consciousness. It means, blessed hearts, that you bend the knee before the Altar, that you call upon

the Lord, your Mighty Presence, and the Mighty I AM Presence of every Ascended and Cosmic Being to enlist the Charge of Light into the affairs of mankind! In doing so, it will clear away mortal debris, those areas of consciousness that are trapped in old momentums of habit that do not rise to the level of what is divinely intended for the Sons and Daughters of God upon the Earth.

How quickly mankind forgets history! Surely you understand by now that if you do not transmute history in all of its foibles, all of its human creation, you will be obliged to move through those records once more! Mankind knows this! It has been uttered far and wide! You need not wait for an Archangel to tell you that there is a charge of responsibility that mankind must tend to whether or not they believe in God, whether or not they know of the Flame of their own Mighty I AM Presence that is upon the Altar of their own Heart! Regardless, they ignore it!

But you, as the Torch Bearers of The Temple, and those who are sincere students of the Light *must not forget!* You must hold fast! For this you have been called to engage in a more intense cycle of the Violet Flame Vigil! This is because, blessed hearts, there are not enough Sons and Daughters of God upon the Earth giving the calls to God, to the Mighty I AM Presence, to those Forces of Heaven that would come to hold the balance so that the Earth might stay in the prescribed timetable and cycle to bring forth a Golden Age!

Now, there are those of you who say, "Surely this Vigil could not make that great a difference! After all, how long have we been searching for the Golden Age to come into manifestation?" Well, blessed hearts, search though you may have, there is not a particular timetable that will foretell the coming Golden Age. But you must know that if those of you in this era do not hold fast to the responsibility that you came to engage in and to hold for the Earth, then there will be more that the second and succeeding generations will be required to accomplish! And this will be a great burden to those who come into those generations.

Therefore, you must apply the Law. After all, *it is your Duty! It is your Vow!* Accept the Responsibility and the Authority of the Flame upon the Altar of your Heart so that when the Mighty I AM Presence is firmly ensconced within the vehicles of consciousness that you wear, you will be standing as a Pillar of Light! And that Light will radiate all manner of Illumination into the consciousness of mankind! And those in positions

of authority will have swept away from their human consciousness all of those residual energies of self-importance or, worse, errors in judgment! And there will be deposited the Light of the Mighty I AM Presence as the Mind of God, even if it is only for one decision that must be made or one initiative that must be engaged in!

Regardless of the circumstances, these lifestreams need your calls! They need the momentum that you have established! You have been in training for a long time now, learning how to invoke the Light of God, learning how to clear away the cobwebs in your own mind and to establish a brighter Flame of God upon the Altar of your Heart! And you have learned the Virtues of the Christ so that you are equipped with the Garment of Light that allows you to move within these Virtues and God Qualities that your Mighty I AM Presence has long waited for you to establish in the midst of all manner of human conditions!

Therefore, you can count that you, blessed hearts, are among the holy, the chosen, if you will! Not chosen by the Ascended Masters but chosen by your own Mighty I AM Presence — to engage, to accelerate the Flame upon the Altar of your Heart, and to give the full measure of every erg of energy that is required of you at any given moment!

What a glorious Opportunity! For you, blessed ones, are in the perfect position to watch history change before your very eyes! As indeed it will *if the calls are made!* And where two or more are gathered together, you have been taught that there is the opportunity for the Consciousness of the Christ to be multiplied! Well, blessed hearts, consider where there are Five! Six! Seven! Eight! Or more! across the planet who are engaged simultaneously in the Flame of God, holding the balance and feeding that momentum into the *antakarana* of Light, giving the charge and Command to the Holy Angels of my Flame and of each of the Rays of God Consciousness to go out and to fulfill the Fiery Destiny of God!

It is a glorious achievement that you have come to this time and this opportunity! And surely you must begin to realize that it takes a great deal of attainment to be able to even cognize the Mighty I AM Presence right where you are, for you to be able to vest the Armor of the Light of God all about you and see the Rays of God Consciousness flowing from your own Heart Flame as you give the calls, and to feel your vehicles, even in the gross physical body, elevated and become transparent as you give those calls sufficiently!

This, blessed ones, is a glorious Opportunity! Once you have ascended, you will look back to this cycle and wonder — could you have done more? Could you have achieved more of your Divine Mission? Those will be questions between you and your Great God Flame! For surely you must realize that a few hours throughout the week is a pittance compared to the great and glorious Momentum that comes your way from the Heart of God in the Great Central Sun during those opportunities to engage in the Fire!

Your Mighty I AM Presence is connecting with each Torch Bearer across the planet who is giving the calls! So whether or not you are engaged at a particular moment, you are building a certain record within your own consciousness of that Highway of Light described by Archangel Jophiel! And at any time during your day or night, when you have engaged in the Light and the Momentum of the Violet Flame Vigil, there is the opportunity for your outer vehicles to be the recipient of the assistance of those who are holding the Vigil at that very moment! You cannot begin to limit the Mighty I AM Presence and all that is capable of coming your way!

But how often do the Sons and Daughters of God allow themselves to be caught in the vise of the riptides of human thought and feeling and fall beneath the waves, thereby not being able to assist even their own lifestream? This, blessed hearts, comes from weakness, from the inability to be disciplined! If that be the plague that you are dealing with, call to the Light and the Momentum of those who serve on the Secret Ray of Constancy! Let God Tabor assist you with holding the Ray of Constancy! SURELY — you can begin to discipline even those areas of your consciousness where you are aware of deficiencies.

Ofttimes, even the most sincere student will have locked within the folds of their garments residual rebellion and records of their own humanity that must come to the fore. This is why these Violet Flame Vigils are so important — not only for the entirety of the Earth and all thereon but for the individual adept that is to be! And therefore, blessed hearts, be about the Service of the Light of God!

And when you have those areas of time and space within your day-to-day responsibilities when you are free to go to the altar, won't you enlist the Flame upon the Altar of your Heart in the Service of God? Won't you come and receive the Charge from my Momentum! For I and my Beloved stand with you from our Retreat! And the Constancy of our Momentum on

the Violet Flame is moving in, through, and around as the Holy Angels of our Ray go out in Service to the Flame upon the Altar of your Heart! It is never ceasing, always flowing! But what makes it so much more powerful for your lifestream is when you are engaged — CONSCIOUSLY! Then there is greater opportunity that we are able to extend your way.

If you learn nothing else of the Teachings of the I AM Faith, learn that when you engage *consciously* in the Light of God, in the God Qualities and the Virtues of the Christ, in the Momentums of the Flame upon the Altar of your Heart, you have prepared the way to have the Light *expanded* by the Forces of Heaven! And all of the Archangels, all of the Ascended and Cosmic Beings who serve on the Ray of God Consciousness that you require at any given moment are then given permission to engage with your lifestream!

What a glorious achievement this is for your lifestream — to come to the point of attainment where you are fully vested with enough Light of God that when we come, it does not upset your momentums in life! But, on the contrary, it assists, purifies, and builds them up. Those who have never treated their vehicles of consciousness with the Violet Flame oftentimes will feel a shuddering at our coming! You must understand, blessed hearts, that, in time, you will be at home in our Ray. For it is the gentle Mercy of God that treats each of those momentums of unreality, taking them by the hand and leading that momentum into a cauldron of Violet Flame so that it is no more.

The Charge of God that comes forth with our Holy Angels as they move imperceptibly in, through, and around the mankind of Earth is a great Momentum of God! For the Love of God desires to bring each Son and Daughter into an accelerated momentum, elevating their consciousness and drawing them higher and higher into the realization that the Presence of God is right where they are! And they need not fear God but have that holy respect that comes from realizing that God fills the realms in which they desire to reside! And when this awakening begins to dawn, nothing else of a worldly nature will have any draw. And therefore, the Presence of God can come closer and closer.

The Mighty I AM Presence knows exactly how much each lifestream in their present state requires. And therefore, you, blessed hearts, enter into Holy Initiation with the Mighty I AM Presence, with the Holy Angels that come at the behest of the Mighty I AM Presence! And when we come, we guide, guard, and direct you into those areas of life that will give you greater opportunity to achieve what the Presence desires for you.

How often we enter into areas where there is such recalcitrance and rebellion that the *Fierceness* of God comes upon our Angels! And with Bolts of Lightning, the Charge of God Consciousness goes forth as Ruby Fire to consume on the instant all that is unlike the Presence of God! And then there are those cycles when the Angels come in the quiet of the night to stand watch over one that sleeps, preparing them at inner levels, drawing their consciousness into the Retreats of the Ascended Masters to bathe them in the Love of God so that when they reemerge into their day-to-day life, there will be that unspoken, unchallenged Truth of the Presence of God that will be unmistakable! And then the Angels will take their leave for a time, allowing that one to enter into a way of life that draws them back to that realization once more that they remembered upon awakening. These are the initiations, blessed hearts, that gently take the Sons and Daughters of God into the divine keeping of the Flame upon the Altar of their Heart and draw them closer to the Mighty I AM Presence.

But what of those who would deny God at every turn, shaking their fist at God and saying: "You do not exist!" Why shake their fist if God does not exist? All the while, in the depths of their Heart, they know full well of the Presence of God, but their own rebellion and human consciousness has driven them so far into the nether worlds of unreality that they have lost sight of how to get back to that full awareness and glow of Light that comes when one is in the Presence of God.

All the precious Angels of our Legions go out, to and fro across the Earth, touching the Heart Flames of the many, charging the Light of God into their recalcitrance and rebellion! And it is the Hope beyond hope that those who recognize the Hand of God at work in their life will likewise turn their attention toward God so that at the appointed hour they may realize the Mighty I AM Presence is right within their own Heart Flame!

And that Flame begins to expand as they move through the Virtues of the Christ. And as those Virtues of the Christ are in greater momentum, the Rays of God Qualities from the Mighty I AM Presence begin to test and initiate the momentums of those lifestreams, charging them with a little more Responsibility to see if they are willing to engage, if there is the sufficient Sacrifice of the Flame upon the Altar of the Heart to give and give more of themselves until the fullness of the initiation and the cycle are complete.

And what of those who find themselves in Necessity's Ray where they have no place to turn, save to God? This is when our Holy Angels come and bathe those lifestreams in the Love of God as Violet Flame so that they may be escorted into the Open Door that allows them to realize that there is more to life than what has been presented to the human mind, the human will, and the human actions exhibited by the mass consciousness.

The intricacies of all that the Legions of Angels perform for mankind are vast! And you, blessed hearts, who engage in the Flame of God by invoking these Godly Momentums throughout this Vigil that you have been called to participate in — you allow our Angels to do even more for mankind! And the Legions are expanded! For you must realize by now that there is no limit to those Legions of Angels that can be called from the Heart of God in the Great Central Sun to assist! Therefore, even though there may be a need we could meet, oftentimes there are not those Heart Flames calling for the assistance! And because there can be no waste in the universe, we are therefore obliged to stand by and allow for cycles to unfold.

The Law of Octaves requires that there be a Heart Flame in the Earth that makes the call for the Angels, for the Ascended and Cosmic Beings to come forth! Why do you suppose that it is so very important to have the conscious awareness of these Blessed Teachings? It is not so that you would revere the Ascended or Cosmic Beings or hold high the Archangels! It is so, blessed hearts, you will know who to call to for assistance, how to expand the Flame upon the Earth when there is a specific need! Or even if you do not know what that need might be, you can call to the Heart of God in the Great Central Sun and have your call answered — ON THE INSTANT! There will be those times when you will see the response to your calls occur *instantaneously!* While other times, there will be the gestating of the cycle, and there will be a longer period before you see the culmination of the Light of God at work. But nonetheless, blessed hearts, know that every call is answered!

Let the Purity of your Heart Flame be that Momentum that you engage in when you enlist the Holy Angels! Let your calls go forth and be expanded for every country upon the Earth, every Son and Daughter of God upon the Earth! And as the Torch Bearers of The Temple, you will recognize your Responsibility for upholding the Truth of Cosmic Law in your own life so that as you are calling forth the Light of God, it will not be tainted in your own consciousness or in your visualizations! And you will have the

pure Chalice that is required for the Light of God to move throughout the land — touching the Heart Flames who are so in need, clearing the debris from the mind so that there can be the Mind of God come forth, even if it is only for a short cycle, to deposit a specific engram, enlightenment, or Illumination upon a particular circumstance!

Yes, blessed hearts, many of those lifestreams who are assisted will not stay the course until there is the igniting of the Flame on the Altar of their Heart, consciously, by their own lifestream! But for that moment and that crucial cycle, you will have performed a necessary work for the Earth, for the Entire Spirit of the Brotherhood of Light so that there can be the expansion of the Light of God upon the Earth! You have heard of past Golden Ages! Well, blessed hearts, the Golden Age that we speak of in this era is one that is everlasting and takes on that Momentum of Eternity in the Heart of God!

I, Archangel Zadkiel, stand in the fullness of the Earth with my Ray of the Violet Flame! And I call forth our Angels to go forward once more into the fray to deal with those more intense cycles that require the tenacity of the Angels who know only our God Quality and will not accept anything less than that Quality of God where they are sent. And those Angels will gently touch those precious Hearts, setting in motion a Threefold Action of the Heart Flame that allows their Heart Flame to accept the Angels in their midst. And in that rhythmic flow, there is the acceptance of their outer vehicles to the presence of our Angels!

Blessed Ones! Our Angels will use many types of momentum to draw forth the Flame upon the Altar of the Heart and to allow the Mighty I AM Presence to come closer and closer to the outer vehicles! It is our Joy to serve mankind, to have our Momentum assist in the bringing forth of the coming Golden Age — and for the fullness of the cycle of the Light of God to be present where the Sons and Daughters of God *consciously* know of the Mighty I AM and are able to raise their voices on high, expanding the Flame upon the Altar of their Heart to encompass all that their Presence desires, building a great momentum that can move the Earth into a Golden Age! Be sealed in the Light of God and the Holy Action of the Violet Flame!

I Thank You!

*Archangel Zadkiel*
