## YOU ARE THE HOPE OF THE WORLD

Hail! Sons and Daughters of God!

I Surya, Elohim of Akasha, come with my Legions of Angels! We stand in your midst to minister to each one still laboring under fear, under doubt, under all manner of travail and worry. For yes, Blessed Hearts, it is my desire that you rise into a greater understanding of the Strength of God that burns within the White Fire Core of your Being. So that here and now you might unfurl the Banner of your own Threefold Flame and take Dominion over your life! Henceforth never to be shoved about or intimidated by mortal consciousness, by the riptides of vicious emotion so prevalent in the land, or by all manner of chaos rampant on the world scene.

Yes, Blessed Hearts, We come when Earth and her embodied Sons and Daughters need us most! We come when you need a greater impetus of our momentum of God Reality! And God Reality you shall receive! Indeed, this is what We intone with every Bolt of Blue Lightning, with every thunderous, rolling Intonation of the Soundless Sound that issues forth from out the Allness of God and ripples across the entirety of the physical plane! You, Blessed Hearts, are hereby brought under the invincible canopy of Our Protection! It is afforded to you because you have been trained to elevate your consciousness into the Allness of God, knowing that in your pure desire, your God Presence will answer your every call! Well, your call is answered! Not merely by your own God Presence — as if that were not enough — but by Elohim! And We have come throughout this cycle so that you will know that Earth is not forsaken. We stand with this Earth and her evolutions, resolved that the Golden Age shall come forth, regardless of outer appearances.

O Blessed Hearts, how often have you desired to be lifted into the bosom of the Heart of God and cuddled as a little child? But I tell you, it is not always the Divine Wisdom of your Mighty I AM Presence to allow us to perform this service on your behalf. Rather, in the fullness of your very own God Mastery, you must train your outer vehicles to stand, face, and conquer. You must learn to function in that keen-eyed Vision of the Mind of God, charting your course, moving through your day-to-day life, and fulfilling your Fiery Destiny. That Destiny, Blessed Hearts, is forever impressed upon the Altar of your Heart and must manifest — if you will but clear the way and allow the Light to shine forth. This is our Standard of Perfection!

Do you measure up? Have you disciplined your vehicles of consciousness to bend the knee before your own God Presence? Are you nurturing that daily Communion so necessary to sustaining a rolling momentum of God Reality in your life? When you are tested, when earthly trials and spiritual initiations test your mettle, do you remain steadfast, rooted in the firm foundation of your Presence close at hand? Or do you slip back into the abyss, swallowed up by vestiges of your own human thought and feeling, and by the emotionalism and riptides of the unwashed masses who have never felt the alignment with their Mighty I AM Presence or Christ Self?

Blessed Hearts, if you could see yourselves in action, you would realize that far too often you let down your guard the instant outer conditions ease up. When life affords you the momentary grace of an inbreath of peace or harmony, you absentmindedly lay down your sword, neglecting that keen sense of eternal vigilance and sharp-eyed discernment of the Mind of God, which must be maintained at the forefront of your being. You must fix your resolve, determining to sustain the constancy of that eagle-eyed spherical awareness of all that is happening in your own life, and in all of life around you, which requires your attention as well.

For yes, Blessed Hearts, even as you are accountable for every jot and tittle of your own life, of every erg of energy that flows through your Crystal Cord, you are likewise responsible for what is going on in the greater whole of the Earth. Every lifestream who has ever embodied shares in a certain collective responsibility for the cumulative planetary karmas that are constantly outpicturing. Know well then, Blessed Hearts, the meaning of the First Secret Ray, the Christ Virtue of Divine Responsibility. You must give your calls, your prayers, your meditations and decrees in the full Authority of your Christ Presence, applying the full pressure of the Light of your own Heart Flame to move into action and transmute all unlike the Christ.

This is when the Ruby Ray action of Divine Love becomes an absolute necessity. For, if you merely invoked a gentle, rolling momentum, the confounding, defiant element of the human consciousness will instinctively attempt to insulate itself against your calls. In the face of such entrenched recalcitrance, you must trigger the release of the intensified action of the Ruby Ray that enters straightway into those pockets of darkness that seek to hide beneath a surface patina of what the world calls an acceptable way of life. Oh yes, Blessed Hearts, the pretence of human self-righteousness, loudly proclaimed, is how most of mankind get by. They have engaged so long in those entrenched habits that are humanly comfortable, taking unto themselves only what is pleasing to the eye and ear, and what is compatible with the stagnant waters of their mortal thoughts and feelings, convincing themselves surely their lifestyles are God ordained — if they believe in God at all.

But you, as Ascended Master students, understand that there is far more to the divine way of life. For in the fullness of the Divine Qualities of your God Presence, in the unfurling of the banners of the Christ Virtues which you are to master, you possess a greater taste of the divine Life. You have a greater enthusiasm for Life, a greater joy of Life. And even when the going is most difficult and the trials are stepped up, you know it as another opportunity for you to strive for the full Attainment that you are to achieve. You then have a greater appreciation for those trials and initiations. For they give you the opportunity to muster all that you are made of and say to your Mighty I AM Presence, “Yes, I AM the hands and feet of your Work. I AM the Thoughts and the Vision of your Divine Destiny for my lifestream. And we, as One, will make the Victory of our life complete in the Ascension!”

Each one of you, Blessed Hearts, has a Divine Mission. Whether you believe what I say or not, it is true. Therefore, ignorance or disbelief is no excuse. You must take Responsibility for your life. And is it not the abject neglect of Christ Responsibility that is at the root of why your Earth finds herself in her present circumstances? Too many have shirked their personal responsibilities, not having been prudent about their affairs, living beyond their means, and even worse, requiring others to do for them what they should be doing for themselves.

When any lifestream comes under the weight and pressure of the Light of their Mighty I AM Presence, they immediately begin to understand that their Presence is the source of all good that is to come to them. God Good does not come from any manipulation in the marketplace or by usurping the light, substance, and energy of others under the guise of human sympathy

or any other human justification. No, Blessed Hearts, all true abundance and well-being comes from the application of the Powers of the Mighty I AM Presence. And the quicker that the Sons and Daughters of God learn this, the sooner they will set about righting the looming cycles of downward negativity, not only in the finances of the world, but also in the abuses of the life forces and in the waste of the energy sources of the world that leads to ages of darkness and not to a Golden Age.

This is why Blessed Hearts, I, Surya, and my Electric Blue-Purple Angels have entered here. So that We can keep the watch with you and add our momentum to your own as you give your calls. For where the Blue Lightning goes forth, together with the White Fire of Our Purity, there is likewise, in the core of that action, the Ruby Ray Fire of the Third Secret Ray that directs the most concentrated action of God Love into the affairs of the Earth and brings about a clearance of all of those things that must go into the Flame to be no more. Thus enabling more of mankind to take Heart and realize that God is in the land! For far too many are beginning to wonder and fear, “Where is the Hand of God?”

Well I tell you, We, the Elohim, stand as the Hand of God for the Earth! We call forth the Divine Fiat, “LET THERE BE LIGHT! LET THERE BE LIFE! LET THERE BE LOVE!” As that Fiat goes forth, and as it is recounted by you each day as you stand before your altar giving the call, there shall be a reverberation throughout the Earth in consonance with Our Intonation. And it shall catch up the Heart Flame of each one who is willing — yes, Blessed Hearts — willing to engage in the Work of God.

Oh far too many would have God do all the work, not realizing that it is their own God Presence that they are desiring to enter the fray alongside them, and that they must work with their Presence as the Truth of who they are, as one and the same Consciousness expressing through their Heart Flame. If their Heart’s desire is of a pure intent, if it is harmonious within the emotional body, and if it has enough of the Will of God working through them, then there comes the great outpouring of the Mighty I AM Presence through their lifestream, and the Abundant Life once more returns.

However, it may not merely come in the form of finances or monetary wealth, which is often mistaken for God’s wealth. It may come as a wealth of Attainment, a wealth of Love, a wealth of Wisdom. There is so much to the true nature of the Abundance of God that will come forth as the Sons and Daughters of God awaken to the Flame upon the altar of their Heart, breathe upon that Flame, and inbreathe the Breath of Life from their own God Presence in greater volume. Then they can exercise lawful, wise dominion over their affairs.

O my Beloved, I have stood with you nigh these many thousands and thousands of years, standing the guard with Archangel Michael, with each one of the Archangels in their respective duties in accordance with the Quality of God that each embodies, and with each of the Elohim, so that you might have the fullness of life required to fulfill your Fiery Destiny. And that Destiny, Blessed Hearts, is as varied as there are Sons and Daughters of God upon the Earth. But understand that there is a common good for everyone who abides within the Allness of God, which must be imparted into the fabric of your life. It is this common good — The Good of The One that we all hold in common — that you, each one, must partake of each day as you breathe in the precious Breath of Life and breathe out the impurities to be swept up by the Violet Flame blazing all about you.

Before the elemental forces of nature can purify the Earth's atmosphere, there must be a lifting of the burden from their own vehicles, so that they might function in accordance with the Consciousness of Elohim. Therefore, Blessed Hearts, I call upon more of you to give the Violet Flame Decrees, to lift the burden from Elemental Life, so that you can have the reverberation of the pure elemental forces flowing into your own being. Have you not realized the consonance between these elemental forces and your own physical bodies? When the Earth and all that comprises these physical octaves is impure, it affects your own physical bodies and each of your finer bodies, which are obliged to operate within these planes of mortal consciousness. Therefore, the more Violet Flame you give, the more purification is released into the atmosphere about you, impacting the elementals accordingly.

**YOU, BLESSED HEARTS, ARE THE HOPE OF THE WORLD!** To give the calls! To invoke the Violet Flame! To invoke the Ruby Ray Action! To invoke the Will of God! To invoke the Blue Flame of Archangel Michael! And yes, Blessed Hearts, to invoke Surya's Angels that carry the mantle of Blue-Purple Flame with Ruby Fire burning deep within its core. See this Ruby Core poised to leap forth on the instant and absolutely consume whatever unreality it encounters. Know that as the Ruby Fire recedes, it always leaves standing the pure Consciousness of the Divine Will of the Mighty I AM Presence, the Purity of the White Fire Core Design, divinely ordained for the good of the Earth and all thereon. Then, across the world there will reappear the resplendent shining of that pure essence of the Self-Luminous Substance, once more restored to the land, the pristine land, just as God originally desired for each of you.

So you see, Blessed Hearts, you, The Torch Bearers of The Temple, are indeed the hope of the world. At this moment in time you are the only ones

who do in fact receive the Ascended Masters' Presence when We dictate. Your faith and ongoing participation in Temple activities make you the only ones whom we can train and empower to make the calls in the full Office of your Mighty I AM Presence. You know how to anchor the Light. You have consciously embraced the higher, purer disciplines of the Law, in order that more and more Light can pass through your vehicles and anchor all the way to the very physical octave of the Earth herself.

And yes, you yourself will be the greatest beneficiary. For as that Light moves through you in the Sacrifice of your own Heart's Love, giving more and more to God in all of life, that Sacrifice, Beloved, accrues to your own Causal Body Momentum. Thus you continue to develop greater and greater purification of your own vehicles until you are able to stand in the fullness of the Light of your own Christ Presence, allowing that Light to chart your course each day, never losing one erg of energy to unreality or negativity.

Holding to this Path, you march ever forward, so that at the close of this lifetime, or a very near lifetime, you will be ready for the Ascension in the Light. That Ascension, Blessed Hearts, is a great benefit to all. For each Ascension carries such a great momentum and burst of Light, as Dispensation for the Sons and Daughters of God who remain in the Earth, who are to follow in your footsteps. Then Blessed Hearts, at your Ascension, you will become a shining star that continues to ray forth Light into the Earth and all thereon. This is why it is most important for you to keep the goal of the Ascension in mind. This is why Mighty Victory has always reminded you that the true victory is the Victory of the Ascension in the Light.

And it is Mighty Victory who stands with us this day in the fullness of that tide of Victory, in the Light of the Golden Sun-Behind-the-Sun. You can depend upon enough of the Golden Light of the Helicon coming forth to illumine mankind to produce a Golden Age. For it is not a question that the Golden Age will come, but how much travail will the Earth be required to endure before that Golden Age can come into its fullness. You are already experiencing certain increments of the Golden Age of One within your own life. You are encouraged to stay the course no matter what is going on about you, or who does or does not believe in the practical Reality of a Golden Age.

Can you imagine the naysayers, Blessed Hearts? Oh how they would look upon my address and say, "What foolhardy person could ever give serious attention to considering a Golden Age when the state of affairs on the Earth are such as they are?" But consider, Blessed Hearts, how quickly all that can change — as quickly as there has been a reverberation in the emotional body of the planet, even as recently as over the course of the

last three weeks. Consider how quickly world conditions can be healed by the calls to the Light of God, by the Angels going forward, by the Elohim standing in the Consciousness of the pure release of God Quality through the outpouring of their own Consciousness, Being, and World into the Earth. All this, Blessed Hearts, can happen in a blink of an eye. So you see, the Golden Age for the Earth is neither far fetched nor fanciful to us. Neither should it be to you.

For where there is Faith in God and Hope for the future, there God is always at work. It is only when mankind have so lost their way and feel there is nothing left for them that, indeed, hope is lost. Then they are required to go forth into the arms of those in the etheric Retreats for a time — there to be healed, rejuvenated, and reminded that God is at work.

This you already know! And thus you shall maintain your commitment and stamina to stand within the Light of God and anchor the down pouring of Light from the Heart of your own God Presence and the Heart of Elohim into the Earth. Allow for that momentum to lift you into the glorious citadel of Light of your own God Presence, and breathe in the spirit of God Reality so tangible in Our Realm. For God Reality is indeed what you must hold in the forefront of your consciousness if you desire to be the fullness of your Mighty I AM Presence in action.

I, Surya, commend you on your work thus far. I entrust you unto the keeping of your Mighty I AM Presence for the continued glorious Labor of Love of bringing forth the Golden Age: by your calls, by your momentum of God Good, and by the collective body of God on Earth committed to Saint Germain's Golden Age — that it shall come forth here and now!

I thank you.

*Surya,  
Elohim of Akasha*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
