This, Blessed Ones, Is Opportunity!

Do you have the ability to stand in the Pillar of Fire receiving the Emerald Ray from your God Presence, to set in motion the alchemical keys of health, well-being, God Vision for yourself? Do you have the understanding of the importance of attaining to this God Reality that is the Emerald Ray? Many have considered the use of the Emerald Ray as a blessing bestowed upon them simply because they are worthy. But I, Cyclopea, convey to you — it is an Attainment! For, yes, the Heart of your God Presence bestows upon you all that it deems necessary and that you are ready to receive and use wisely. But to have the fullness of a Pillar of the Emerald Ray round about you, charting your course, conveying the nuances of the Realm of Perfection to your mind, your emotions, your physical body requires that you hold fast the White Light of Purity within your own chalice. For absent Purity, the Emerald Ray does not have the foundation from which to draw forth all of the elements of God into the fullness of the creation that is deemed necessary and required for any moment.

If you find lacking in your world the ability to be constant and hold fast to a measure of discipline in your life, then surely you can begin to understand how tentative are the results that you have desired when it comes to your health, your abundance, all of the God Direction that you are to fulfill. When you can apply God Vision and the co-measurement of the Realm of Perfection to every one of the God Qualities which you are presently attempting to master, you will begin to understand why there may be a faltering from time to time.

Blessed hearts, this is a time when you are called to galvanize every erg of energy within your being so that you can apply Cosmic Law with that Perfection that is required, not only for your own lifestream but so you may hold the Divine Patterns within your vision for all that are intended to grasp the Divine Blueprint and Mission for the Earth.

You have understood well the importance of this native land of the Earth, held within the palm of the hand of Elohim. For we have drawn together the very highest and best Servants of God to receive our creative Engrams, to receive the Charge and Momentum that we convey. And by these Ascended Ones carrying that Torch and Orb, constantly charging our Momentum into the areas of the Earth, there is the renewed opportunity for a greater portion of the Divine Blueprint of the Earth to be fulfilled.

By the Grace of the Presence of God, it was determined long, long ago that the Earth should come into the fullness of the Divine Golden Age, elevated into a Realm of God Identity that would know itself to be truly free — to have the course of the journey for lifestreams on the Earth freed of the burdens of human creation to a greater extent than ever before imagined. For the Sons and Daughters of God to walk upon the Earth as Christed lifestreams and to have the fullness of the Perfection of God a tangible Reality within their lives is indeed a Reality in the Mind of God!

This is not an empty dream, blessed hearts! Not when it comes with the Edict of the Great I AM! Not when Elohim hold that Divine Pattern firmly fixed within their gaze with their Momentum of God Reality infused into that Pattern! When Cosmic Councils — most especially the Karmic Board — come to deliberate the fate, not merely of individuals on the Path but of the entirety of the Sons and Daughters of God currently incarnated, then, blessed hearts, they seek to determine: What is the right course? What is it that is needed? What is the hour when that solution, that Charge of Light, that Momentum, that God Reality will be released and come to the Earth for the fulfillment of clearing away the debris and leaving the necessary Purity for the Sons and Daughters of God to elevate once more into their Christ Consciousness, enabling them to see and chart their own Destiny as was intended long, long ago?

Perhaps you think that all that is required of you is to put one foot in front of the other, to live as good a life as you know how, doing no harm to any part of life, then, suddenly, the Attainment of your Christ

Consciousness will spontaneously dawn upon you and you will be that Christ! It is not that easy! Were it so, hundreds of thousands, millions of lifestreams, perhaps, would already be walking in the full Light and Consciousness of their White Robes of Perfection as the Christ.

How many Christs do you see? How many are revealed to the outer world? Very few, indeed! But it does not invalidate the very high Ideal that each Son and Daughter of God holds within their grasp as opportunity to become the Christ, to have their consciousness elevated into a Realm of Perfection that is then absorbed by their outer vehicles and incorporated into the fullness of the co-creative process with their own God Presence day in, day out, until they draw their last physical breath and move into another Realm of God Consciousness, God Dominion, and God Reality.

How glorious it is to behold a Son or Daughter of God having that first blush of the Christ Consciousness dawn upon them, clothed in the White Light of the right use of God's Light and exhibiting that divine understanding that comes when the chalice has been prepared, when the Heart is ready, when there is sufficient attainment on the Virtues of the Christ so that, then, the Mighty I AM Presence looks upon the lifestream and says, "Yes, I AM ready!"

Is that your affirmation today? Have you been able to say, "I AM ready!"? Have you put into the Sacred Fire all of the unreality that you are aware of to be consumed daily? Have you prepared your consciousness to gaze only upon that which is pure? Are you living a life that allows you to have the pure Ray of God Consciousness always close at hand? Or do you live the type of life that you must scurry to your altar and be cleansed of human creation before you deem that you are ready for the Presence to enter your forcefield?

That is not the way of the Christ. That is not the way of the adepts. For your day-to-day life is intended to be the walk of the Christ. Every word, every emanation, every thought is one that you could be sure would not offend or distort one erg of the pure Light, Life, and Body Consciousness of your Mighty I AM Presence! And when that day finally dawns, what a rejoicing within the Heart of your God Presence as a burst of Love for these outer vehicles that you wear having reached the level of training where they can be trusted! And thus, you stand in the fullness of the understanding of the internalization of God.

This attainment is what is required for you to stand forth, a pillar of Emerald Fire in the Earth! The most concentrated, intensified action of the fullness of the Emerald Ray must be invoked by lifestreams with mastery on that Ray, regardless of their momentums and inclinations toward other God Qualities. All Beings of God Consciousness throughout the Realm of The One have this Mastery on the Emerald Ray. Only thus can they produce the multiplication of the Perfection of God in all of the God Qualities. It is vital that they can be fully capable of nurturing that Crystalline Fire, honing and fashioning it with Constancy and resilience so that over the course of every cycle, their alchemies shall be complete and shall manifest.

Oh, it would be wonderful indeed if all could master sufficiently the Emerald Ray to have their alchemies manifest on the instant — where you think a thought and it is right there within your hand! But until that time, know that your alchemies do continue to be formed, fashioned, and created as long as you maintain the discipline of holding fast to the Ray, the Consciousness, and the Vision for your creation.

Why is this important in this cycle? It is because without Vision, the people perish! And indeed, we speak of the Divine Matrix established long, long ago for the Earth and anchored right within America, where there could be the fulfillment of the Divine Law of Freedom and the Liberty to pursue the path of Righteousness — the right use of God's Light. Without the bondage of human intellect, human ego, or human power holding down the very Heart Flames that would otherwise ignite such a course for the Earth, the Golden Age would be drawn into manifestation far more quickly.

Therefore, blessed hearts, you must understand the importance of your calls to the Emerald Matrix — fashioning your calls to include all who are in positions of power to hear the Word of God, to have the clarity and the God Vision that is aligned with Elohim, with the Karmic Board, and with the Divine Destiny for the Earth! And when this Divine Destiny is held within their vision, you are to call for the Constancy of that Vision to be upheld! For many times the call does reach its mark, and the flash of that Divine Vision is pressed upon the mind, the Heart, the emotional body! But without the Constancy of the flow of Light upholding that Vision and keeping from those lifestreams the weight of human condemnation

and riptides of thought and feeling that would otherwise tear it apart, that Divine Estate so perfectly formed in the Mind of God dissipates! And it is gone!

Every alchemist of old has understood that certain alchemies must "cook" in the fire. That fire hones, fashions, and infuses the elements required to bring about the perfect manifestation and creation. When it comes to ideas, to governments, to all manner of regulations, political and otherwise that are put into action, what do you suppose moves within the mind of those lifestreams who have been assigned those positions of authority to make decisions for the greater citizenry?

Yes, there are those who do have a Flame burning brightly upon the Altar of their Heart; and they are in touch with that Flame! But because of the weight of the world's condemnation, most especially against the Light of the Christ as an impersonal action, because of the ignorance of not knowing the Truth of Cosmic Law, then, blessed ones, those delicate Heart Flames that would otherwise do right and uphold Cosmic Truth falter at the very moments when they should be standing as a Pillar of Fire.

Therefore, it is you who must see that Pillar of Fire and the Emerald Ray firmly fixed — surrounding all of those holding positions of authority — that will be that radiating factor as a Touchstone of Truth to remind those held in the midst of that Pillar of the co-measurement of what is Real and what is unreal! The sensitivity of even the base senses of humanity will oftentimes respond when given the opportunity to receive the impetus of the intensity of the Emerald Fire released.

As you may be aware, there are certain Laws that govern the Octaves of Light. One of those Laws that you must be reminded of in this hour is that for the Sons and Daughters of God to reap the Victory, they must be engaged in the process! The Ascended and Cosmic Beings cannot be the all in all of the Victory!

Don't you realize that in one moment we could, within the blink of an eye, wash the Earth clear of all human creation? It is within the Power of the Great I AM and the collective Will of the Mighty I AM of even many of the Sons and Daughters of God. But that is not what will bring the Victory of the Ages, not only for the Earth but for elevating the consciousness of the Sons and Daughters of God. Each one must be responsible for the fruit of their own labor!

Therefore, you, the very few within the sound of my Voice, will understand the importance of your work at hand! You will know that you stand as a representative on behalf of the multitudes of the Sons and Daughters of God. For as you are within your Christ Consciousness able to ignite the Fire upon the Altar of your Heart, you will be able to draw forth a Pillar of Light where you are and let that Light be so anchored that it will hold the balance for the millions of lifestreams around the Earth! And you need not consider that you yourself are ever alone; for we have already spoken to you most emphatically that you are not alone. But you must do what you are capable of with all the greatest intensity and striving that you are able to muster! And when that occurs, we, by Law, can fill in the rest!

Still, it is not us, but, rather, the Constancy of your application to the Sacred Fire that will make the difference during these coming cycles. Wonder of wonders! You will benefit greatly, even though that is not the intent of your calls — for you to somehow reap a reward. The byproduct of your striving, your Constancy, your Purity, and the Pillar of Fire that you will ignite within your own life will carry you into a new level of attainment, a greater ability to recognize within your own lifestream what is possible for you. And that is glorious! For perceiving within yourself that you are capable of making a difference when the Light of your Mighty I AM Presence is the doer; when the Light of your Mighty I AM Presence is the Source and the Ray of God Consciousness that you are capable of invoking; and when you have the full measure upon your brow of the Flame of Elohim — this, blessed hearts, is your reason for incarnation. For these are the necessary steps toward the Ascension in the Light. This is what each Ascended Master has developed throughout their own journey on the Earth. And just as you have seen your True Self portrayed as the Godhead Charioteer, this is not your home forever. This is a way station to receive training and gain mastery. Sadly, there are those lifestreams who have departed so far from that Natal Birth of their first incarnation in the Purity and the Realm of their God Consciousness that they have been caught in the world of maya and illusion!

When you stand as a Pillar of Emerald Ray, do you not receive clarity? Most assuredly, you do! And that is the Action of the Emerald Sword! As you establish a rolling momentum with your calls continually going forth, the Sword of Truth will pierce through the night and bring forth a

new day, replete with all of the Rays from the Great Central Sun that can bestow upon mankind the Glorious Realm of God Consciousness. The streaming Rays of God Consciousness are replenishing and increasing that which was present the day before, establishing more clarity within the consciousness of mankind, and igniting more of their Hearts into the Fire of their Christ Consciousness. This, blessed ones, is Opportunity! And when you stand in the fullness of Opportunity as the Emerald Ray, you know that all things are possible with God! You no longer have any shadow of doubt or turning. You have the full assurance with every erg of energy of your being that the Presence of God is glorious to behold in its action of bringing forth that new creation that is the Divine Will, the Divine Truth, and the Emerald Ray as the Sword of Cosmic Law!

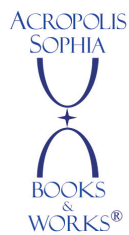

Let the Light so shine before men and women in their human conditions that they throw off the ways of the world and put on more and more of the Garment of Light that is naturally inherent within the Threefold Flame of their Heart. See those Heart Flames — Expanding! Expanding! Expanding! — and allowing for that Light to be the Great Magnet of their own Mighty I AM Presence, more and more infused and insinuated into all of the patterns of their life.

Blessed hearts! That is what the Cosmic Councils desire to see occur! That is what is intended for the Sons and Daughters of God upon the Earth! And, yes, for the Earth herself so that it shines as brilliant as it does in its Golden-Orbed Radiance in the Octaves of Light!

So, blessed hearts, hold fast to the conviction of your own Heart Flame to stand free and to see that that Freedom Flame is infused in the consciousness of those who must make certain decisions throughout the land to maintain that Freedom! See it constant and ever-flowing so that in the right cycle there can be a healthy, vibrant, abundant Body of God upon the Earth continuing to forge their God Identity as Mastery and Attainment that at the appointed hour, the Ascension will be nigh!

I, Cyclopea, commend you to the Emerald Matrix Calls and the Ray of Purity to clear away the debris of human consciousness, human ego, and human pride that fuels human power in the great perversions that you have observed! Let the Christ Consciousness enter in and take its rightful place!
