## Instruction on the Affairs of the Heart!

On the Current of Life I address you. As the Maha Chohan, holding you dear to my Heart, I wish to instruct you on the affairs of your Heart, how the pressure of life's journey tries to impede the natural flow of Life that would come forth, even without prompting, from the Reservoir of the Heart of God. Oh, if only every lifestream possessed the awareness of those things in the outer world that arrest the very Vibration of the Hand of God that would of its own volition flow forth — healing, caressing, instructing the outer vehicles.

Blessed ones, when the Hand of God sends forth a directive, it is not resisted or halted by any human creation when the rule of one's life is the Will of God! But when the outer vehicles continually exercise that stubborn prerogative to establish the will of human creation, you can begin to see why there is an incessant warring within the very members of the bodies of a lifestream.

So what is the answer? Some have already intuited that the right course for them is to establish enough of the current of the Light of the Mighty I AM Presence and of the Ascended Masters bequeathed to the outer vehicles, so that they might fashion a Temple made without hands.

You, blessed hearts, are a work in progress that your Mighty I AM Presence initiated long, long ago, requiring that each vehicle you focus your attention upon at any given time be resonating and vibrating in harmony with the Heart of the Mighty I AM Presence, at least to a greater degree

than these bodies are permitted to outpicture the mass consciousness of human creation that is all around your lifestream.

When there is a seating of your consciousness in the Vibration of God, the effect is unmistakable! You are charged with the flow of Light, Life, and Love directly from the Heart of the Presence! And you know on the instant that you are in your rightful place, performing the need of the hour and establishing the Kingdom of your own Mighty I AM Presence in each realm, in each world of consciousness.

You ask, "Why is it that the bodies are so seemingly at war with one another that they do not, on the instant, hear the Voice of God and respond?" Aha! Now you ask the right question.

Indeed, your journey has been long, and you have tried with all your might in many of your incarnations to hold fast to the traditional beliefs in God which prevailed in those times and eras. You have tried with all your might to establish a worthy moral fabric for yourself as that ideal standard of conduct was placed upon your Heart in any given embodiment. But having fallen short from time to time, you have created karma, and that karma, blessed hearts, demands recompense. It will not go away without the balancing of the debt.

You, as the students of the Ascended Masters, have been given the Violet Flame and all of the Rays of God Consciousness with which to heal, transmute, forgive, love, and establish new Patterns of God Identity in your present life that will outweigh any vibration of returning karma. Now on the instant, when that karmic debt is treated by the intense Love of God, it is gone, as though it had never been. You have gained certain mastery thanks to the suffering associated with the return of that karma, for you have learned in many cases what not to do, where you should not place your consciousness or focus your attunement.

The Truth of your Identity as the Flame of God upon the Altar of your Heart desires to have the focus of your attention firmly fixed upon the Presence of God, allowing all that flows forth from your vehicles of consciousness to be from that Threefold Flame Fountain of Light carrying with it the momentum of your own victories and attainments!

But even so, you ask, "Why is it so difficult to know what is right, what is not? What is enough and what is too much? What is the correct vibration? How do I gauge that vibration with the Flame upon the Altar of the Heart?" Understand that the whole of even one embodiment is

indeed a great journey in and of itself, irrespective of the many previous incarnations, or even of life prior to incarnating upon the Earth.

During this present embodiment in which you find yourself, there are specific lessons that must be learned. For you must clearly recognize the mistakes of previous embodiments for the stumbling blocks that they are. For though your Heart strives mightily, it is always bumping into old elements of misunderstanding, of negativity in all of its forms, disappointments, agitations, all of which develop a Gordian knot that seems to be impossible to penetrate. For once you reach a level of that knot, touching it with the fingers of the Rays of your Mighty I AM Presence, you must realize it for the unreality it is. Then just that quickly, the Ray begins to move to other areas right within that Gordian knot that you were unaware were a part of the mortal fabric that you had unconsciously perhaps, but most assuredly adopted as the false identity of who you are.

Knowing this, you will want to bathe your consciousness at all levels of your being with a floodtide of God's Love, God's Light that penetrates all avenues of the Gordian knot of the human creation, consisting of all that was drawn together, carried over from past incarnations, masquerading as the Truth of your Identity, blocking your vision of the Truth of the Mighty I AM Presence, of the pure Flame upon the Altar of your Heart, of the Causal Body Momentum already won in God Victory, in God Illumination. This darkness causes you in your respective lower vehicles to be misguided, misdirected to the detriment of that which your own God Presence desires to bring forth through your creative efforts, through your Heart Flame serving the Presence of God.

Having become aware of this age-old dilemma, you will desire once more to flood your consciousness with the River Helicon, allowing for the Momentums of the Presence of God in all domains of the Kingdom of God to assist you in once more connecting with the Flame upon the Altar of the Heart.

Now understand, blessed hearts, there are varying degrees of these initiations. And just because you pass one initiation does not mean that you will not be expected by your Presence *and required by your Presence* to pass that initiation again. Perhaps it will be presented to you in a different form, a different fashion that at first you will not recognize. But, there will come that point when the God Vibration at the core of that initiation will be unmistakable! It will ring out within your consciousness

with such clarity that you will begin to learn to identify those areas of your life that require the Light of God to transmute.

The Path to Christhood is a long journey, even for one embodiment. For some, one incarnation may be as jam-packed with initiations as four or five or more lifetimes, depending upon the acceleration of their vehicles, the Discrimination of their consciousness, their ability to internalize the Fire of God. So you can see, blessed ones, as you move forward with each new day, it is an opportunity once more to commune with your Mighty I AM Presence, with the Holy Angels, with the Ascended Masters, drawing them close so that the Touchstone of God Identity is not based upon what you may or may not be intuiting correctly of your own Sacred Identity.

For drawing closer and closer to the Presence and to the Fire that is released from this Altar, you allow a more constant stream of Ascended Master Vibration, continually calling your focus back into alignment with the True, Just, and Right vibration, according to the Presence of God. I speak now not only of your own Individual Mighty I AM Presence, albeit its Light might have been sufficient for your requirements in some earlier embodiments, but now you are required to elevate your attention into the Allness of God that encompasses the Three Kingdoms so that the Angelic Kingdom, the Elemental Kingdom, the Christic Kingdom of the Individual I AM can all be drawn into a single concentrated Ray, distilled into your own Heart Flame.

These higher initiations are why you are beckoned to this Altar. So that you will not lose sight, vibration, or action that forever calls you to come higher, to absorb more of the Presence of God, to be the vehicle of Consciousness selflessly offering itself as the Handmaiden of the Lord; for indeed, the sustained attainment of that very devotion stayed all opposition to the Blessed Mother Mary. It strengthened El Morya. It illumined Saint Germain. It filled the consciousness of Kuthumi. It established Cosmic Law through Beloved Nada. It revealed the Beauty to the Earth in all forms of Love through Paul the Venetian. And it fired the Purity of the Divine Pattern and Blueprint of God's Heart through Serapis Bey, the Architect of the Cosmic White Cube of God Consciousness, drawing to the fore the Perfect Pattern of your God Identity so that you would have the Touchstone of Purity that is indeed required for your lifestream. And, oh, blessed hearts, it kindled the fearless zeal of your Brother on the Path, Hilarion, enabling him to anchor the Truth of the Emerald Ray.

You see, blessed ones, all of the tools of God Identity are paraded before you, released right from this Altar so that you might internalize them. So that you can understand and know when the Vibration of God is resonating and showing you the signs within your own Heart that correspond with your Mighty I AM Presence that you can carry with you wherever you go. That every moment of every day you may have that awareness and opportunity to test every vibration. And when you do not understand, you have the ability to strive with all your might to release the current of your own Heart's Flame into the Allness of God to receive the answer or answers that you may require.

I am sure by now, especially if you are new to these teachings, you have begun to realize this path is the work of a lifetime, not to be accomplished in a moment, an hour, a day, or even a decade.

Many times, you know not what is behind an initiation or a test, but you do have enough of the pressure of Light upon the Altar of your Heart that will not allow you to forsake the Steep Path of Christhood contained within the Teachings of the Ascended Masters. You will draw closer and closer to your brothers and sisters on the Path in the Ecclesia of the Mystic Rose of God Love. And one and all, together, you become the Temple of the Most High, allowing where there are strengths in some to reinforce the weaknesses, perhaps, in others and all together making up the Whole of the Fabric of God Identity in the Ecclesia.

And as the Hand of God begins more and more to illumine the Flame upon the Altar of your Heart, you will understand those shadowed areas of life that should have long ago gone into the Flame. But because you have misjudged your own life, and taken unreality as Truth, even your own God Presence is required to respect your free will. In the final analysis of a given lifetime, when one stands before the Karmic Board, there are all manner of decisions that have been made that you look back on and think, "Surely, I could have done this or that better." But in the collective whole, your Presence has hoped and had Faith in the Flame upon the Altar of your Heart that you would stay the course, that you would continue to expand the Flame of God, and that all would be well in the end. And given the cycle, perhaps the Ascension will indeed be the reward for Service to your Presence and will be the Victory of the hour.

Blessed hearts, perhaps there are those so new to the Path that they think it is not for them; for indeed, initiations seem to be scary, fearful,

something to be ignored or postponed. But I, the Maha Chohan, must tell you, they cannot be ignored. You cannot skirt the pressure of the Mighty I AM Presence. When the time is nigh, the Presence is always the Victor. And indeed, the initiations are victorious! For if you did not receive initiations, what would be the purpose of your life?

If the consciousness of humanity were merely continually silted over with all of the patterns and habits of the fashions of the times and the era, to say nothing of the recycling of previous karmas of many incarnations, then what would be the purpose of incarnation? Do you suppose that the Great I AM would desire to send forth the Flame of God to be drawn into the lower vehicles if there was not a Divine Plan, a Divine Purpose, a Divine Path?

Many of you have already learned of the great Journey of the Godhead Charioteer. Each one of you came forth in that manner by the impetus and the pressure of God propelling the Heart Flame into the physical, the emotional, the mental, the memory bodies. And thus, you were born. And each life begins again, perhaps with a new set of equations to be fulfilled, new patterns that must be learned. And though there are momentums of attainment from previous lifetimes, there are cycles when those momentums are not enough. There are other areas of life, other Rays of God Consciousness, other domains that must be mastered!

So, blessed ones, if this is the Path that you choose, know that you are in great company! For those who have preceded you at this intensity have come into incarnation vested with enough Light and enough Momentum upon the Threefold Flame of their Heart from previous incarnations to overcome any limitation, any sense of separation from God, any rebellion and once more externalize the full Faith and Trust of the Mighty I AM Presence that they are ready for the next cycle!

Blessed hearts, upholding the Truth of one's God Identity above all else is an absolute Necessity to win your Ascension! Fulfilling one's dharma as that Divine Mission deposited upon the Heart is likewise a Necessity! A life of Service in the domain of that Mission is a requirement as well. So you see, blessed hearts, there are no mountaintops to which one can escape, shrinking back from their service, and still think that they are performing the Work that their Presence requires.

This is the cycle for the Flame of Sacrifice and Service! This is the time when those with outer attainment are summoned to come together under the canopy of our Vehicle, The Temple of the Presence, which we have established here at this Altar, drawing everyone's creative efforts into the collective whole, the Promise for the future — the Golden Age!

There is no other place upon the Earth where this Light, this Instruction, this Momentum is coming forth! Oh, there may be those that wish to placate their human creation and gravitate to places where there are corresponding vibrations to their own human consciousness that report to them "comfort" due to the lack of the demanding Fire of the Threefold Flame. These are bland, lackluster places where they can assimilate into the common herd and go unchallenged. But those who are the sincere students of the Path to the Ascension understand there is no other place on Earth than this Altar where they can receive the Keys, the Consciousness transferred by the Ascended Masters, and the Momentum of a great foundation of the Word of God upon which they can stand for Eternity. This, blessed ones, you can count on as the Truth of Cosmic Law!

When my Consciousness surveys the student body of those who have come and have fully committed their Heart Flame to the Mission of the Ascended Masters, I am warmed! And my Love in return bathes the consciousness of these lifestreams with the Balm of Gilead that would comfort and bridge over the gaps in their attainment that are yet to be garnered so that each one is held in the palm of the Hand of God.

I, likewise, hold my Consciousness open to receive and shuttle to and fro the Flame of God to those who are yet destined in this lifetime to enter into this Work, that they may be drawn by the Pillar of Fire, the collective Consciousness of the Entire Spirit of the Brotherhood of Light that is anchored upon this Altar, and by the Heartbeat of the Lord of the World! This action, blessed ones, I joyfully, lovingly extend my Heart and my Momentum into!

Won't you answer the Call of your Mighty I AM Presence, the Lords of Karma, the Ascended Masters, Archangels and Archeiai, Elohim, and Hierarchs of the Elements — all who stand in support of the Work that the Chohans perform directly with the upraised chalice of students of

the Light ready to engage in the Service of God? Let that Momentum be honored, fortified, and protected by the Angels of Chamuel and Charity, as the Reality of God that will be maintained, ongoing, as the Light of the World!

I, the Maha Chohan, wish for you Love beyond measure that can only come from the Heart of God — the Holy Communion in the Allness of God!
