

THE MAHA CHOHAN SPEAKS ON THE RUBY CHALICE

I have come to extend to each of you the Ruby Chalice. Yes, I, the Maha Chohan, am aware of the upraised Chalice that you bear. That Chalice is desiring of the Love of God, of the surcease from the burdens of the physical octave that are weighing on your Lifestream. Those who are striving on the Path are ready to receive the increments of Light that can be poured into their Chalice daily. There is the opportunity to receive the instruction from My Hand through your Holy Christ Self, if you will listen. The Ruby Chalice is proffered from my heart to yours for the Love of the God Being that you are, and that you are becoming more and more each day.

There is the need in the land for the Visitation of My Flame. There is the need in the land for the understanding of Cosmic Law. Many are unable to perceive Cosmic Law and its instruction -- for too many veils of consciousness stand in the way and separate them from their hearts.

As I raise My Hand, I AM releasing into the atmosphere of earth, the fullness of My Heart, that those who are able to look up, to touch the hand of their Holy Christ Self, even if only on occasion, may be afforded the opportunity to know a small increment of the Law. This will be afforded, not solely by my own interaction with those Lifestreams, but by the support of those in physical embodiment who desire that My Flame shall come into manifestation and shall be expanded. This can be accomplished, only when there is an attention to Cosmic Law.

I have established the regular release of *The Ruby Chalice Visitations* that will continue on and will increase, so that there might be expanded instruction on Cosmic Law to be studied, and taken to heart. Where there are those who receive the Ruby Chalice in print, they will receive also my Visitation. For the Rays of My Heart will be released into the words that will in turn draw my consciousness to those Lifestreams. No matter how many times each Ruby Chalice is read, I will be there.

These Visitations must go out, far and wide. They must be available to all. If the land is to have the purest fire of Ruby Ray action of Love to cut through all that would stop the expansion of Light in each Heart, individual students must have the Purity of the Law to be found within them. The Ruby Ray action will be the protection of those Lifestreams that do not have all of the teaching, all of the instruction, and have not garnered all of the tools necessary on all fronts for their protection.

I do not believe that, heretofore, anyone has really understood the level of the protection that goes forth from the Ascend Master Octave from the Heart of a sponsoring Master, when the chela, the student, the lifestream, knowingly or unknowingly, connects with the vibration of that One, even if only for a short time. There is a corresponding step up of vibration in the world of each one. In many, the spinning action of the electrons of Light respond very quickly to the touch of the vibration of an Ascended Master. There are others that respond more sluggishly, taking more time. You know not how long it will take for each of you.

But, when *The Ruby Chalice Visitation* is placed in your hand, before you even read the words, feel the vibration, for the very paper will be saturated with the pure essence of the Masters' vibration. You must learn to be in tune with the subtleties of life. For, in doing so, you will be able to steer the ship of your pathway through the straight and narrow and make it home at the appointed hour. Without the sensitivity and attunement you may veer off course.

My Beloved, Pallas Athena, has come in a whirlwind of Light to anchor the Flame of Truth. I, the Maha Chohan, come in the stillness and quiet of the heart, that you might perceive, not only the whirlwind action and the lightning bolt of Power, but that subtle movement of the Universal Tone of My Heart. Beloved Ones, the Flame of My Heart is the Flame that you felt when you first came into embodiment -- for that breath that went forward, touched My Heart, my Heart touched your heart, and in that figure eight flow there was the immediate recognition of the Light of God. This is why when Lifestreams receive *The Ruby Chalice Visitations*, they will know My Heart.

And, even when there is a course of instruction that is delivered by other Ascended Masters, it will pass through my office, my Heart, still carrying My Vibration, in conjunction with the other Ascended Master. This is no small matter, when you consider the connection of My Heart to the Lifestreams on the planet. I am sure you will find the way and the open door for the dissemination of My Heart to reach all who are waiting to receive.

Throughout the coming releases, there will continue to be instruction

given on the Abundance of God and how to bring this forth into your world and into the world of others. My Beloved and I stand and will continue to stand, and send forth the Ray from Our Heart to direct your course of study in this area. Should you choose to have greater illumination on these topics, call to Our Flames for the reinforcement in yours. Know that the combined efforts of our corresponding mastery will bring you into the greater awareness and sensitivity to the Light and to your own mastery. When you realize how subtle and how quiet the sound of the resounding Silence can be, and how you must listen, you will then begin to quiet all of the outer activities of your world; soothe the nerves, calm the emotions, quiet the chatter and you will be able to hear the Sound of God.

The blessing of Joy we extend to each of you for the fulfillment of the birth of the Christ and a renewed commitment to the Light of the Chalice of your Heart!

Forever holding your heart in my embrace,

The Maha Chohan
