I Herald the Coming of the Archangels!

Blessed Sons and Daughters of God,

I come today to announce the coming of the Archangels, one and all! For even as in the era of my birth as Jesus upon the Earth the Angels announced my coming, so it is only befitting that I should ring out the Bells of Joy to announce their coming! For on this occasion not merely one or two of the Archangels, or even five or seven, but twelve in number will address you, together with their Divine Complements, so that you will have the touchstone of their God Reality, of what it is like to have the Charge of each one's unique Momentum and God Consciousness when they come into your midst.

Many of you have already been introduced and, yes, been served by the Flame of these Archangels. But you will have the co-measurement of first one and then all the others, of their Individualization, of their Keynote Identity, ready and willing to serve you as you call forth the Ray and Service of each specific Archangel and their Legions needed to assist you at a given time or cycle according to the Necessity of the Law.

Blessed hearts, it is in the conscious learning of the interaction of the Three Kingdoms of God that you are assured your Victories and ultimately your Ascension in the Light! For with the Conscious Cosmic Christ Command you call forth the Divine Light of God, the Divine Life of God, and the Divine Consciousness of God, bathing your outer vehicles in the Light and the Momentum that will raise them above the fray, allowing your vehicles of consciousness to soar in the Vibration of the Light of the Christ, putting on

the garment of the Virtues of the Christ, and exercising the God Qualities so that your vehicles of consciousness will ring out the Momentum of Godliness that is the keynote of your own Mighty I AM Presence.

Throughout the ages, you have moved within the Earth currents and those of Water, Fire, Air, Akasha. You have discovered for yourself those moments of high attunement that you thought surely were as high as possible while yet in embodiment. But I tell you, blessed ones, when you entertain the Holy Angels and allow them to sweep you up into the current of their Momentum and their God Consciousness and then allow for the electrifying of the elemental forces through the Charge of Elohim, you begin to see how all these currents of the Three Kingdoms of God come together — united within your own Threefold Flame of the Heart, for that is the Seat of Authority of each of your vehicles of consciousness. And when you establish your Heart Flame as the anchor point and Authority over the Three Kingdoms, you shall have all that you require to establish the Kingdom of God on Earth and fulfill the Divine Destiny of your Mighty I AM Presence!

At this point in your life you may not know exactly what your Divine Plan is. And oftentimes you may think you know what it is, only to have it clarified and brought into focus as you go through the years of an incarnation. For there are steps, blessed hearts, leading to the fulfillment of your Divine Plan. Many times your Presence requires you to develop new momentums in different areas of life, where you are required to draw forth additional God Qualities and begin to hone and fashion to greater Perfection certain of the Virtues of the Christ.

In all of these endeavors, blessed ones, you are assisted by the Archangels and their Legions of Angels. They come forth even when you have not called them, to answer the silent call of the Flame upon the Altar of your Heart or in response to your own Mighty I AM Presence. But when there is that conscious cooperation and conscious interaction between the Angels and your outer vehicles, in full accord with the Divine Plan of your lifestream and the Will of your Mighty I AM Presence, you can begin to see how glorious is the opportunity to call upon these Legions of Angels that will assist you in staying the course without deviating, without veering off into areas of unreality that in times past have caught you up in all manner of ungodly momentums, taking you far afield from the Truth of your own God Identity.

So you see, blessed hearts, when you anchor the Flame of God in your life, when you develop the momentum — as you were taught just recently by Gautama — of deep Peace that is required to hold fast to that Vibration in

God, you can begin to see how with training you can draw forth the Power of God and all of the Qualities of God, all of the Virtues of the Christ, and all of the Momentum that the Elohim, the Chohans, and the Archangels desire to bestow upon you to culminate as the Victory of your life.

And that Victory is what you have come into embodiment to achieve — not merely to meander day in and day out, taking life as it comes haphazardly to you, or acting out your own karmic patterns. No, blessed hearts, you are intended to put on the vehicle of your Christ Light, to establish a rolling, overcoming Momentum that will take command of your life and no longer allow for the outer circumstances of human thought and feeling rampant upon the Earth to tear you away from the point of center that you require to know the Will of God, to follow the Love of God, and to have the Wisdom of the Christ Light shining brightly within your crown as a beacon of Light that is responsive to the *Shield of Elohim™*, that understands the Fullness of the *Pharos of Hierarchy*, and is able to embrace the Fullness of the Hosts of the Lord. As these glorious Archangels stand round about you with their Legions fully engaged to attend to your Flame and to those energies and momentums in the Earth, they are clearing the way for your ascent and your Victory in the fulfillment of your Divine Plan.

O blessed hearts, how glorious it is to stand in the Presence of God. The Joy is far beyond what you can even begin to conceive while you are in physical embodiment. The closest comparison is that abandoned joy that a little child expresses when they know no burden. For they are free of all restrictions. They think that life is all for them, and indeed it is. But somehow as you have grown to maturity, you have forgotten that life is for you! Life is to respond to the Flame upon the Altar of your Heart! It is to be fashioned and formed! And you are to live that life according to the Light that your Presence has designed for you.

And that Divine Design is what the Holy Angels hold dear. For they know the Perfection of the Light and the Divine Attributes that you are to sew into the fabric of life, unique and Holy to your Mighty I AM Presence. They have the ability to hold to that Pattern of Perfection that is the Design of your Mighty I AM Presence. They do not waver. They do not give up on you, even should you cast them aside in moments of doubt, fear, or disbelief.

Furthermore, blessed hearts, know this: in time, the Flame upon the Altar of your Heart will announce to you that the Angels are ever nigh. They are forever coming to assist you, to hold you up, to give you a Charge of God

Momentum that you need in that very hour! They come to protect you, to teach you, to give you comfort, and to stand in your midst.

And though you may think you are all alone on the face of the Earth — just you and your initiations, and woe is you, for you seem to have failed so many — I tell you, blessed ones, when you have Faith in your Mighty I AM Presence, Faith in God, then the Angelic Hosts, God's messengers will come to you, winging their way from the Great Central Sun as Flaming Intelligences of the Purity and Perfection of The One God to stand in your midst! And as these Angels hold the balance for you, keeping at bay the world's condemnations, the world's impurities, and filter the very air that you breathe, the prana that you receive so that you might regain your strength in the Flame of God, then you will know the Presence of God and you will know you are not alone, no not ever.

In the midst of all turmoil, all battle, the Angels will be there. And when you have learned how to consciously call them forth, to be surrounded by *their* Momentum, *their* God Consciousness, consciously accepting *their* Protection, then you have nothing to complain about, to cast aspersions on, or make excuse for, for your Victory is assured! You need only hold fast to the Flame of God that is on the Altar of your Heart. You need only keep the Faith in God to maintain Hope for the future and to be embraced by the Love of the Angelic Kingdom. For the Archangels, one and all, are ready to announce to you the birth of your Christhood, the birth of your Victories, and to engage with you in the achievements that you are winning daily for your Mighty I AM Presence.

So as you take up your own course of study to prepare your consciousness for the coming of the Hosts of the Lord, you, blessed hearts, are reminded that the Flame of God upon the Altar of your Heart is your constant touchstone of Reality to the Mighty I AM Presence. And when you lose sight of that Flame, when your feeling world is no longer charged by that Flame, when the Will of that Flame is no longer burning brightly in your life, then you will know to call to the Archangels. You may call to them daily for their assistance. And even as you have already learned of the assistance of the Great Chohans, the Great Elohim, you are now preparing your consciousness for all that you will learn from the Great Archangels.

Come! Prepare your consciousness! Do not miss one erg of energy, one Momentum, one instruction that will allow your outer vehicles to enter into the training, to receive the Keynote Identity of each of the Archangels so that you might embrace them, drink them in, and know them for all time.

I, Jesus, will be present upon this Altar throughout the entirety of the New Year's Cycle, to teach and instruct from out the Great Silence, assisting your own Heart Flame to be ever more receptive to these glorious Archangels and all who come on their behalf so that you might truly know the boundless efficacy of the Fullness of the Three Kingdoms.

Let your Heart rejoice and be glad! For there has not been a cycle or a time before upon the Earth when the culmination of the Three Kingdoms acting together as one will have been so great!

I commend you for your God Determination and your enlightenment in the Christ Light, to know that the Consciousness of God awaits you and the Light of God is prepared for you. You need only, "Attend ye to the Flame!"

Jesus

Public addresses to the students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
