◆ Lord Maitreya ◆

Tucson, Arizona

God Comes Forth in Love and Joy!

In the Joy and Spirit of entering into the preparation for the New Year, all of Heaven streams forth their Love, their commitment to you! They desire to assist you in all of the trials and initiations that you must go through in order to clear away the debris of human consciousness, of your returning karma, of misconceptions and misperceptions of life. Helping you so that you might have the streaming Consciousness of your own Mighty I AM Presence announcing to you the birth of your Divinity in all of the Perfection of God Quality that you are to embrace and embody moment to moment, daily, yearly — throughout the entirety of your incarnation!

Separation from this Glorious Realm of God Consciousness breeds all manner of disease, discomfort, fear, doubt, and conduct that displaces the very Presence of God that would otherwise be present to direct you and guide you into the Fullness of the dimensions of your own Christhood and facilitate the overshadowing of you and your world by the Fullness of the Light of God that will assist you at every turn.

The Love of God that you receive when all is set and right within your outer vehicles is most difficult for some to receive. For in the present state of these vehicles, there floods into the mind the energy of doubt, and even more tragically, fear of the Hand of God at work in your life! But when you begin to embrace and understand how this glorious God Presence, streaming forth from the Heart of The One, from the Great I AM, is reinforced by the Momentum and multiplication of the Ascended and Cosmic Beings, you begin to realize that you are indeed a bona fide part of

the Family of God. And it is your right, your just reward for incarnation, to believe the very best of yourself! From this lofty perspective, you are free to absorb into your way of life the true Joy of living! Not the doldrums, not the despairs, not the confusions, but the understanding that through all things presented to you to teach you, instruct you, and encourage you, the Hand of God is at work, directing the very process that you must go through in order to gain your mastery and attainment and, once and for all, put on the Garment of the Mighty I AM Presence in the Ascension in the Light!

Through the gift of the Violet Flame, you are given the opportunity to transmute the old records, putting into the Flame all of your humanity and leaving that Divine Spark of God Reality as the Christ Vehicle to flourish, to radiate, scintillating the Fire of God, speaking directly to all that would oppose your Light:

“You have no power! Only the Presence of God will be where I AM. And thus, be gone!”

Then when your heart is filled to overflowing with the Joy of God Reality, you have a most precious gift to give to God in all of life. For your brothers and sisters, as the Sons and Daughters of God embodied, desire what you have come to realize as this Fire, Consciousness, Momentum, and God Reality of the Mighty I AM! And the greatest Desire of your own Mighty I AM Presence is that you learn how to give unconditionally of that God Substance to all of life. To some, this substance will be intangible, and they will, perhaps, receive only a small increment. But think of their quality of life prior to that increment of God Reality and Light. It could very well charge them with just enough Light to awaken the Heart Flame within them and start their own realization, internalization, and activity of communion with their God Presence!

Many times when I, Maitreya, come upon the scene of a lifestream ready to receive a major Initiation, first and foremost, I survey their present state of consciousness asking: "Are they filled with Hope, Faith, and Charity? Do they have within them the mark of God Consciousness sufficient to stay the course through the Initiation, to be able to hold fast to that Streaming Light of the Mighty I AM Presence flowing into their Heart Flame, feeding their chakras?" I assess whether or not they are sufficiently centered within that Realm of God Reality to keep them *balanced, clear, fearless*, all the while maintaining Purity in their consciousness?

Many times, after surveying their circumstances, I will recommend postponing the Initiation until the right cycle of preparedness for their lifestream arrives. For until then it would be premature and foolhardy for that one to engage. But what of the lifestream who is ready, who has honed and fashioned the disciplines of their Christhood, who has embodied the precepts of the Law, enabling them to exercise the clarity and the attunement with the Qualities of God and the Virtues of the Christ?

These valiant ones know themselves to be up to the task of holding fast to what is required. Certainly the Initiation will require more testing of the outer vehicles than has heretofore occurred. And the disciple will be sure that they are poised on the edge of an abyss — right at the brink of breaking — with not one extra erg of energy with which to *strive* and carry on! And just at that moment, comes the realization that in holding fast, even to that final moment, their striving proves sufficient to pass the Initiation! And the lessons are learned. The lifestream knows well just what it takes to reach that pinnacle of attunement, that *striving* and *Fearlessness*, accompanied by *Courage*, to meet the need of the hour! And having given every erg of energy into the Initiation — not holding back any part of themselves from their Presence, recognizing the inner Strength, the core Momentum of the Light within that was released — this total commitment makes the difference to thrust forward to Victory!

For those who have never consciously examined their life or considered certain everyday crisis or circumstances as Initiations, my words should afford them a new perspective. Therefore, blessed hearts, from this point forward, when you are faced with a challenge, with a situation in life that requires much of you, and the “you” that is required is the Flame upon the Altar of your Heart — as Wisdom, as Courage and Love of God that will strive, and as the Will of God divinely directing your course — then, be assured that your Mighty I AM Presence is involved in your life! Your Presence is streaming forth all of God Good so that you might be God Victorious, not merely passing your tests, patting yourself on the back and congratulating yourself for a job well done, but rejoicing in the ongoing momentum that is established as a result of the exercise of going through Initiation. Then look for the Joy that comes upon the Threefold Flame of your Heart as the Consciousness of your Holy Christ Presence revels in the exaltation that floods your being with God Consciousness as a result of having expended all and making your chalice ready for the new!

This “making all things new” occurs at the end of each calendar year when the annual cycles of your affairs, your associations, and your commitments are winding up. And you review the year and wonder, “Have I completed all? Have I engaged sufficiently to balance all that my Presence intended for me to accomplish?” Thus there is, then, this culminating end-of-year ritual leading up to the New Year, when you can call upon the Violet Flame to transmute any transgressions against Cosmic Law or your own Mighty I AM Presence throughout this year — including those transgressions engaged in unknowingly. All are committed to the Violet Flame to be no more.

It is this wondrous cycle of each year when you can prepare your consciousness to receive the charge of Lux Invictus! A time when the collective whole of the Brotherhood of Light receives and releases into the Earth a Momentum of Cosmic Light and God Consciousness to benefit all of God Life upon the Earth, they charge the Sons and Daughters of God to behold that Natal Perfection in the Heart of God that is their Divine Identity! Then at the stroke of the New Year it is indeed a *New Year*. A tabula rasa is made available to you upon which you may inscribe new patterns of life and momentum.

For once you have put into the Flame all that you are aware of, and you have called to the Presence of God to take all that you are *unaware* of, you are left with a pure chalice, with a pure and clear vision, with the desiring of God to fill your Chalice with that effervescent Charge of scintillating God Consciousness as Fire, as the Rainbow Action of the Causal Body of the Great Central Sun, intoning and reverberating the Consciousness of God. Then your own Causal Body will receive that charge, transferring those Divine Patterns of God Reality, streaming them through your outer vehicles of consciousness as creativity, as the emanation of God, as the Perfection of God, and as the Christ that you are!

And as you receive the Blessings of the Brotherhood of Light — multiplying, magnifying all that streams forth from the Great Central Sun, you become keenly aware that it is indeed a New Day. That those discordant records of what has occurred in your life prior to that moment or that cycle of Initiation are no more. Some may linger as a faint remembrance, but unless you work mightily to recall them, those occasions will not come back into your conscious awareness. For the Violet Flame, the White Light of Purity, the Emerald Ray, all will have consumed those

records; and you will stand in a new Garment of Light, ready to receive the instructions from your own God Presence and the Ascended and Cosmic Beings for the New Year as the Thoughtform beheld by all as the God Direction for your lifestream, as the Patterns and the Momentums that you are to forge at the behest of your own Mighty I AM Presence. This Thoughtform signifies the collective Momentum that the Brotherhood of Light desires to release, not impersonally upon the Earth but personally through the Individualization of the Mighty I AM Presence of each Son and Daughter of God embodied, so that each one might anchor, not only for their own lifestream but for the greater good of all, the Momentum of Godliness, Holiness, Sanctity in the Fires of the Mighty I AM Presence and be that example of the Joy of the Presence!

You, blessed hearts, are consciously entering into this cycle of preparation. When the Holy Angels come to tend to your lifestream, will they find your heart open and receptive? Will you welcome this God Direction for your lifestream? Will you remember your high and holy calling and what it was like before incarnation, when all was Perfect and Holy, all was Divine, so that you might hold fast to that Pattern of God Identity and let that be your Reality, regardless of the outer circumstances? For what is this outer life but temporal, finite!

You, blessed hearts, are more concerned with the Flame upon the Altar of your Heart and how the Holy Communion that you engage in with your God Presence allows you to not only move through this incarnation but through the records of all previous incarnations, through any future incarnations, on to the Ascension and your future as an Ascended Master! For that is the Reality, that is the Polestar of God Direction that you should align with so that you do not lose your way, getting caught in all of the highways and byways of human creation that may seem insignificant and harmless on the surface. But when you strip away the patina, you realize what is at the core lies the diversion of your consciousness and how far afield from the disciplines of your Holy Christ Presence such avenues of unreality of maya and illusion have taken you from reaching that apex of God Awareness, how they can prevent you from passing your Initiations, from garnering the Attainment and Mastery that you are to achieve and to multiply.

No longer is your path illusive; but the training of your outer vehicles and the perception which you embody is so charged with the God

Consciousness and Illumination's Flame of your own Mighty I AM Presence that you do not desire anything that does not come naturally and in Purity into your being.

And in those areas of your Path which you must strive mightily to achieve, you will discover the inner connection with the Heart of God, fueling the very desires of your Heart, instilling God Direction and the Will of God to spur you on! And through Wisdom's Flame, by which you recognize them, certain talents and momentums gained in your previous lifetimes will come streaming back — even unbeknownst to you their exact origin. Still they are your own momentums of Attainment! And when you have achieved all within your ability, your Attainment, your Mastery, you leave the door open for the Brotherhood of Light, the Holy Angels, the Elohim to assist you in the full completion of the task!

This Law holds a very real key to your Victory. For in the very moment when you know you have given your all and you wait upon the Lord, if you were to allow despair, desperation, and defeatism to roll in, you would shut down at the very moment when all of Heaven would have come to your aid! And the cycle would be lost, and you would be required to start over again from the very beginning.

So you see, blessed hearts, this cycle of the close of the year in preparation for the new is very important for your own peace of mind, your own sense of well-being. For it gives you the opportunity to reflect upon your life and those areas that require change. You realize you are given opportunity for change. Those things which have not risen to the level of the Vibration of your Christhood can be surrendered into the Flame so that you might start the New Year with a clean slate to write your *Record of Christhood*.

The coming New Year's Conclave and all of the Services leading to that cycle will be a series of Initiations, of fiery Releases on Cosmic Law to assist you in understanding how the culmination of all that you have externalized of God Good within the Realm of God Perfection is worthy of the Joy of the birth of your Natal Identity in God! And that Joy Flame, blessed hearts, is something that you can carry with you throughout the entirety of your year. Each time you may be tempted to say, "Woe is me!" or to wrinkle your brow, remind yourself of this my Address and successive Addresses from the Ascended and Cosmic Beings throughout this cycle.

God comes forth in Love and Joy! Therefore, how can you accept less than the Presence of God in like manner! Rather you must address every circumstance of life with the Vibration of God Reality in Love and Joy! In doing so, you will know Peace. You will know Harmony. You will know God Gratitude. You will know Necessity's Ray and how to forge through all that is presented to you. You will understand Constancy, Responsibility, Authority. You will have the Presence of Mind to realize Illumination's Flame and allow for Wisdom to be where you are.

The Presence of God is who you are! When you begin to know the Reality of God, the celebration of Joy, of the Cosmic Dance, of the intoning bells, of the Scintillating Rays of Light and glorious Forms of God, radiating Points of Light that speak of God Perfection in all creation, that, blessed hearts, is a life worth living! It is an Ascended Master Way of Life. And it is *your* life! For you are born of that Substance of God in its Divine Estate!

Be who you truly are and let the Light so shine that all who approach will wonder: "Where did you come upon this Light? How are you able to hold your Peace and Harmony? What is it that gives you the ability to love another, even in the face of that one trying to harm you? What is the circumstance of your life that I am unaware of and so desire?"

You know the secret! Let that secret be known! It is the Mighty I AM Presence! It is the Great I AM!

I, Maitreya, and those who serve on the Secret Love Star, commend you to this coming cycle and all the Blessings that God has in store for you!

Lord Maitreya

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
