Anchoring the Will of God in the Earth

Blessed Ones, I, Morya, entreat you to my Heart, and in so doing activate the Will of God in your being so that you might have a greater understanding of the Mission and Divine Plan of your lifestream as you take up the Torch, becoming a Torch Bearer of The Temple and stepping forth to proclaim the I AM THAT I AM, the I AM Faith of the Sons and Daughters of God on the Earth. You, Beloved, are becoming the Christ, wearing the garment of the Virtues of the Christ, exhibiting the God Qualities of your own Mighty I AM Presence. You follow in the footsteps of those who have led the way into unknown areas, the record brought forth by the Messengers, by the writings of old, by those Akashic Records that have exhibited for you the right course, the right action, the right determination, the touchstone of your true identity, of the consciousness of the Ascended Master Vibration.

As I awaited the playing of the musical meditation and the lowering of my Radiation and Presence into your midst, I, too, was visited by one of my teachers, Lord Himalaya, reminding Me that there were times when even Himalaya had to send forth an overwhelming Ray of the Power of God engendering the Blue Flame in my world and bringing forth the understanding of what was intended by the Will of God, reminding Me how that enacting of the Flame of my own God Presence would take Me into my adeptship, allowing for the wonderful opportunities to leave a record, to teach, to instruct, and to give to each of you a part of Myself so that you might have the tangible representation of what is truly the Will of God.

Bringing Forth a New Activity

It is no small matter to undertake the bringing forth of a new Activity that represents the Ascended Masters in the Earth. It is fraught with all manner of considerations. Do We have Messengers that We can trust, who will uphold the Law, who will have their steadfast attention riveted upon their

own God Presence and the Ascended Masters? Will their ear be upturned sufficiently to hear the slightest shift by the Karmic Board, by the Cosmic Councils, by the Darjeeling Council and, yes, by the Flame of El Morya? Will there be a response to the slightest turn in direction, or will there constantly be a tug of war, a reticence that would hinder and keep the Activity from moving forward? Oh, so many considerations!

Are there lifestreams sufficient in number who will respond to the inner call of their God Presence to take up the Torch and assist? Will they be able to set aside those areas of life that have so captivated their attention away from their God Presence and the course of their own Mission? Will they be able to galvanize the Will of God in their being and be the support to the Ascended Masters that is required?

Are the lightbearers of the Earth consciously prepared? Has there been sufficient leavening of the vibration of the consciousness of the Sons and Daughters of God to receive a new thrust, a new sense of purpose, a new understanding of Life, a new awareness of their true identity? Are they ready to have the very foundation beneath them shaken as this new awareness, strips away the patina, the illusions and the maya woven by their willing and wishing through human effluvia?

Are they ready to stand steadfast and tall and receive the understanding of the Mighty I AM, the Light of God, the Purity of God? Are they ready to put away the maya and illusion of their earthly incarnations fabricated from misqualifications, and step forthrightly and boldly to put on the garment of the Christ? That garment is woven through the virtues exhibited by the Saints of old — delineated in time and space by trial and error for many, and for some these virtues are taught by the Ascended Masters through their Messengers. Such vibration reverberating round the Earth will bring greater understanding of the true Laws of God, the Cosmic Law that cannot be overturned, cannot be changed, for it is the very foundation of all that exists. Are the lightbearers ready to know the true foundation of Life, to have the Chalice woven by the Light and filled with the Love sufficient to bring forth the Golden Age?

The Mantles of the Messengers

When the Karmic Board and the Cosmic Councils deliberate, They look at the Causal Bodies and Akashic Records of all those who will be intimately involved. First and foremost they consider the Messengers to anoint. Are they up to the task? Most assuredly, this is a primary concern. For We cannot have an Activity without those at the helm establishing the tone, the vibration, the resonance of the Light of God sufficient to galvanize the Heart Flames of those lifestreams who are to come, who are to be a part of this Activity, and who will elect to raise up the Torch of their own Heart Flame so that it can be seen the world round.

This Activity of The Temple, Beloved, was indeed ratified by the Karmic Board. The Messengers that you have in the persons of Monroe and Carolyn carry our Flame. They carry my Torch. They carry the Torch of Saint Germain, of the Maha Chohan, of the Mother of the World, and, most assuredly, my own Beloved Goddess of Light. They carry the Sword of Archangel Michael and the Ruby Heart of Beloved Nada. They have been well trained. They have been tested beyond measure. They have passed their tests, and they have awakened to the understanding of what it means to bring in a Golden Age. They have been taught sufficiently at inner levels to bring forth to you an understanding of Cosmic Law even higher than you are required by Law to attain in order to win your Ascension.

Requirements for Your Ascension

Do you understand what I have just said? For you to gain your Ascension there are certain requirements of the Law necessary for you to fulfill: balance more than half, fifty-one percent, of your own karma; grasp the understanding of each of the Seven Rays; put on the garment of the Christ; and, most assuredly, integrate into the fulfillment of your Divine Plan that Mission which your God Presence vowed you would accomplish. You together — you and your Presence as One Being — vowed before the Altar of the Almighty that you would perform the perfect work at the right time and in the place provided, for you too have within your consciousness the ability to attain to that which you are required by the Law to accomplish.

There is likewise the necessity to reach higher. For you to accelerate to a higher state of awareness, the Messengers must hold high for you that attunement, that certain vibration of the Ascended Master Consciousness. This will set in motion a magnet of Ascended Master Fire so that you might continue to reach high, to reach for the Star of your own God Presence. The desire of the Brotherhood is to convey the understanding of what it means to stand in the Earth and yet know that absolute Perfection at inner levels is alive, is functioning to the highest degree of the Mind of God, sending forth Rays of God Consciousness to affect the world. The Core of your being must hold the elemental essence tethered for you to keep your physical body for the completion of your mission in this life. All these things are lavished upon you, Beloved, because there is Cosmic Law, because there is this immovable Foundation where you are upheld by the working of the Mind of God, the Heart of God, the Light and Love of God.

As your attention to these highest planes of consciousness is held there by the Messengers, you are able to continue to soar, to soar to heights without limitation. This, Beloved, will take you beyond where you have ever thought or imagined possible once you have touched the Heart Flame of the Mighty I AM, once you have allowed for the Light of the God Presence to be in command of your lifestream, once you have proven that you can be tested

with greater initiations, once your own God Presence can trust that having given its Light, that Light will be used wisely and will not be squandered, will not be misused, nor will there be any harm to other parts of life. Then you, Beloved, will be entrusted with greater increments of Light. You will have the Power necessary within your own Electronic Body of the I AM sufficient to change the world!

Upon the day of your Ascension, given the attainment that you are able to garner while in incarnation, there is no limit to what can be accomplished by your lifestream as the Ascended Master, the Ascended Being magnified with the fullness of all that God has to give.

What remains in the Ascended State are the positive momentum that you have already garnered while in the physical body. The momentums that you garner now and have garnered throughout your many incarnations will determine, upon your Ascension, the virtues and capabilities stored within your Causal Body ready to be activated, ready to be put into the fullness of the use that is determined by your God Presence or the collective Wisdom of the Ascended Masters.

This is why some have far greater responsibility immediately upon ascending than do others. For, lifetime after lifetime, these stalwart ones have accumulated momentums of God-Good, momentums of stored, perfected Light and God Consciousness, enabling their own God Presence to accelerate them into greater opportunity.

So, as you can see, Beloved, for the Karmic Board and Cosmic Councils to come forth with a new Activity, to bring forth the Ascended Master instruction, requires much. The balance is held by those Ascended Ones who signify that, yes, They will make up the difference should there be any lack among the Sons and Daughters of God. They will take on the karmic responsibility for the outcome.

Fulfilling Your Responsibility

Do you not see what a great trust this places in your lifestream? Surely the Messengers have been tested. They know exactly what to expect. What remains is: Will there be the support of the Sons and Daughters of God sufficient to rally round the Pillar of Light that is lowered by the Ascended Masters for the "Work of the Ages" to come forth?

Each of you has a Responsibility. Many of you have already accomplished a great portion of that Responsibility. Many of you are yet to even recognize that you have a calling, that there is within your own Heart Flame a Divine Direction yet to be revealed for your participation in the Masters' work through The Temple. And then there are those who have heard the call. They have recognized what it means to have the stirring within their members of the anticipation, of the soaring of the Light and yet, because of untransmuted

karma in their own world, because of untransmuted scars, disappointments, human questioning and all manner of doubt, there has been reticence and procrastination that has not allowed them to answer that which they already have heard and recognized. I must tell you this is a great travesty indeed, for where one first recognizes and then denies the Voice of their God Presence, there is gravity with such a denial.

Your own God Presence desires to trust that when the Light is sent forth, when the command goes forth, that the Light will connect at every level of your conscious awareness, and you will confirm that you understand. It is the desire of your God Presence that you can be trusted to act upon each prompting, to engage in that Light, to weigh the Christ Discrimination and then move with the Light. You can only deny that inner calling a few times, and I say a few because I know well the workings of the Mighty I AM.

Do not find yourself putting off your response, or worse, never responding, always doubting and always questioning that which you know within your Heart, for you may find that the last call has already passed and you must wait until the next incarnation to perhaps rediscover this momentum, this charge of Light, this very opportunity. You see, Beloved, there are certain definite cycles of opportunity that are set in motion at the beginning of every lifetime for each individual and, yes, for Activities of Light sponsored by the Ascended Masters. Those opportunities must be acted upon in the right time and space to ensure the fullness of your foundation. Opportunities build one upon another, and thus you raise the victorious accomplishments of earlier opportunities.

I can tell you surely that the foundation of The Temple of The Presence is well established. It is in place, and We are most grateful indeed. We have continued to applaud your efforts. But just as We applaud them, We prod you on, for you cannot stop at any plateau. You must strive and move on. For with every plateau a new foundation is established, and there comes greater Responsibility. You gain the Authority over that which you have already accomplished, but with that comes the Responsibility to do more, to push beyond, to utilize all of the talents that you have garnered, to not become lazy or permit lethargy to stifle the very expansion that you desire.

The Expansion of Coeur de Li6n

I spoke with you recently regarding the expansion of the Heart Center, Coeur de Li6n. There were some who said, "Yes, I can come for three months. I can come for six months!" Perhaps I did not make myself clear. There are those who can indeed come only for short periods because they have such weighty responsibilities and karmic entanglements in the world that do not allow them the freedom to come for longer periods of time. But for those of you who have the ability, I say, "Come!" Do not put a limitation on your

Service. Do not put a limitation on your attainment or your ability to garner the Light. For each time you put a limitation on your lifestream your God Presence says, "Oh, deep down my child does not believe or think they are capable. Therefore, I see my Beloved in embodiment will not accomplish my Divine Plan for them because they will stop short of the mark, hence they will not be victorious."

It is my great Joy to have two Messengers who know no limitations. They are prudent. They take measured steps in accordance with the Divine Plan as it is revealed by the Ascended Masters, but there is no limitation to what The Temple of The Presence can accomplish. There is no limitation to what each one of you is able to accomplish, for the Messengers understand the Mighty I AM. They understand the Ascended Masters are at the helm. And when you have the Entire Spirit of the Great White Brotherhood as the foundation and support of an outer Activity, you most assuredly have the wealth, the wherewithal, and the Power of God to accomplish the task at hand.

What remains to be determined is this: Are the Chalices of you, the students of the Light, prepared? Are they upraised? Have you been tried in the fiery crucible? Have you desired sufficiently the Light of your God Presence so that you will be safely anchored in the Will of God? You must not go off on some far-off tangent, but you must have the fullness of the understanding of what is the true nature of your Mission. It is the opportunity that you are given by your God Presence, by the Ascended Masters and, most assuredly, by the Karmic Board to accomplish great things as the collective body of the Ecclesia¹ of The Temple.

The Temple Victorious

I trust that you will understand that the individuality of your attainment operates within the greater whole of the Ecclesia and of The Temple victorious. It is not dependent on one or two individuals, but on the many. Why else would the Entire Spirit of the Great White Brotherhood ratify a new Activity? Why not allow the students of previous activities, wont to follow the star of their own making, to wander? Have you not considered what would occur without benefit of this Activity, this rising Star of the Light of God holding fast to the Purity, to the Fire, reminding the Sons and Daughters of God ever so constantly of what is required to accomplish all the great and glorious victories that are at hand?

Who will hold fast if not the mouthpiece of the Lord, the Anointed Messengers of the Entire Spirit of the Great White Brotherhood? It is required, and it will be required all the way to the Golden Age, for even when the Golden Age is established on the Earth, when everyone is upholding the Light of their God Presence and wearing the garment of their Holy Christ Self, there will be those Ascended Masters standing among the Sons and Daughters of God, radiating the Tone and the Vibration of the Almighty.

¹ The Ecclesia is the collective community of Torch Bearers.

Yes, the Altars of the Great Central Sun will come closer because there will be Cosmic and Ascended Beings standing in the Earth as the touchstone of an even higher vibration. So for those who think they are going to escape Hierarchy, you have another thought coming. For when you awaken to the true reality of who you are as the Mighty I AM, as the Holy Christ Self, as the God-Free Being standing in the Earth, you will understand how great and glorious is the fabric of God as Hierarchy. It is only where the human ego still remains at the helm that you find those who denounce the Brotherhood and its work as Hierarchy in the Earth.

As you elect to put on more of the garment of your Holy Christ Self, as you transmute more of the records of returning karma and your own making of the human creation around you, you will discover, Beloved, that the world begins to look different to you. There is new joy ever present. There is beauty all around. You no longer see the Earth encrusted, dry and withering away, but abundant, ever resurrecting, just as you are ever resurrecting.

The Will of God Is Anchored in the Earth

It is my great Joy to address you tonight as the Chief of the Darjeeling Council, to share with you the understanding of this glorious Path, to share among the Individualized I AM Presences, who are incarnated in the Earth as the Sons and Daughters of God, the fabric of the Divine Plan for the lightbearers of the Earth.

As I stand in the Earth this night, with the assistance of Lord Himalaya, of the Great Divine Director, and of all of the Manus of the Root Races, We anchor in the Earth an even closer tangibility of the Will of God and the Divine Plan for the Sons and Daughters of God to bring forth the Golden Age. We have elected so to do upon this glorious occasion of the Anniversary of our bringing forth The Temple of The Presence so that you might understand that every aspect of your involvement in the work that supports the Ascended Masters and the work of The Temple is allowing for this Divine Plan to come into fruition and to be a tangible reality in the Earth.

Allow for this Blue Fire of the Divine Plan of Earth to establish the Golden Age. Allow for your God Presence to fulfill its Fiery Destiny and to accomplish the fullness of your own individual divine Mission. Allow for the antakarana of Light to be lowered into every molecule, every cell of your bodies, every flower, blade of grass and speck of dust upon the Earth so that all might respond to the Light of God that is truly the Holy Will of God.

This Light, Beloved, is saturating the Earth as I speak. It is moving into every crack and crevice of the Earth, in, through and around your own vehicles of consciousness, and it is a work that will not be stopped by any form of negativity, for the Power of God is at work.

This has been facilitated by the Ruby Ray action of the Heart of Nada and the Karmic Board who prepared the way for this lowering. I trust that in the days to follow every Son and Daughter of God within the sound of my voice, and who will hear this address, will take to Heart those commitments of their lifestream, their time, their responsibilities, and evaluate what is the Will of God for them personally and what is to become of Saint Germain's Golden Age. Will you fulfill your Fiery Destiny and the point of Light that you are required to uphold for the Golden Age to come?

This Light, Beloved, will continue over the next twenty-four hours, and will continue on, forming the foundation of the Will of God for this Activity, for this generation and generations to come. Hold fast to your Harmony so that it will not be displaced because of agitation in your world, since you are so unaccustomed to this Fire. The Light of God is at work, and I, Morya, in the full Power of God, decree it so!

As you celebrate this anniversary of the Karmic Board's Dispensation for The Temple of The Presence, mark this as a day when you remember well the Divine Plan for the Earth being lowered once more into closer proximity. Mark well the Will of God at work through the Heart of the Chohan of the First Ray!

I now seal each one in the envelope of the protection of the Will of God with the Sword Excalibur and the Shield of my Heart.

IT IS DONE!
