Your Presence Desires to Offer the Waters of Life to All!

IAM Anankiel, Archangel of the Fourth Pranic Breath that you have long called the Secret Ray of Necessity.

You have engaged in the teeth of life wearing physical, emotional, mental, and memory bodies, not always understanding how to draw forth the Flame of God into them. All the while, the open door of the Heart has remained steadfast to the Edict of the Mighty I AM Presence to go forth, multiply, and magnify the Christ Light, weaving the Fabric of God, distilling it into all of the planes of consciousness, thereby manifesting God upon Earth.

When you, as this Christ Light, have mastered certain elements of these planes of consciousness, you have by Necessity been required to hold fast to the disciplines of your emotional body. For after all, would you have the precious Light of God given unto you daily by the Mighty I AM Presence and the Heart of God in the Great Central Sun squandered into nothingness, miscreation, negativity, creating more karma and obligating you to bend the knee before the Altar of the Most High and call forth the Flames of Transmutation?

This Necessity, blessed ones, is a great challenge indeed for the Sons and Daughters of God. For you must understand, first and foremost, that the Presence of God is in its rightful place when the God Qualities are unfurled and expressing through all your vehicles of consciousness. That does not mean that you somehow adopt the most attractive of what mankind has created as their human creation and then paint it with an overlay or patina of so-called "good" that only appeals to those who are steeped in human consciousness.

When the Mind of God is at work in your life, all of the vestiges of your human creation must be set aside so that when the Mind of God determines to impress upon your consciousness an area of life that you are to excel in, to deposit the Charge of Light of your Mighty I AM Presence, to send forth the Ray that will facilitate the multiplication of that specific God Good, the Divine Mind may do just that so that you might be of greater assistance to those around you who require more of the Presence of God! That you might love greater! That you might have all that you require to continue to manifest this Presence of God daily in your life! Note, I did not say that you are required to build up mansions of glory as worldly acclaim or to accumulate the material wealth of this outer world but that you are to have enough of the Presence of God active in your life sufficient to draw forth every increment of God Consciousness that you require at any hour of any day.

You are tested constantly upon these areas of life so that you might be reminded of what you must *not* do as well as what you *should* do. What is the vibration that you are engaged in? Is the harmony of your being as deep as the ocean and as strong as the Golden River reinforcing these waters so that you might glide effortlessly with the Mind of God upon waves of God Control?

Note, I did not say that you would control the Mind of God but that you would have such Power within your emotional body — charged with the Light of God but unmoved by the riptides of human thought and feeling — affording you the Christ Consciousness that is the foundation upon which you can create, drawing forth the Emerald Matrix, establishing the Presence of God where you are. For even while you may be challenged at every level of your outer vehicles, nonetheless, you give not one erg of energy to unreality. For it has no power! For you understand the Power of God! You have absorbed God Power into your consciousness. You have felt it moving through you. You have allowed the Presence of God to act in your world because that Power is locked in the Charge of Light of your emotional body, maintained and ready to respond to the Mind of God on the instant.

Then you need not scurry to your altar to regain your composure, your harmony, or to build up the Charge of Light required to carry out the Necessity of the hour. Rather, you have the reserves ready on the instant to

create, to fashion, multiply, or expand the awareness of God and whatever is the requirement of the hour. Perhaps many of you have thought that all that you have learned of Cosmic Law was mere theory and that someday enlightenment would simply dawn upon your consciousness, affording you all that the Masters of the Light of God have spoken about to you, all that they have conveyed of their Momentum and God Consciousness.

Many times you say to yourself: “Why have I not experienced the magnitude of what I thought should occur? For after all, I have followed the requirement of the Path to engage in the Light of God by my Decrees, my Affirmations, my Meditations upon the Mighty I AM Presence. And yet, there is still something wanting that I cannot seem to satisfy, or the affairs of the world have not responded to my Decree. What have I missed along the way?”

The answers to those questions, blessed ones, are as numberless as the stars of the firmament. For each one must examine in his own life what it is that is not allowing him to stand fully beneath the canopy of the Light of his Mighty I AM Presence, giving unto the Presence the Authority to come to the fore and to conduct the affairs of each one’s life in accordance with the Divine Blueprint and Pattern of that Mighty I AM Presence for its lifestream in the physical octaves.

After all, it is not that the life of the outer mind or the outer emotions or the physical body is ever really separate and apart from the Mighty I AM Presence. These bodies were fashioned by the very Presence of God in and for the very action, disciplines, expansion of the Light, and fulfillment of the God Intent deposited upon the Threefold Flame of the Heart. And that Presence of God in its ever-present flow into the Threefold Flame as the very Heart of God is always expanding, always thinking, always touching, always becoming. And therefore, you can never for one moment think that you are outside of the Fabric of God if you have breath, if you have the blood flowing through your body, if you have thought with which to focus upon the Mighty I AM Presence to draw you higher in Vibration so that you might be drawn up into that Divine Realm, not caught up in the riptides of the mass consciousness but elevated into the Fullness of the Mind of God, understanding that if there is a torrent of agitation or negativity churning within your emotional body, you are not fully vested with the accelerated feeling world that would enable you to elevate into those Higher Realms.

Many wonder why they have been caught in the astral plane in their dreams or even in their waking state. It is because you have depleted your emotional body of the necessary Charge of Light that is that very Charge that the Angels of Necessity's Ray could not and would not be able to function without. That Charge of God Consciousness is all important to the Attainment that you desire and that you require for your Ascension in the Light. And when you begin to understand how the many situations in your day-to-day life strip away the very precious Charge of Light that you require because you have not held your harmony, then you will begin to understand why there is a shortage of Christs upon the Earth and why *we* come to you frequently to remind you of the charge of Responsibility that you as a Son and Daughter of God have to fulfill. For not only is it for your own Mighty I AM Presence that you are to draw forth this Light, this Charge of God Consciousness, this Lightning of the Mind of God, but it is because you are the Hope of the world! And you cannot despair if you seem to be in the minority!

Throughout the ages, all Christs have been in the minority. And to truly affect the tide of human consciousness, it takes many, many Christs to raise your voices on high, to expand the Threefold Flame of your Hearts to leap in expansion and Vibration into the Mighty I AM Presence so that you stand as a Pillar of Light charged with the Responsibility to feed the flock of mankind — though they know not your name, though they haven't a clue as to your service to their life. Your Presence, through these outer vehicles, desires to offer the Waters of Life to all who are ready to receive, to allow for the current of the Cosmic Light to flow to them at the appointed hour when they're ready to receive it — *all because you have attended to your altar!* You have come to this Altar 'neath the canopy of the Etheric City and allowed your bodies to be elevated into that Etheric City daily, nightly so that you are saturated by the Charge and Consciousness that you receive, transferred sufficiently to the memory body to transmute and displace all worldly human creation that you have allowed to reside within that memory so that that God Consciousness might be distilled into your outer consciousness.

As you have begun to realize by the coming of the Archangels of the great Pranic Breaths, you cannot merely put your attention upon one of these Five Sacred Elements, for they all work in concert, one with another;

all the while, they are worlds apart in Vibration. What is it that knits them together? It is the Heart, the Secret Chamber of your own Threefold Flame, that allows all of your vehicles to come together, each in its respective plane of consciousness yet acting as one to stretch forth the Fingers of the Mind of God, the Power of God, the Love of God to affect all Life in all planes.

You cannot despair if all about you are blind to the Hand of God at work and choose to live lives that are in their own worst interest. You cannot accept the responsibility for their choices. After all, they have freely chosen to ignore the Will of God. That is what is meant by Free Will, you know. It is the Will to choose God or the absence of God.

Therefore pray, decree, meditate upon the whole of the Fabric of God that it may begin to descend into the consciousness of the masses so that increment by increment they may be elevated sufficiently to make better choices, to prepare their lives to receive more of God Good, and to maintain Peace in the land. For in the absence of Peace, there cannot be the transfer of God Power. And though you may look upon many warring factions in the world, there will come that time when even those — regardless of what seems right to themselves today — will be required to lay down their sword and their shield and become vulnerable to God that his Presence may flow into the land to be that Great Defender, to be the Power that will right the wrongs and establish his Presence upon the Earth. Hold to this Vision in the full Faith. For already in your own life, you have come to realize the signs of the Presence in all of their glory! And as you stand as a Pillar of Light with full Faith and the Charge of God Consciousness, you bring Hope to the world. And suddenly, the many begin to relax the churning in their emotional bodies. They begin to understand how great is the opportunity in their lives when they have maintained even a modicum of harmony and how, suddenly, all things begin to work to the right for them.

You, blessed hearts, are performing a great service to each Mighty I AM Presence that is incarnate as a lifestream in the Earth. If you were not making the Calls and drawing forth the Pillar of Fire as you do with your Decrees and your Vigils, can you begin to imagine where the world would be? Certainly there would be greater turmoil, greater warring, greater cataclysm. So you cannot look at any event and think that you did not make the Calls correctly. You must have absolute Faith in your Mighty I AM Presence. You must allow your consciousness to release its fixation on the earthly

planes of the human creation of thought and feeling and physical that have manifest in the Earth. You must instead allow your consciousness to soar into the Heart of your Mighty I AM Presence. Have the courage to make that leap so that you are not left behind to sojourn indefinitely amidst the riptides of human thought and feeling of the masses, so that you become a Light and a beacon of God Consciousness that others might follow.

For when you make your Calls to the Heart of God, that Light that returns from your Mighty I AM Presence, from the Ascended and Cosmic Beings as a result of your Calls does spark an awareness within each of the I AM Presences currently embodied in the Earth as Sons and Daughters of God. They know what you do for them at the level of the Presence. There is great gratitude that will never be fully expressed on the physical octave, short of what we are able to convey to you through our Anointed Representatives from this Altar. But you must embrace enough faith in your life that whatever is the Will of God will come to fruition in your own personal life because you have followed the dictates of your Mighty I AM Presence at every turn, and you have established the current of Light through the Threefold Flame of your Heart that will cause you to be in the right place at the right time, that will elevate your vibration to carry you into the fullness of the requirement of the hour and, ultimately, into the Ascension in the Light.

I, Anankiel, understand how seemingly difficult it is for Sons and Daughters of God moving in, through, and around the mass consciousness and darkness so prevalent in the land to vest themselves with the Charge of Life from their Higher Vehicles. And yet, that is the requirement if you are to fortify your own emotional body as you must. The waters of this vehicle must run deep with the Power of God and must move silently in the required Harmony.

Allow *my* Angels to assist you, not only during this cycle when you are preparing your vehicles of consciousness to receive the Cosmic Light that is forthcoming but every day of your life so that you will remember the Charge of God Consciousness right within you, so that your Heart Flame will lead you into the fullness of the realization of God and allow you to have the transfer of the Charge of Light into your emotional body to more powerfully facilitate the acceleration of the Presence of God as a Pillar of Fire evident not only to your own lifestream but to those around you and, most assuredly, to the collective Presence of God in the Buddhic Realm.

O blessed hearts, allow for your Presence to electrify you, engage you, direct you so that you are prepared at the appointed hour to have sufficient Charge of Light within your emotional body to guide you into the Ascension Current.

I, Anankiel, Archangel, stand in the Earth! And I proclaim a day of rejoicing for all that you have already accomplished. For after all, you have heard my Address and my Instruction. Take it! Internalize it! Let it become a part of the fabric of who you are! For indeed, it is the Cosmic Truth that is required for the fullness of all that you are to become and all that you are to accomplish while in this glorious realm of the earth plane. Do not think for one moment that somehow you are an outcast upon the rough seas of life. No, blessed hearts, you are the Beacon of Light that others will see, will take hope in for the future of their own life. Let Hope prevail throughout the coming time for all who require a focus for their attention until they learn of their own Mighty I AM Presence as the Source of all Life for them.

I thank you for coming to this point of awareness in your own life! And I commend you to the Cosmic Light, for Earth requires it! Your Mighty I AM Presence desires it! And your own Heart Flame hungers for it.
