Raising The Temple Sacred Ritual

MARCH 23 - 27, 2016

You have come having prepared your vehicles of consciousness. You have donned the Wedding Garment of Light and put on the White Fire of your own Mother Light. You are now ready to enter into this Holy Ritual, one that will enable you to step up the very vibration of the entirety of your temple!

☿ THE GODDESS OF PURITY — 2015 CRYSTAL CHALICE JUBILEE
MARCH 20, 2015

The knitting together of the Light of God in the Great I AM is a wonder to behold! When you begin to understand how you are an integral part of that grand and glorious Fabric of God, you can begin to draw upon it — fashioning a Garment of Light, establishing connections to a vehicle already prepared in your Christ Presence so that the Buddhic Web of Light may be constantly scintillating into your consciousness, into the fabric of your life. All this, blessed ones, because you are a Firstborn Son and Daughter of God. You were born of the Sun. Your own God Presence bends the knee before the Great I AM in understanding that in this glorious Fabric of God, there is no greater source than that Presence. For the Perfection of God is the Perfection of all in the Ascended Octaves, all that comes forth through the universe of God's Kingdom and the universes beyond that. . .

Surely you can appreciate, then, how in the glorious, grand Design of the Cosmos all are held within that pristine Consciousness of God that allows for the Perfect Patterns to come forth, the exacting Light to stream, the Illumination and the Fire that will ignite more of the Presence into the Elemental Forces of Nature that are so carefully poised and waiting to be charged, to be used as creation.

The vastness of the Elemental Kingdom and the service of the great Elohim are indispensable to the Work that the Great I AM desires to accomplish, just as the service of the Angelic Kingdom, likewise, is indispensable, with the Angelic Hosts performing their Perfect Work everywhere throughout the screen of life. And you, blessed hearts, as the Sons and Daughters of God, gaining your mastery, fulfilling your Divine Destiny, establishing your own creativity at the behest of the Mighty I AM Presence of each one — you, likewise, are indispensable to the fabric of life and the Nature of God!

Restoring the Tapestry of the Divine Nature

MARCH 28 - APRIL 3, 2016

Let the Resurrection Fires burn brightly through your vehicles of consciousness! Let the soles of your feet be elevated! Let your Heart soar with the wings of Angels! Let your Crown be so fired that you are sure that your Mighty I AM Presence is seated upon a Golden Throne, right where you are, emanating the Mind of God as Divine Direction, as Wisdom, as detail of every Form!

Raising The Temple Sacred Ritual

Easter Conclave 2016

Hearken ye to the Voice of the Lord!

In the Fiery Whirlwind of the All-Consuming Love of God, Lord Zadkiel and Holy Amethyst call the Torch Bearers of The Temple to join their Holy Order as Priests and Priestesses of the Sacred Fire!

In the Radiance of the Christ, you are invited to don the Royal Purple Robes of the Sacred Lineage of the Shepherd Kings. Accept the majestic Scepter and Orb placed in the right hand of the Christ, symbolizing the Divine Authority of its Holy Office. And as you enter into a Sacred Covenant with the Great I AM to assist mankind in world service, you will bear the Royal Insignia of Sacrifice, Selflessness, and Courage.

The Priests and Priestesses of the Sacred Fire, and I count each Torch Bearer of The Temple among them, must stand before their Altar and invoke the Light of God. Each of their energy centers will have a Fire of God upon it. The Seven Mighty Elohim will have their Fire upon the forehead. The third eye will be spinning in connection with Cyclopea. The Heart Chakra will be a great and glorious chalice filled to overflowing with the Love of God and the Love of that Sacred Fire that is called forth. And when the base of the spine is filled with the White Light of Purity, it does not pool there. It moves up along the very spinal altar to ignite each of the spiritual centers within your being and knit them together in the Fullness of the Threefold Flame of the Heart that then becomes that vehicle of Christ Consciousness that you can wear, putting on the Garment of your Mighty I AM Presence as Light, as Consciousness, as Momentum, as Creation.

☞ ZARATHUSTRA — OCTOBER 9, 2012

At the forthcoming Easter Conclave, under the sponsorship of the *Entire Spirit of the Brotherhood of Light*, Lord Maitreya, Saint Germain, El Morya, and the Maha Chohan summon the Torch Bearers of The Temple to raise their voices on high to build a *Sacred Ritual* of Redemption and Resurrection. Entering into a collective, hallowed ritual of attunement and visualization, we will stand with the Great Silent Watcher and Beloved Cyclopea, calling forth the Elemental Builders of Form, the Solar Devas, and the Mighty Elohim to assist in this great work of Temple building.

Won't you answer the call from your Mighty I AM Presence and the Masters?

Come to the Easter Conclave — stand before the High Altar, raise your chalice on high, invoke the Sacred Fire, and let your voice be heard! For the task at hand is great! And we, together, will embark upon the Cyclopean Work of raising a Spiritual Temple of Living Fire in great majesty, splendor, and glory.

Moments in Eternity

Raising our attunement to the Heart of The One Presence of God, we acknowledge the Moment in Eternity when the Light of Lux Invictus™ shines forth its indomitable Light. We give glorious praise and adoration to the Secret Love Star where abide the Holy Kumaras, where Sanat Kumara and Lady Master Venus stream forth their Momentums of Love and Freedom to the Earth.

Sun Behind the Sun

Travel in consciousness to the Sun Behind the Sun — the Realm where God exists as Pure Being and Pure Essence. In this Glorious Realm of Akasha your Casual Body resounds and echoes throughout the Cosmos. The glorious Elohim Surya serves within this sounding board of God Consciousness, and here the Ladder of Light that knits together all worlds allows for the existence of all lower planes.

The Shield of Elohim™

Sit at the Cosmic Round Table with the Mighty Elohim as the Knights and Ladies in service to Beloved Helios and Vesta. In the Realm of the Christ you find an outpost of the Elohim in their Fiery Shield. Consciousness remains pure and untrammled in this Realm where Hyperian serves. Experience here the tranquil Peace and flow of God's Life — the quintessence of Bliss and Pure Joy.

Ruby Ray Redemption

Stand in the Solar Fires of Beloved Kronos, wield Nada's Sword of Ruby Fire, and unfold the Petals of the Heart in Sacrifice in emulation of the Rose of Light. This Easter Conclave as you embrace the Fiery Core of the Ruby Ray of Beloved Lord Maitreya, you have the glorious opportunity to assist in the redemption of an orphaned humanity.

Lords of Praetorian Hosts™

Stand within the all-encompassing protection of the Electronic Circle of the Archangels. These Lords of Praetorian Hosts with their Limitless Legions step down the Power of the Elohim in the Buddhic Realm, and their twelve encampments weave in, through, and around the feeling world of mankind. Align yourself with Beloved Mighty Cosmos in this Realm and let the tidal current of Deep Peace envelope you in his flow of God Harmony.

Victory's Temple

One Temple for all! For all, One God!

The north arm of Victory's Temple rises as the Pharos of Hierarchy™. Let this Ladder of Light be your strength and your guiding star. Enter this Temple on the inner, and sit within the great sanctuary in meditation on the Maha Chohan's Flame of the Holy Spirit. Then walk the halls of the uppermost floor as you pour forth your devotion to Serapis Bey and the Ascension Flame.

The Golden River Helicon, descending from the *Entire Spirit of the Brotherhood of Light*, weaves through each stage of the *Sacred Ritual* — *sluicing the substance of the Golden Age to be!*

As the Torch Bearers of The Temple, the Priests and Priestesses of the Sacred Fire, engage in this *Sacred Ritual* with dynamic and rhythmic application, the Golden Consciousness and Momentum of the Helicon will continue to forge new pathways, leavening the consciousness of mankind and etching a Cosmic Record of the glories of the Golden Age.

Resurgem Christos!

Acropolis Sophia

Sing the song of Jubilation! The Pure Joy of God can be yours. . .

This forthcoming Acropolis Sophia, Resurrection's Flame will burn brightly — descending and re-ascending in a Mighty Whirlwind action of the Sacred Fire. In this pressure cooker of God's Heart, Perfection re-emerges once more. Eternal Springtime is renewed. And upon the Earth, the Beauty of Nature unfolds in the blossoming of the flowers, the vibrant colors of the plants, and the newness of life that can be seen all around.

This Eternal Springtime — this Pure Joy and Élan of God's Heart — is available to you. God Perfection, native to the Realm of the Christ, can be stepped down all the way to the physical. And you are invited to the Easter Acropolis, *Resurgem Christos*, to discover how!

Torch Bearers of The Temple!

Rise into the Wedding Garment of your Christhood!

Wield its Scepter of Divine Authority and be God Free!

An Angelic Courier of the Golden Sun wings its way to your side to deliver a most glorious invitation from the Heart of Blessed Helios and Vesta.

Come and enter our Inner Court of the Sun!

As you wear the Mantle of your Christhood, you are invited to the Solar World of the Christ, spun forth by the dynamo of the twin flame action of Helios and Vesta and the Mighty Elohim. Here august Lady Masters of the Ascended Realm serve in Beloved Vesta's Court. The illustrious Goddess of Liberty, Pallas Athena of Olympian and noble stature, and most lovely and gracious Meta stand as Pillars of the Golden Age.

And your passageway to this Realm: the Threefold Flame of the Heart where abides the Presence of God. When you ascend the Ladder of Light into this Buddhic Realm, you will discover. . .

- ☞ The brilliant, blazing Fires of a Solar World!
- ☞ The Glory of a noontide Sun that never sets!
- ☞ The greatest Royalty, Majesty, Chivalry, Nobility, Courage, Strength, Kindness, Gentleness, and Innocence — all present as achieved Realities.
- ☞ The Filigree Threads of an antakarana of Light weaving the Patterns of the Golden Age.

At this forthcoming Acropolis Sophia, learn to bring the Solar Fires, the Majestic Consciousness, and the Absolute God Perfection of the Christic Realm back to your world and to the mankind of Earth. Knit together the inner and the outer with the Golden Threads of the Buddhic Realm. Then in an alchemical marriage, the Christ becomes one with the four lower bodies, and *Lo, the Bridegroom Cometh!*

As the Fires of the Heart rise into the Allness of God and knit together all vehicles of consciousness as one, you have the Christ able to step forth upon the Earth and proclaim the Glory of God, the Fire of God, the Purity of God! And, blessed ones, I, Elijah, commend each one of you to the task of embodying that Christ Ideal!
