Awaken the Heart Flames of Mankind!

Mankind! Awaken to the Light that abides upon the Altar of your Heart! This is the Christ Light shining within you, so that you might shine forth the Light of your God Presence, so that you might fulfill your destiny — here and now!

When the Light streams forth from my countenance, my Momentum is to engage your own vehicles of consciousness so that you will be lifted into your own Christhood. Then, as you give the I AM Affirmations in this exalted state, you will possess the understanding that it is this very Christ Light — the Mighty I AM Presence within you — that is the Source of all that you require, all that you need to overcome life's challenges and to gain the Mastery that you have come into embodiment to achieve! For it is not sufficient to merely live life, one lifetime after another, coasting along, ignorant of the Blessings of God that you could draw into your life and share with others.

It is this Light, blessed ones, that I desire for you to touch, to make your own! For in so doing, you are filled with Love. Your countenance is peaceful, harmonious. Your foot is sure as it takes each next step in your life. And those about you are always blessed to have you near, for they commune with that Light that you draw forth. Your Light activates their Light, activates their Heart, filling them with Joy, Peace, and the Love of their own God Presence! So you see, blessed ones, while your

Presence is capable of supplying the Light for all that you have within your life, it likewise primes the very vessel of the Heart of each one who touches that Light to draw upon their own God Presence. This is how the multitudes are caught up in the elevating Vibration of the Christ Light.

When the Holy Angels of each of the Rays of God Consciousness go forth, radiating their Momentum of God Perfection, their nearness activates records within the divine memory, fanning the Flame upon the Altar of the Heart to recall those times when that lifestream was one with the hallowed Perfection of their own God Presence — either before their first incarnation or between some of their incarnations, where there was a God Momentum established at inner levels to stay the course throughout the ensuing incarnation.

You, blessed hearts, are blessed beyond measure to have recognized your Mighty I AM Presence, to have found your place upon the Earth where you may pray, decree, affirm the Name of God, I AM! Where you may hear the Voice of God released so that as Dispensation is given to reveal the Teaching of Cosmic Law to the outer consciousness of mankind, you are here, ready to receive it, not putting worldly things of unreality before the highest priority of your life, but making room for God in all of the varied dimensions and Forms that God reveals to you, and putting your own God Presence before all else.

Each time there is an Ascended or Cosmic Being that steps forth proclaiming: "I AM THAT I AM," teaching and instructing, charging your vehicles of consciousness, there is greater opportunity for you to accelerate. Every moment is a Dispensation so that you have the glorious opportunity to constantly accelerate. You are not the same today as you were in times past before you knew of the Mighty I AM Presence, before you had invoked the Violet Flame, before the Teachings of the Ascended Masters were lowered into your outer consciousness so you could begin to make proper sense of life!

When you consider the doctrine and dogma preached in the churches of the world, in the synagogues and all of those places where the faithful try to worship God, so much is filled with myth, and Cosmic Law has been skewed, or worse, distorted beyond recognition. And thus there is a confusion in the outer mind! Thus the heart cannot believe it! And thus,

the multitudes shy away from putting their attention upon God. “What does it matter?” they say to themselves because their own association with those who purportedly know about God does not register within their own Heart Flame and ring clear!

And so these multitudes of God’s children would rather wander in the wilderness of unreality, searching for anything that charges them, anything to activate the record of their own God Consciousness and allow their Heart Flame to soar. Many choose to spend most of their attention upon their professions, making that their God. Many make their associations with other people their God. Many make their day-to-day life a platform upon which only unreality is fostered and created.

By the Grace of God, you have learned there is more to life. With that knowledge comes Responsibility, Responsibility to minister to and serve those who know not, to have abiding patience, to have the Comfort Flame that you extend, to give of the Love of God that has been given freely to you, to look past the foibles and the misgivings, the hurts, and all of those slings and arrows that are pitted against you by others and recognize that within all of that unreality burns the Flame of Truth that abides forever! There the Christ Light burns as the Unfed Flame upon the Altar of your Heart. That Flame within them is what you desire to speak to, to serve, to reach!

And when you touch that Flame, the barriers that are so easily hoisted to bar the very honest and true communication that might otherwise occur begin to fade away and dissipate, allowing for one Heart to speak to another and for the Flame of God to abide, to bring clarity, vision, to still the confounding confusion within the carnal mind of unreality, and to let Peace be the cloak and garment that each one wears, keeping out the coarseness, the questions and doubts, the human fears, and so allowing the Heart Flame to expand and flourish and to be the Fullness of all that it is supposed to be — the Flame of God within you!

Blessed ones, I call to all mankind to remember, to awaken to the high ideal that you, too, can proclaim the I AM Affirmations and put on the Light of the Christ! You, too, may stand as a Pillar of Fire under the canopy of your own God Presence and be the Light that lights the world! That is a Golden Age. That constitutes a transcendent civilization

where no man, no woman suffers in loneliness. None are forgotten. Nor do they have the experience of being shunned. All are welcome! All are extended the Flame of God and the Momentum of the Christ Light to come and enter into Holy Communion in the Light of God. That is what Cosmic Beings for eons of time have sought to share with mankind. Their Blessings guided me in my final incarnation and gave me the courage to proclaim "I AM THAT I AM" in the Presence of God, to know that this earthly life is not all there is to the fullness of life divinely intended.

I stand before you this day, testifying to the ongoingness of life and the fullness of that life as the Rays of God Consciousness stream forth from the ascended state to so assist mankind to create more of God in all of the varied avenues that God is and ever will be!

You, blessed hearts, are just beginning to recognize all that you are capable of achieving in the Fullness of the Presence of God! It may seem as though you have learned little, but even in this beginning state, you have learned a great deal. You have already internalized the Faith in the Mighty I AM Presence! You have heard, and you believe the I AM is your True Identity! And thus, you have greater patience with your outer vehicles. You have the ability to look beyond those areas within others that are less than the Vibration of the Christ. You have a co-measurement for your own Christhood, and at every turn you strive to maintain it. You invoke the Light of God daily so that you are never without the Divine Source to fill your own life and all whom you serve.

And yes, blessed hearts, serving others is one of the highest callings! For in the extension of the Flame upon the Altar of your Heart in all the varied ways that you are called upon to give, you will accrue much Light, much momentum of good karma, much extended opportunity for your lifestream, expanded Attainment and Mastery. For Service, blessed ones, is the way you learn to work with the Light of God and to put it to the highest use! What higher use could there be than drawing forth the Flame of God from within the Altar of the Heart of another and allowing that Flame to unfold the Fullness of the Truth of its God Identity? That response within another, blessed ones, shall bring you great Joy when it occurs!

And you cannot take credit for it with your outer vehicles. For these outer vehicles in and of themselves are just that, vehicles of conveyance of the Presence of God that you are — the hands, the feet, the mouthpiece, the thoughts, the energy — all are the actions of your God Presence when you allow the Holy Estate of your Christhood to surround you and to hallow space where you are.

That, blessed ones, I wish for you! I hold dear in my Heart the day when each one upon the Earth who sincerely desires to be in the Presence of God will have the realization that the Heart Flame within them is expanding, glowing with the Light that cannot be denied! This experience in itself is a momentum that will carry you into a greater level of Attainment and Mastery, of Service, of Godliness! Then when you are called upon to stand and witness to the I AM, you, too, may be christened the “I AM Savior!” For you know, as you have been told this day — the I AM SAVES! Thus my very Name, Jesus, reveals the Truth and God Identity that is the natural estate of all things, all peoples, and thus, allows for the Fullness of God to be experienced here and now!

You need not wait to ascend in order to experience God, though the Ascension is the goal and the destiny of every Son and Daughter of God. You may experience God this very hour! Allow your Heart Flame to soar. It will clear your vision. It will open your hearing. It will deposit within you the Harmony that you require. And the Glory of God will continue to expand and expand and expand as you build upon that experience, and have one divine experience after another in the Glory of God! And that, blessed ones, will multiply and magnify all that is good in your life and allow you to step forth in the Fullness of all that is and all that ever will be, as your own Mighty I AM Presence! That is who you are. That is your life. The discipline of incarnation is in first remembering and then internalizing that Eternal Reality!

When you have accomplished this, your Presence is oh, so satisfied, grateful, and yes, ready to call and receive home into that Oneness of the Ascension all of these outer vehicles, as well as all the Attainment and Momentum of God Good within your own Causal Body that you have established throughout all of your incarnations. For you will have

completed your work. But while you are about the work, let it be the Work of God! Let it be the Work of a Christ! Let it be The Good that you bring forth!

You know not the remaining days of this incarnation, for they are numbered by your own God Presence. Let each day count! Let not one moment pass that you are not in rapport with the Flame upon the Altar of your Heart! Let the Fullness of God be always ready to flow forth from your countenance. And let the Glory of God be your proclamation as the Christmas Bells ring out, proclaiming, "A Christ is born!" Holy is the God Estate and Holy the feet of every Christed one. And thus hallowed is the very ground — the earth, the water, the fire, the air! All absorb the Charge of the Christ Light and the Momentum of your God Presence and are blessed beyond measure!

Let that Light abound across the Earth as the Bells ring out — Christmas is the Christ in all!

Jesus

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
