

## Anchor the God Freedom the Earth Requires

**D**ear Sons and Daughters of God,  
I, Godfre, have come to address you on the matters at hand regarding your Freedom — the Freedom to be a Son and Daughter of God, with the emphasis on *God*. For indeed, living out many incarnations by the rule of the human consciousness will not afford you the acceleration you require to win your Ascension.

Throughout this past era of The Temple, you have had your attention held upon all of the elements of the Consciousness of your Mighty I AM Presence that you can draw to the fore, thus bringing about your victories — and “victories,” plural, is the key! For you cannot have just one Victory. For one acceleration of the Light, used wisely, establishes a foundation upon which the second and the third accelerations are built, and on and on, until your final initiation and trial. After which there shall ring forth far and wide throughout the Cosmos that the Truth of your Identity has finally won its Victory! And you have drawn to the fore the God Qualities that your Presence desired and the Flame upon the Altar of your Heart has fully embraced the Christ Command that it is to issue forth! Think of the prospect of that Full Freedom for a moment!

Where would you be if you did not have the ability to command the Light of God to come forth and clear away the debris of your karma? Where would you be if you did not have the Consciousness of the Mind of God illumining you so that you could exercise Wisdom in your affairs?

Most importantly, where would you be if you did not have the Freedom to give expression to the many God Flames, most importantly, the Purity of the Light of God that is to come forth and establish round about you the Ascended Master Light necessary to bring about the Christ Command?

In every human struggle upon the Earth, where there has been much discord and warring, you will find that there are those who rise to the level of command. Most times it is because they have enough illumination to know how to operate on the field of battle, assembling all of the tools, the lifestreams, and maneuvering at the appointed time and cycle ensuring the best opportunity for Victory.

You, blessed ones, are being trained to command your own lifestream. You are to understand what it means to be fully vested in the Seat of Authority of your Presence, to call upon the Light of God, to utilize wisely all of the spiritual tools supplied to you by your Mighty I AM Presence, and most importantly, to draw upon the Wisdom of the Ascended Masters to remember the Truth of your Identity. For if you do not know who you are, how will you know how to command Life according to the Will of God? Otherwise there will be the incessant stripping away within your vehicles of consciousness — your physical body, your emotional body, your mental body, even your memory body — of the Patterns of Truth, of the Purity of your Mighty I AM Presence that has sought to inspire you through the ages with what to do and what not to do, how to bring forth Qualities of God at the appointed cycle and time so that what your Presence desires to bring into manifestation will indeed come forth, rather than human distortions or negativities.

Likewise, blessed ones, you must understand the Truth of the Flame of God Love. It does not mean that you passively hide away, not entering into the initiations and those so called “battles” with entrenched negativity that you are to overcome, that you are to command, that you are to confront, however great or small they may be, rather than passively allowing life’s challenges to pass you by — thinking, well, if you were to engage, you might get so entangled with the struggle, with the unreality, with the negativity, that you would despoil your own consciousness. But you have the understanding that it is the Flame of God streaming forth that is the Doer! The Light purifies! The Light consumes! The Light heals! The Light protects! And that Ascended Master Light, blessed ones, streams forth from your very own Mighty I AM Presence because you have rightly taken Authority over your life and you have taken Responsibility to call it forth!

All manner of initiations and cycles will be presented for you to prove the Law and whether or not you have fully mastered that Law. There are many who have gone before you, tested upon the field of battle, in positions of authority for countries, nations, cities. And so, too, it is in this age that groups of like-minded individuals are still being drawn together under one shared canopy of consciousness, and they, too, will be tested. What will they hold in the forefront of their consciousness? What principles, what momentums will fuel their decisions, decisions that are going to affect so many other lifestreams?

Will they bring Prosperity? Will there be Peace? Will there be Harmony, the most difficult to achieve? Will there be, blessed ones, a sufficiency of the flow of the Light of God that each one, under this same canopy, will still have as you do today, the full, unfettered Freedom of expression of the Flame of God burning upon the Altar of their Heart? And should that Flame not yet have taken hold in the outer consciousness, will they at least have the Freedom to explore who they truly are and are to be in God?

The Ascended Masters did indeed work with many of the Founding Fathers of the United States of America. The Masters came together in Councils at inner levels and, yes, in outer levels of the physical, to establish a God Government that would allow for the free expression of the Divine Spark of Individuality of each Son and Daughter of God so they could work through the Fiery Destiny of the Flame upon the Altar of the Heart! What would you do if you did not live in countries with civil liberties that afford you the freedom to work through that Heart Flame, exercising the discerning faculties of the Mind of God, the Purity that you will call forth by the White Fire of the Mother Light, the Will of God streaming forth for your lifestream and many times blessing all those around you? How could there be the desperately needed acceleration of the Christ Consciousness anywhere upon the Earth?

Mankind's Freedom, blessed ones, is the Freedom to be God in Action! That Freedom may not always be perfect, still it is a work in progress that is establishing a momentum, either good or bad. The Karmic Board will ensure that those lifestreams who insist on attacking the upward course of civilization shall find themselves too busy dealing with the return of their own destructive karma to long hinder Earth's progress.

Likewise, the Hand of God accelerates and expands the Light upon the Altar of the Heart and the Momentum of God Consciousness that is streamed forth to the Earth to assist those who are right with God! Who

stand in the Light! Who understand the Responsibility of the Flame upon the Altar of their Heart! And therefore, ultimately, God will always win! Oh, there may be temporary skirmishes where it seems that those on the side of negativity and unreality, stripped of the goodness of the Will and Wisdom of God, will suddenly seemingly have a win. But, blessed ones, despite those temporary skirmishes and unbeknown to those involved — there is the eroding away of the foundation of that unreality going on below the level of conscious awareness.

Do you suppose that the Archangels ever turn a blind eye to those who amass great power within negativity and do not give glory to God? They do not! It has been my Joy, having Ascended, to see firsthand the involvement of the Archangels and how they are the first ones on the front lines to stream forth the Body Consciousness of God, of whatever Substance and Quality is necessary to bring forth the right solution to even the most challenging and difficult gordian knots of human consciousness!

You, blessed hearts, must have Faith in God. You must call upon the Archangels and the Ascended Masters that have always led the charge, even in times past while in incarnation. Therefore you know full well today in their Ascended State they have the complete understanding and their own full momentum of what must be done to achieve the Fullness of Victory in every case. And for your part you must have the ability to hold fast to the dream of your own Mighty I AM Presence to establish the Glory of your Mighty I AM Presence where you are.

There are so very many across the world who would risk life and limb to be where you the Torch Bearers are today, where they, too, could express with full Freedom, the desire of their heart. It may not be purified yet, but it nonetheless is a desire that will not be denied! It must come to the fore and be established under the canopy of the watchful eye of their own Christ Consciousness — to be tempered, to be taught, to be purified by the Violet Flame, to be allowed to hold steadfast in the *conscious* awareness of the Flame of the Christ Light within them.

I speak to you who have the greatest understanding of what it means to be free. Free to express the Fire upon the Altar of your Heart in the calls to the *Shekinah Pillar*®, the calls to the Elohim, to the Chohans, to the Archangels. You have the ability, blessed ones, to make the difference, far more than the billions of ignorant masses upon the Earth who know not how

to move beyond the sense of their own human selfish endeavors, or how to put in the Hand of God the course of nations so that the peoples of those nations shall likewise have the ability to be free!

Throughout the ages, while I was incarnated, I wished to establish more and more areas of life where there could be greater education, the ability to rise up and be a chosen people, the ability to have Freedom. And it was in my final embodiment that I truly mastered the ability to hold fast to what the Ascended Masters desired for a chosen people, a people that would live under the canopy of the Rule of God. But somehow, there has seeped into the human consciousness of the land the sense that God is not to be honored nor allowed to govern within the people or their nation! That God must be stripped from every public square and consideration everywhere — even attacked and banished from the houses of worship!

O, blessed ones, *Wake up!* This is an insidious plot to tear away at the morality of the land! To take away the ability for the Flame of God to be anchored upon Altars, far and wide across the nation, ultimately, to serve as an example across the world! There can never be the necessary magnitude of the Divine Outpouring of Light by the Ascended Hosts to protect the Flame of Freedom, if there is not the understanding by the multitudes that it is God alone who has given them their Freedom! A country cannot confer Divine Freedom, save to afford opportunity for free expression, understanding that each one must have a suitable place wherein to express their True Identity, however that Identity may desire. The conditions established by the Founding Fathers of the United States of America bequeathed to this country the greatest ability to prosper, to have Peace, to bring Harmony to the land!

Yes, blessed ones, it may not seem that there is harmony, even now. But when you consider times past — of the Civil War, for instance — this era, blessed ones, is harmonious! It is still the best time and place on earth where the Truth of each one's God Identity can be expressed upon the Altar of their Heart, lived under the canopy of their own Freedom to express their religious belief, via the spoken and written word, speaking whatever they choose without concern of being stripped of their opportunities!

There is a Divine Purpose, blessed ones, why the Founding Fathers set forth the patterns of government for America as they did. For when there is the lack of selfishness, greed, and the amassing of great power by that greed within the human consciousness of many, you begin to discover

where the Truth of God lies. Is Truth on the side of the Constitution of the United States? Or is it on the side of the present unreality that wishes to throw out the spirit of Divine Liberty engrained in the Constitution and live in a Godless state rife with immoral and unjust ways?

I, Godfre, have waited some time to address you in this manner. And it seems most appropriate on the heels of a cycle when you as the Sons and Daughters of God have truly been initiated in what it means to Ascend into the Light and be Free. Well I am telling you now, blessed ones, for the Truth of God to continue to reside upon the Earth, you must anchor your conviction in the Truth of Cosmic Law!

There is no validity to the concept of subjective truth according to each one's personal belief system born entirely out of their human consciousness. That does not exist! That is unreality that washes away with the sands of time or by use of the consuming Violet Flame! Glorifying each one as a law unto themselves, blessed ones, will never lead the Sons and Daughters of God into Freedom. If you doubt what I say, look at history. Become a student of history! Look at all of the areas of the world throughout the recorded ages and distill Illumination from your Heart into the understanding of what truly has occurred.

There are many, even today, who would like to rewrite history, wash it away, so that you would not have benefit of knowing the fallacies, the downfalls, the mistakes, and yes, the victories, the many victories — the blood, sweat and tears that were exemplified by the many Sons and Daughters of God that had a passion for God! That had a love for the Freedom To Be!

Throughout the coming cycle, you are charged with the Responsibility to call upon the Archangels to sweep the land daily, with whatever Rays of God Consciousness you are prompted to call forth, because your Flame matters, your consciousness matters! You are the Christ leading the charge and your command matters! And what you call forth, as well as what we, the Ascended Masters, may call forth, will make the difference! And that marked difference will determine whether or not there is to be an awakening across the land to the Truth of the Law and of the Divine Plan for the Sons and Daughters of God upon the Earth.

You know full well that Saint Germain has held Momentous Light for the coming Golden Age, enlisting the assistance of countless Cosmic Beings. The coming forth of those Cosmic and Ascended Masters as the Dispensation of the Golden River of the Helicon is the sign, an example that

you can draw upon of the greater assistance of the Cosmic Light afforded to you. *Do not, blessed ones, forsake your opportunity.* Do not allow for this cycle to pass by while you sit on the sidelines as an observer, thinking: "Well, perhaps the next time I will get involved. Surely there will be a next time." You know not if you will be called to enlist in Divine Service later on in this life. For perhaps your time is short. Perhaps you will be called to take your leave of this earth much sooner than you expect. Will you have missed much of your present opportunity? Will you still hesitate to commit yourself to do all within your power to advance the Cause of the coming Golden Age, to establish the Christ Consciousness in the land?

I, Godfre, have Faith in your Heart! I have seen throughout the ages those lifestreams who could be counted upon! I became a very good judge of character of those whom I would come in contact, able to read on the instant whether or not they were trustworthy, if their commitment was true and ran to the core of their being. I understand there are trials and initiations that all are going through. And they may seem to present great struggle to the outer consciousness, but you have been given great tools of God Momentum to call upon the Fire of God, to reorchestrate your life so that the alignment of your chakras allows you to have the Rod of Power to hold fast and to fulfill your Fiery Destiny! And it is that Fiery Destiny, blessed ones, that you are called to establish.

Let the Light of God be Free in the land! Let the Sons and Daughters of God, worldwide, begin to awaken to the understanding that the Presence of God is within them, that Presence is very good, and that your outer vehicles require nurturing by the Presence, require listening to, aligning with, and establishing more of a Momentum of that Inner God as the Flame upon the Altar of the Heart that will expand the Truth of the Identity as the Mighty I AM Presence.

Now all may not understand the verbiage of what I speak, but they will understand the Action! And that is what you are called to help and establish: the Action of the Light, the Momentum of God that will move through the mental plane, the emotional plane, the physical plane, that will establish in the memory bodies, and ultimately, will spring forth as a great Fountain of Light from the Threefold Flame of the Heart of many of the Sons and Daughters of God in the expression of the Flame of Freedom that must come to the fore! For it will not be denied! The Flame of God will always have its day! Just as those who stand in the Presence of God will know what it is to bask in the Reality of God Truth.

There are no grey areas, no room for compromise. Either there is or is not the Flame of Truth. You cannot cover over that Truth with some disguise and think that somehow the lie will still have the same effect. Therefore let the Light of God shine forth! Let the Truth of your Identity establish a Momentum that will bring us into the Fullness of a Golden Age for the Earth! Let the Glory of God surround you so that all whom you contact shall truly be blessed by your Presence! For you have taken Authority over your life and in so doing, have called forth the Light of God. And that Light is there to Bless, to Heal, to hold dear the Truth of the Identity of the Christ of another, to establish Momentums of Freedom.

Blessed hearts, guard the Freedom that has been given to the Sons and Daughters of God! Allow that Freedom to continue to burn brightly as the Flame of God. And as the acceleration of the Light upon the Earth continues to flow, you will begin to see the signs, far and wide, of the return of Peace and Harmony. You shall see sustenance return so that not only is the physical body, the emotional body, the mental body fed, but the Heart Flame of the Sons and Daughters of God throughout the world shall be fed by the Light of God.

I, Godfre, commend you to a task that is great! But you are up to the fulfillment of this initiation. The Cosmic Councils will be assisting you in all of your endeavors. Call upon the *Shekhinah Pillar*®, for there we will be streaming forth our conscious Momentum! And you will see a turning tide toward God Good in the land.

I thank you.

*Godfre*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
