My Holy Angels Will Stay by Your Side!

As the Angels of the Ruby Fire move in, through, and around the Sons and Daughters of God, they entreat the Flame of Love upon the Altar of the Heart to accelerate and catch up every erg of energy, every conscious awareness, every momentum of each one's past into that All-Consuming Flame so that we can facilitate the igniting of the Fires of the Heart to draw off the dross of human consciousness, transmuting and preparing for the coming of the conscious awareness of God! For in this fourfold vehicle of consciousness that you wear, you are required to hold fast to the Purity of Form, materializing in your life all that is held within the Mind of God intended to be fashioned and formed by the very Fires of your own Heart Flame! For you indeed are called to prepare the place right within these vehicles of consciousness to move, create, and have the Being of the Mighty I AM Presence fully vested in life!

When the Heart Flame is not engaged, there is the absence of the Perfection of the Mind of God, the pristine Form and Fashion that the Presence has detailed within the Realms of Purity and given unto you to bring into manifestation. What a sad affair it would be if the Sons and Daughters of God were to go through the entirety of their life ignoring the very Presence of God within them, the Presence that always stands ready to give them on the instant all that would assist, all that would fulfill, all that would create the life that they so desire within their Heart! Though the outer consciousness may not know of that desire, certainly the Flame upon the Altar of the Heart knows and understands what is required. But

if the Heart is locked away, if there is not a vehicle receptive to that Flame, surely you can appreciate how difficult it would be for the Presence of God to affect your life in any manner.

In the Realms of Perfection there is no human creation, no negativity. There is only the Blessing of God in all of the Forms, Momentums, and Qualities that the very Presence of God gives birth to so that when you elevate your consciousness into your own Heart Flame and ultimately into the Heart of your God Presence, you are bathed with the Light! There is a glow about you that is unmistakable! For surely the Hand of God has touched your life, has cleansed the lens of perception that you wear, has determined to bring about all that that Presence has desired.

You, blessed ones, are living in an era when there are few in number who truly know the Power of God and how to call it forth, how to live the life that allows the Consciousness of the Mind of God to stream into your outer vehicles daily. Nonetheless, there are no excuses for the few. Once you know of a Teaching of Cosmic Law, you are required to begin the striving within your own awareness to draw that Teaching into reality, internalizing it and making it the very backbone and fabric of your being so that when you are called to meet a new circumstance in life, you immediately have at the ready all the God Power that that circumstance requires of you.

But first you must go into the Heart! You must have enough Love for God that you would follow that Love to any port, any mountaintop, any desert! For it is that Love that you have for God that is the Great Magnet that allows you to hold body and spirit together as one in the Presence, etching upon the screen of your life all that is required and all that is desired by your own I AM Presence.

There will come the time when you will have such an elevated Vibration, such an awareness of God that you will no longer think with the outer mind, but you will have the Thought Patterns of your own God Presence etched into your consciousness as that Mind of God re-forms, re-fashions even the very brain cells to be far more receptive to the subtleties of your own God Presence than the pounding of the human consciousness with its riptides of thought and feeling that would pummel your very existence. You will also discover that when once you have passed beyond this threshold of awareness of God in your life, there is no turning back. For you are living a

new life. You are embracing a Realm of Vibration, of Consciousness, and of the Fire that is so familiar — familiar because the Flame upon the Altar of your Heart that has been nourishing you, lo, these many lifetimes, is native to this Realm.

And as you have begun to put on that Garment of the expanding Flame of the Christ Consciousness, you begin to understand firsthand what the Teaching of the Ascended Masters is really all about and why the August Ascended and Cosmic Beings, the Angelic Kingdom, the Elohim, and the Elemental Forces of Nature have all elected to come together in a unified action to bring to your awareness what is expected of the Sons and Daughters of God — what are the Responsibilities; how you are to fulfill the Necessities of the Law; and, in doing so, how you must return all back to God, placing everything in your life upon his Altar so that it might be used and reused, refined and fired by his Presence to continue expanding the Attainment and Mastery required of you.

How glorious is this time you live in, when the Dispensation of the Lords of Karma and the Cosmic Councils has deemed the time and the cycle nigh to draw back the veil and reveal the Higher Truths of Cosmic Law, to give you the instruction formerly referred to simply as the "Secret Rays" that you now understand to be the great Pranic Breaths of Life. And when I, Archangel Agapiel, stand in your midst, your Heart stirs in recognition of my Flame! And as that Consciousness of your own Heart Flame meets mine, there is a unity of Perfection that instills greater hunger for more of that Presence of God to well up within you and draw you closer to the Presence, the Most High! When this has occurred, I shall have performed my Perfect Work! My Holy Angels will stay by your side maintaining the outpost of their Service to that Flame upon the Altar of your Heart, constantly reminding you of the Charge of Light that you have received and the Form presented to your consciousness to hold as that expanding Flame of Sacrificial Love that you will extend to God in all of Life.

Throughout your service, you will find that there are those times when the distillation of God's Love will be condensed in such a Fiery Action that the Ruby Fire of that Love will consume on the instant all recalcitrance and negativity! Understanding how to draw that consciousness more into your life will perhaps be the work of an entire lifetime.

First, you must know with absolute certitude that the Presence of God even exists. Then you must have the full understanding of the Threefold Flame and how that Threefold Flame interacts with the great Pranic Breaths of the Elemental Forces of Nature and how, when there is the cognizing of the Fires of the Heart, you can expand and contract that Flame according to the requirement of the hour. Knowing how intense the Ruby Fire can become, you soon learn that it is wise to hold that consciousness in the forefront of your awareness only as long as the need presents itself and then, having released it, allow your own God Presence to continue to sustain that Charge for you as you return to the benevolent Love of the Heart Flame that you extend to all of Life.

This will begin to show you, blessed hearts, how exacting you can be when utilizing the Flames of God Consciousness through the Heart Action to facilitate with and through the great Pranic Breaths all that must be designed, created, and formed. Putting on the Consciousness of your Mighty I AM Presence as this Activity of the Flame of Love as Sacrifice allows you greater Compassion for all of Life. For you begin to understand with the slight moving of the dial of consciousness how quickly things can go from a positive, uplifting Vibration to a negative, destructive vibration; and you begin to have compassion for those who know not the difference and live their lives under a cloud of negativity.

Blessed hearts, it is our Hope and our Desire to come as close to you as possible so that you might adopt the Patterns of Perfection that we hold in our Consciousness, thereby living a life that you are sure your Presence has held in the Consciousness of the Mind of God for you to exhibit. How glorious it is to see those of you who have learned to put on this Garment of the Lord and to wear it unapologetically so that the Light of God may shine forth from your countenance!

I, like the other Archangels of the Pranic Breaths, come throughout this cycle to prepare you and remind you of what is required of your lifestream so that you might enter into the new cycle with the full awareness of all that is possible for you and all that you can do to prepare your consciousness to be more receptive to the release of Cosmic Light during the coming Christ Mass and yes, blessed hearts, during all the respective Celebrations that go on, not only in the Earth but in the Ascended Octaves! For we, too, celebrate certain "Holidays," if you will, when the release of Cosmic Light comes forth, establishing Holy Days, and we, too, are Blessed!

We receive that Light; and as quickly as at all possible, we turn our gaze to the Sons and Daughters embodied, to the Elemental Forces of Nature, and to Life in all its forms to release what we receive to those who are in need and to reinforce the Patterns of God Identity that must be released from the bondage of negativity. How glorious it is to participate actively, consciously in the lifting of the burdens off the shoulders of mankind and off the elements so that there can be a greater portion of the God Qualities and the Presence of the Elohim in their Divine Perfection fashioning and forming ever new creation and responding on the instant, pouring out upon the Sons and Daughters of God all that is required for the cycles of initiation that they are to embrace and pass through victoriously.

Blessed hearts, you must be strong and courageous! You must not approach life in a lackadaisical manner thinking, "*Comme ci, comme ça*. All is right. Surely my Presence will clear everything out of the way. I need not engage in the disciplines of the Law." That is not the Path. The Path requires you to be engaged, for you to make the conscious determination to be in the Presence of God! To behold the Light of God! To embrace the Responsibility for Life, your own Life, and then, ultimately, the Life of all! For after all, you are, blessed ones, able to draw forth the Light into the earth planes, the water planes, the fire planes, the air so that there is the purification of the consciousness in each plane of consciousness that is worn by mankind and where individuals find themselves currently embroiled and where the Light of God must perform its Perfect Work!

Your Calls, when you give them forth in the name of your Mighty I AM Presence and the Ascended and Cosmic Beings, allow for the assistance of all throughout the Cosmos in the Ascended Octaves to answer and release their Light and their Momentum into that plane of consciousness wherever travail may be encountered, wherever there is the residue of human thought and feeling or the binding of the very Heart Flame of a precious Son or Daughter of God.

Knowing this should give you greater sense of purpose and well-being. For even as you are fulfilling the Divine Nature and Law of your own God Presence, you are assisting your brothers and sisters of Light upon their own journey of discovery of their Presence. How glorious! How exciting! Thus when we, the Archangels and our Legions of Angels, come into your midst, we are so joyous to clear away every debris of human thought and feeling and assist you in knowing your own Heart Flame.

**I, Archangel Agapiel, stand in the Earth this very day and
proclaim a new beginning for your life!**

For tomorrow should be different from today! And the day after that should be different from tomorrow! For you should have a sense of the acceleration of the Fires of your Heart Flame each day in contrast to the day before. For that is when you are sure there is an acceleration of the Fires of the Heart drawing you closer to the Love of God and the presence of the Purity of the nature of your own God Presence. That is when you become aware of how important your Life is in the glorious Fabric of Life, assisting those who do not have the benefit yet of knowing of the Presence of God as you do.

Undoubtedly you can elect to continue to wrestle with human creation, with the riptides of thought and feeling that are prevalent throughout the land! But there comes the time when you must center your attention upon the Presence and draw that Presence into your life, galvanizing every erg of the energy of your being to circulate in, through, and around the Flame of Love of your Heart, drawing you into that Oneness with God at every level of your being and preparing you to hold fast to the Flame, holding the balance for the rest of humanity that desires to continue moving in the realms of human thought and feeling to create more human consciousness in all of its forms, to reside in and accept lesser states of awareness than the Christ as the norm for humanity.

We, the Archangels, know well the Purity of God! And we hold fast to that Purity, never once lowering our gaze or the Fire that we send forth into human consciousness. Wherever that vibration is, on the instant, our Fire goes forth and consumes it without ever registering it within ourselves. And this should be the state of acceleration you maintain so that as quickly as you become aware of discord, your Christ Presence pinpoints the negativity and sends forth the Light of the Mighty I AM Presence through your spiritual centers, consuming the negativity on the instant — sometimes even bypassing your outer awareness in the process.

This is what is meant by the Mantle of your Christ Presence maintained always about you! This is the state of Being, that Responsibility that you desire to move into as the expanding Flame upon the Altar of your Heart prepares the fabric of your being and establishes not only a Vibration but sufficient Momentum so that as long as you hold fast to that exalted state of Being, there is the acceleration all the way to the Ascension in the

Light! And we, the Archangels and our Legions of Angels, all rejoice when that Victory occurs! For we understand the great degree of Mastery and Attainment that is required of you as well as the striving that you have already gone through and the Momentum that you have had to garner in order to make that Ascension a reality!

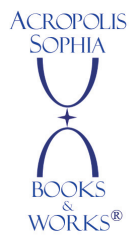

Your Presence, blessed hearts, is vesting you with the ability to create worlds! Take your lessons to Heart! And as you elect to engage in the greater Heart Flame of God, recognize that it will take great courage, great stamina for you to hold the Fires of God steady within your countenance! But it will all be worth it, for at some point in your gaining of Attainment, you will discover the glorious Realm of the Christ Presence that is so close at hand and desires to truly be the full expression of your vehicles of consciousness.

Let the Light and Love of the Heart of God forever be yours to command as you call forth the Love of God and draw nigh to the coming Christmastide cycle prepared in consciousness, ready in the vehicles of your outer bodies, and filled with Light so that you might be lifted into a new level of Divine Awareness!

Come! Come and be in the Presence of the Most High as the Cosmic Light pours forth and washes clean the Earth, setting in motion greater acceleration for the Earth!

BE THE FULLNESS OF ALL THAT YOUR PRESENCE DESIRES OF YOU, AND YOU WILL BE READY!

Archangel Agapiel

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
