

# THE VOICE FROM THE TEMPLE

THE TEMPLE OF THE PRESENCE

*Proudly Presents*

*Dictations of the Ascended Masters*

◆ September 11, 2001 ◆ The Goddess of Liberty ◆ Tucson, Arizona ◆

**F**REEDOM MAY HAVE BEEN ATTACKED, BUT LIBERTY STANDS  
AND WILL CONTINUE TO STAND IN THE LAND!

I, the Goddess of Liberty, stand for your opportunity to engage in the free will choice of invoking the Light of God. Won't you be seated as I address the world and the Lightbearers thereon?

This very day, We have been tested upon the rock, the foundation of the Freedom Flame of the United States. I say We, beloved, for We – the Ascended Masters – stand with you in the earth whenever possible to hold in abeyance any onslaught of energy, great or small, projected against your lifestream. This is not our position relative to the people of the United States alone, but to all of you who are the Freedom loving peoples throughout the earth. Wherever you may live, there I stand for your Liberty to choose to do the right and to become God-in-Action!

While a portion of New York City near the statue which serves as my Focus has been shattered and reduced to rubble, I promise you, terrorism has not shattered the Spiritual Focus of My Light that is ever present. Understand, beloved, that even though there remains great chaos and confusion, even though there has been great loss of life, there is also this night a Great Release of Light. All is not lost! Do not indulge in a defeatist attitude no matter how grave the battle may seem, or you may lose the greatest battle of all! For this violence, as terrifying as it appears, is but one skirmish upon the screen of life.

We hold very dear each and every Lifestream affected by this cataclysm. Subjection to terrorism of any form has no place in the Path of ongoing mastery for any of the Sons and Daughters of God. This event should not be seen as a test arranged or allowed by us. Tests can be won and Initiations passed through circumstances of far lesser gravity.

I speak now on behalf of the Karmic Board. Yes, we have known that this buildup of negativity was looming. But, as with all cases involving humanity's free will, it is always unclear, up until the very last moment,

exactly when, where or how such an eruption might occur. Despite all our striving with you, the Sons and Daughters of God in the earth, it still rests upon the collective free will decisions made each and every day by all mankind to determine where and how the balance can or will be held.

The recent coming of God Harmony has mitigated a great amount of loss relative to these attacks. The loss of life in transition has been great indeed, temporarily interrupting the fulfillment of the Divine Plan for many Lifestreams. Nonetheless, it doesn't compare to the gravity of what might have occurred had not God Harmony blanketed the earth with the radiance of Harmony and the great pressure of Light from His Heart and from the Great Central Sun. America would have experienced far greater loss without His Light. Understand, beloved, that wherever possible, the Karmic Board grants Dispensations of extraordinary amounts of Light to mitigate major cataclysms which might occur in the land.

However, our Intercession does require that you, as stalwart Sons and Daughters of God, maintaining the Flame on your Hearts and invoking the Sacred Fire, must step forth with Chalices raised high and invoke that Flame. True, there are those throughout the world who are also raising their torches high, though they know it not. Many such unawakened devotees are still awaiting conscious recognition of the Truth, which they already know in their Hearts. They yet know not the fullness of the Devotions and spiritual Disciplines, which they instinctively engage in to a limited degree.

At the appropriate future time, there will be opportunity for many of these Lifestreams to arrive at a full, waking awareness of their God Reality. We await the day when the added pressure of their application will strengthen the collective effort of those of you already under the canopy of this, the Ascended Masters' outer Activity in the earth, The Temple of The Presence.

We well understand how intensely the grave sense of loss and separation from loved ones can impress itself upon the mental and emotional bodies of everyone touched by this violent and sudden change. By extending the Comfort Flame of the Holy Spirit, the Maha Chohan has released the fullness of His Love this afternoon as you were engaged in giving the calls. His instruction that you expand the Light in every call you make beyond your personal space, and include those sleeping Lightbearers who know not how to make the call, is an important part of the Work which you came to accomplish.

Know that as a result of your invocations and decrees, many received the immediate release of their sense of burden, finding instead the Light of the Maha Chohan. They already know well His Radiation, if not His person, for they know the Breath of Life.

Know, beloved, that We continue to stand vigilantly with all the Chohans of the Rays, with Mighty Hercules and with all of Elohim, to hold the balance against such terrorism whenever the Great Law will allow. We also understand that a certain purging does occur before great releases of Light into the earth can take place. This is not by our choice, beloved. It is an impersonal action of Cosmic Law. It is part of the immutable Laws of cause and effect governing all life everywhere. Nevertheless, our greatest opportunity to mitigate such purging occurs when stalwart students of the Light with upraised Chalice and Hearts of Fire diligently invoke the Light. This affords the greatest and highest avenue of constructive change, through the God Mastery of the Science of the Spoken Word.

Therefore, know well, beloved, that it is a momentous event indeed, whenever a Lightbearer elects to join the ranks of the Torch Bearers of The Temple. This order is not merely a social organization where students pop in and out of decree services whenever they wish to have their four lower bodies massaged by the Light. The Office of Torch Bearer signifies to the Hierarchy your willingness to take on the constancy and responsibility to uphold all that the Ascended Masters are standing for in the earth today – not just gazing fondly backwards at the glory days of the past. It means actively engaging in the Light day by day; becoming Our Light and then keeping a listening ear to your own God Presence and forging that ultimate Union with your Presence.

We speak sternly when events of this cataclysmic nature transpire in the earth. Know well that We would have it otherwise if there were other means open to us. I call your attention to this most critical, indispensable assistance that depends entirely on you, our embodied students everywhere. Therefore, it is incumbent on all the Lightbearers who know about the Teachings of the Ascended Masters to galvanize themselves in a concerted and united effort. Joining forces as Torch Bearers in support of our present instrument for directly, reaching mankind – namely The Temple of The Presence – you will enable our Great Light to flow in the greatest possible measure into the earth.

With the passing of our former Messengers, many who call themselves Ascended Master students, as well as their leadership, have assumed a rather dogmatic air of superiority and short sightedness which has resulted in unlawful bickering and consequent weakness in the internal affairs of those Activities. Without exception, each former Activity has clung to the notion that their Messengers were the last We would ever sponsor. Each in turn has been grievously in error. It is time for those of you in previous Activities to put aside your human opinions about what We the Ascended Masters choose to do in our greater Wisdom. Your presumption is completely wrong

and therefore the more tragic. Surrender your frail human opinions unto your own God Presence, allow Us to decide and allow for our Light to flow! For We, the Ascended Masters and most especially the Karmic Board deem it is high time for all avowed Ascended Master Students to unite under this Our Banner and invoke the Light of God as One Body in The Temple!

Mark well! We know whereof we speak! For the hardened lines of division and separation in the former Activities of the Ascended Masters are not healthy in the land. Those in The Temple have repeatedly extended the Olive Branch of reconciliation and it has been refused time and time again! The Karmic Board will not countenance this ungodly spirit of exclusivity and superiority any longer! Not if you consider yourselves Our Disciples.

If our help is continually refused, there will be a dissolving of the ranks of those Activities and they will be no more. For we desire that all our students be galvanized to our Light when we release it for a Divine Purpose and for the Salvation of the little ones who know not the gravity of circumstance that surrounds them and who contently allow others to think and decide these matters for them.

Know well, beloved, that should you continue to separate yourselves from Our Activity – where We are active today, not in the past – that it is only a matter of time until your own God Presence will choose to redirect the Light and the energy of your Lifestream to deflect you out of harm's way. For you would be better off forging a personal Path than reinforcing others who go out of their way to refute and deny Our Presence here. This road leads only to further negativity.

We have long stood on the sidelines, not speaking a single word calculated to confuse anyone, but allowing for the inner action of the Law to come full circle and to bloom as the Christ Light of Illumination through the Heart chakras of the old guard students with the dawning awareness of the Ascended Masters Presence here. However, given the present planetary conditions, this awakening is too long in coming. Instead, an entrenched recalcitrance and a protracted drought of true Ascended Master Radiation prevents that awakening from occurring in a timely fashion.

Therefore, I speak to those who are part of the IAM Activity – your own Beloved Godfre left you a Legacy of Light, as did Beloved Lanello on behalf of the blessed students of The Summit Lighthouse. Now is the time for you to invoke that Light along with Our vanguard Ascended Master Activity where we are fully engaged today. It is time for you to awaken to the understanding of the indwelling Light that is to be released from this very Altar.

With the coming of the Manu Yuga, understand that the Manus of the various Root Races intend to focus a great magnitude of Cosmic Light and Life to those Lifestreams who tie directly to their Hearts. This is the reason for the great volume and intensity of Light when they approach the earth. For the galvanizing Magnet of the Heart Flames tied to their Cosmic Hearts, strengthens and shifts the planetary Currents which are also tied directly to them. When the Manus are present for the formal Quarterly Conference and in this Heart Center delivering their Instruction, know that throughout the entire twelve day cycle, the release of Light will be great indeed, and will require all the Lightbearers of the earth to hold a greater than ordinary balance.

The Karmic Board is preparing the way. We have approved the Dispensation for this coming release to occur at this time knowing that this darkness, borne of the seed of terror, must be brought to the surface and annihilated, and be no more. Understand, beloved, that for Peace to truly reign in the land, We must have more conscious Disciples who will understand that there is a right and a wrong approach to preventing such destructivity from breaking through into the physical.

It is important that the Lightbearers accept their responsibility to invoke the Blue Flame of Protection and to have that Light thrusting out constantly to protect the land. Do not expect that all will be mitigated if you do not invoke a sufficiency of Light necessary for each given hour.

We do not say that you should give the calls because you are superstitious or fearful. Still, there must be the kindling of the Fires of your Hearts, igniting with the Hearts of the Ascended Masters, the Angelic Kingdom and the Cosmic Beings, and most especially reaching out to your own God Presence and triggering the release the Light through your calls. As ever, there is a right and a wrong way to give the calls. There are those who were guided to give the calls with a strident, judgmental or fearful tension.

We say to all, "Put aside what you thought you knew and start over to learn the Teachings of the Ascended Masters afresh. Learn the right spirit and action when invoking the Light of God. Do not forever continue to drift along old pathways simply because they are all you know. There is so much more to discover." We shall continue to refine and teach and reveal to those of you who will listen a far greater understanding of Cosmic Law than has ever been presented throughout the land.

Within New York City, there is much confusion, fear and trembling. It is important for the Torch Bearers of The Temple giving their perpetual Vigils to the Violet Flame – and those Lightbearers who desire to join with them – to continue throughout the critical weeks and months ahead to blanket this city and all America with your specific calls of the Violet Flame

to consume all that has transpired. Otherwise the record of these tragic events will linger in the astral plane as a magnet of fear radiating throughout the earth. Inasmuch as the United States is the foremost exponent of Freedom to the earth, that karmic record must be transmuted, be no more, and quickly!

It is the responsibility of those who know how to invoke the Violet Flame, to put that Flame to use, allowing for the Holy Angels of Zadkiel's Band to release more Violet Flame and stand guard over the riptides of fear until it has been quieted in men, women and children whose emotional and mental bodies continue to release discord onto the screen of life. It is not enough to make your calls one day only, for such momentums of anxiety and dread are continually requalified by the majority of individuals until healing has occurred.

We continually stand guard over all the Lightbearers of earth, seeking to provide for the immediate need of every hour for the greatest good and the expansion of Light in the earth. We know what it is going to take to bring in a Golden Age. One could say that this, Our Effort with you, is the Great Experiment. Saint Germain has always been the Great Alchemist. When He presented His Plan – not only to the Karmic Board, but also to the Cosmic Councils – there were those Ascended Masters who did not think it possible at present. But after closer examination to the Causal Bodies of those Lightbearers already in embodiment, and those about to come into embodiment in succeeding decades, it was determined that Saint Germain's Dispensation should roll forward with the speed of Light. For it truly was possible. But possibilities and Opportunities require Constancy and relentless Determination to make them manifest!

With the passing of time and the inevitable changing of the guard of Messengers, our previous Activities in the earth have not accomplished all that they could have. It is time to arrest the cycle necessitating new Activities simply because the old organizations cannot or will not acknowledge the next Messengers. Through the consciousness and avowed desire of these our present Messengers, there has been woven into the very fabric of all the Torch Bearers the joyous realization that this time, the Ascended Masters Participation and Leadership in their own Activity shall be ongoing.

The Messengers have engendered a confident, mature Faith in the Torch Bearers that Saint Germain will not fail to test, train and anoint Messengers to serve this Activity in the future as He and We see fit. We are determined that future generations of Lightbearers shall inherit this legacy of unbroken continuity and the ability to build squarely on your present labors and sacrifices! We have already established such a basis of understanding via the legal framework of The Temple.

Know well, beloved that our plans for The Temple of The Presence stretch all the way to the Golden Age. This is how far our present Dispensation goes. Do not be shortsighted. Do not limit yourself, passing out of embodiment, through the transition into the Higher Octaves of Light only to discover, "Oh, I have made a mistake. I did not use wise discernment. What was wrong? Why didn't I sense the Vibration and Presence of the Masters?"

There are many reasons why. First and foremost, wherever a rigid mindset persists, it becomes a crystallized recalcitrance of the carnal mind which stubbornly refuses to go into the Flame. In that circumstance no amount of Light or any Ascended Master standing directly within inches of your Lifestream will be able to witness to the Presence of the Light, because that recalcitrant substance blocks the very opening of the Heart Flame which would recognize that the Path one has adopted with such conviction is not Truth.

It requires the still, small Voice, speaking within a Heart that is eager to open to the fullness of God's Truth; A Heart that not only allows for Light to flow forth, but also for Light to enter in; A Heart borne of God's own Heart with sensitivity to the Higher Octaves of Light, not merely to outer circumstances of the human condition. It is not enough to say, "I trusted previous releases of Light and sensed the Masters before, why not now?" That recalcitrant mindset overrides all else.

If you choose to hold dogmatically to certain erroneous beliefs, they necessarily become the law of your being, tying into all manner of old karmic records and accumulated momentums of past incarnations which do not allow you to move past the same limited understanding. Many students of the Ascended Masters who have been in the outer Activities since the release of Saint Germain's work though Godfre know well the operation of this Law. But they still elect to allow their own intellect and ego to interpret for them according to what they desire to be true.

**THE ASCENDED MASTERS ARE ALIVE AND WELL IN THE EARTH!**  
And I, the Goddess of Liberty stand to proclaim it! Not only am I focused through my Statue in New York Harbor, but also I stand here tonight in the upper atmosphere to release the Light of Liberty around the World! You shall have the Liberty to make the right choices for your life because ultimately what is right for your life is right for the planet and will help to bring about the Golden Age!

The time and cycle for America to awaken and for all the Lightbearers of earth to awaken to their own God Presence is now! I have spoken strongly this night but I speak as the unanimous Voice of the entire Karmic Board,

that the gravity of my message shall be mightily impressed upon the earth and most especially on the consciousness of those Lightbearers whom we are challenging to respond to our call.

Understand beloved, Our Compassion, Our Love and Our Vision which are needed to mitigate this attack on Freedom, flow forth continually from the Octaves of Light. You, as Christed Individuals, can and should hold a great balance for the earth through your Invocations to the Light. Do not think that the Masters can lawfully hold this balance alone — it requires your daily calls. We respond to the call as it is sent forth from earth's octave. Absent that call, we may not lift a finger to interfere.

Mercy's Flame goes forth when even one Lifestream calls for Mercy. When you have hundreds and thousands of well-trained, advanced devotees calling for Mercy's Flame, you can only imagine the great lifting of that burden and weight of darkness. KwanYin, the Goddess of Mercy has likewise been close at hand and continues to release the Light from Her Heart to all those who are calling for help, most especially those who are still yet to be found in the wreckage.

We know how difficult it is to traverse all of time and space, gaining mastery through each successive incarnation on earth. Therefore do not lose sight of the Great Victory once you are finally able to grasp it. Hold Victory in your gaze. Yes, eventually everyone's Ascension will come. However, for you personally in fact, in Truth, to win your Victory requires that you remain steadfast in the Light. Do not procrastinate. Do not lose momentum. Do not allow this incarnation to drift by, becoming yet another compromised episode upon the akashic record of your Life.

Make this Lifetime the crowning achievement of great accomplishment and mastery. You can be Victorious if you desire it above all else. However, your Ascension must be the supreme desire, which summons the utmost pressure of striving toward that Victory. No race was ever won by sitting on the sidelines. Enter the race of your Christhood and race swiftly onward to your Victory.

I thank you.

## *The Goddess of Liberty*

*Public addresses to the Students presented in The Voice From The Temple have been prepared by the presiding Master for release in written form for our present use and for Posterity.*
