# Resurrection Chariot

Easter Conclave  
April 17 - 21, 2019

**I**n the Blazing Light of the Noontide Sun descends the Godhead Charioteer. Its white stallions untamed, fierce, the rhythm of their cadence signals their driving momentum and unharnessed Power

Descending into the Cosmic Currents of Akasha, Air, Fire, Water, and Earth, the Godhead Charioteer sets its jaw like flint. The Indomitable Will of The GREAT I AM coursing through every fiber of its being. It sees clearly the Ascended Master it will be — an Eternal Record of the Glory it will place at the feet of The GREAT I AM. The expansion of the Infinite Love and Goodness of the Presence overflows upon its Heart.

*Expansion! Mastery! Victory!* — It knows these intrinsically and now resolves to outpicture them throughout all Creation. In the full God Determination, in the volens of the Power of its Will, there is no question: It will be Victorious! Its Day of Victory is nigh!

Thus, the Godhead Charioteer's descent into Incarnation.

Thus, the Godhead Charioteer elects and fulfills its Victory in this world.

You, the Godhead Charioteer in incarnation, are awakening to your Divine Destiny in the Light. And to this end you have come to the feet of the Ascended Masters — to learn to tap the Power of the Limitless Light of God, to create with the Cosmic Currents, to gain Mastery over this world, and then, at the appointed hour, to return home victoriously in the Chariot of Resurrection's Fire to take the Ascension in the Light.

Glorious themes of the Resurrection Flame will be the Hallmark of this Eastertide. A Regeneration, Rejuvenation, and Newness of Life will be the Balm of Gilead, the milk-white laminar flow of Liquid Light, that pours forth to all.

## I AM the Resurrection and the Life

*Lord Krishna will be ever present to assist you as you enter into this, the work of a lifetime.*

**F**ashioning the four lower bodies as a Chariot of Sacred Fire and upholding the Fire Breath of the Beloved Mighty I AM Presence is the Golden Key that leads to the Ascension in the Light. It is the work of a lifetime to raise up the Sacred Fire as the *Resurgem Christos!* Thus the igniting of the Resurrection Flame by the Hand of the Mighty I AM Presence signals the beginning of the end of the journey of the Godhead Charioteer.

*In the roaring Fire of the Resurrection Flame, in the swirling Action of the Panoply of the Christos, the Godhead Charioteer takes flight into the Sun.*

Does the disciple know himself to be strong enough? Courageous enough? Can he ignite the Fires of the Heart to stay the course? Can he summon from within himself enough sustained Courage and Strength to stand, face, and conquer? Can he wield the two-edged Sword of Christ Discrimination to cleave asunder the illusions of earthly life regardless of the appearances that rise up before him? Can he discern the Real from the unreal and live in that God Reality all the days of his life?

These are the questions the disciple asks himself as he strives to climb the Steep Path to the Ascension in the Light. Yet, his answer lies within. From the Wellspring of his own Mighty I AM Presence, he can trigger the release of all that he will ever need — Courage, Strength, Fearlessness, Constancy, Determination, Wholeness, each and every God Quality, Necessity, and Life Experience he requires.

## The Eternal Springtime of Resurrection's Flame

**E**ntering into a Sacred Journey upon the Crystal River to the Source, the Heart of your own Beloved Mighty I AM Presence, will touch the Living Waters of God's Presence; and from this Fountainhead, Liquid Light Currents will flow forth effortlessly out unto all of life, watering the parched earth. The Rivers of Life will touch germinating seeds of timeless

Perfection, and green shoots will appear where before only barren land lay desolate. In the newly unfolding blossoms of the golden rod, of the wild roses entwined in their vines, and of the sweet smelling thyme, the Eternal Springtime of Life flourishes, painting the countryside with vibrant hues of green, gold, and pink. Such is the hand of the Resurrection Flame at work.

The Ascended Masters desire you to know that your world can be made over in the Newness of Everlasting Life, and each day is a glorious rehearsal of the Eternity inherent within your own God Presence.

*The Eternal Identity of your Mighty I AM Presence is your Wellspring, your Source, and there you may travel and imbibe the Rivers of Life, initiating for yourself the Resurrection of your own Golden Age of One.*

### The Fountain of Youth is the Heart of your own Beloved Mighty I AM Presence

The understanding of the Fountain of Youth that is the Heart of your own Beloved Mighty I AM Presence is a glorious inheritance bequeathed to the Torch Bearers of The Temple, given at the bequest of the Ascended and Cosmic Beings, especially by the largess of Heart of our own Beloved Saint Germain.

Guido Reni, *Aurora*, 1614

*To know your Source is to know the presence of all good things.*

From your own Beloved Mighty I AM Presence flows a moment by moment renewal of the Charge of Light into the four lower bodies — the renewal of all the Attributes of the Beloved into your keeping.

There in the Electronic Body of your Mighty I AM Presence is the timeless stature of nobility and honor, of Eternal Youth that you can know, experience, and outpicture through the Threefold Flame of the Heart.

*I AM the Flame of God abiding throughout the body of man.*

The Heart Flame is the Scepter of Divine Authority of the Incarnate Christ issuing the Fiats of the Conscious Cosmic Christ Command. And as the Heart Flame unfurls into the outer vehicles, you behold the Godhead Charioteer in the full thrust of its Divine Intent and Glory!

## The Bliss of Eternal Life and Light Divine

*Step into the Roaring Fires of the Resurrection Flame and enter into the Bliss of Eternal God Life!*

Your Heart Flame is a Bubbling Liquid Light Fountain! It is the Consciousness of your own Beloved Mighty I AM Presence — a Consciousness of resplendent Victory! Of the All-Powerful, All-Conquering, Omnipotent Light of God! Of the celebrated Ascended Master Light!

As you enter into the Eternal Bliss of your Heart Flame, this God Consciousness will reverberate throughout your world, rippling out to every other part of life and making your life over into the Eternal Springtime of the Presence.

### The Flight of the Godhead Charioteer into the Sun

Upon the Golden Helmet of the Godhead Charioteer, the full Panoply of the Dazzling Light of the Seven Rays blazes forth, its prismatic colors lighting up the noontide sky. From the breastplate flows forth the Great Cosmic Currents, the fivefold River of God Life, under its Authority and God Dominion. Upon the belt, the Jewels of Attainment of the Casual Body are set, crystallized in the Regalia of its Majesty. And unsheathed in the right hand, the Emerald Sword of the Truth of Cosmic Law glistens its fierce brilliant shafts of Light, brandished on high, wielded masterfully, displaying the Glory of the Mastery of the Godhead Charioteer.

His journey culminates in Victory. He turns his gaze to the Radiating Light of his Electronic Body, and riding upon the crest of the Resurrection Flame takes flight back into the Sun of his own Luminous Presence.

Acropolis Sophia

April 22 - 28, 2019

To those who have made the trek,  
To those who come vested in full Courage and Strength,  
To those who seek the Eternal:  
Stand at the door and knock.

Standing upon the summit the disciple breathes in — the air clear, rarefied.  
The journey has been long and arduous. The Path, steep.  
Many mountains have been scaled, many victories attained.  
Much has been learned, and yet more still must be won.  
He knows his work is not yet complete.  
Standing alone, there upon the threshold of the Ascension Temple, he  
knocks.

Louis Comfort Tiffany, *Egyptian Pyramids Framed By Temple Columns*, 1872

**F**or the disciple who makes himself ready, for the disciple who seeks Victory, for the disciple who strives with all his might to climb the summit of the highest mountain — great opportunity is availed.

This Acropolis Sophia a grace is afforded to the Torch Bearers of The Temple: A full immersion in the White Fire of the Mother Light, a glorious cycle dedicated to the Ascension, unfolding under the direct sponsorship of Serapis Bey.

A clarion call is heard in the distance — Excelsior! The disciple knows the Voice — the Still Small Voice of the Heart beckoning him on further, higher. The promising Light of the Ascension has paved an illumined Path that he has elected to follow to the ends of the Earth and beyond.

The Ascended Masters know the Heart of the sincere disciple walking the steep and narrow Path to Christhood. They hear the quiet whispers of Hope that echo through the stillness of the night. They witness the intense striving of those who seek their Ascension, who desire more than anything to have their Victory.

*This Acropolis Sophia is for those whose Hearts are ablaze with an unquenchable Fire, who strive fiercely for their Eternal Freedom.*

**I**f you hear the clarion call of Excelsior, come to the feet of Serapis Bey, the Maha Chohan, and Lord Maitreya to be trained for the final ascent to the Ascension in the Light. The Mastery required by the Mighty I AM Presence is most arduous, the training of the Ascension Temple most specific.

Great Mastery and Attainment are required to step into the Ascension Current.

- ❖ The Attainment of the Christ Virtues — Mastery over the Pranic Breaths of Life.
- ❖ God Control over the four lower bodies established through the Christ Command of the Heart Flame.
- ❖ The complete identification with the Mighty I AM Presence as the Self, surrendering the outer vehicles to the Presence and overcoming everything less than Perfection.
- ❖ The Purification of the outer vehicles in the Fires of Transmutation and the Resurrection of the four lower bodies into the Christ Presence.

The Hierarchy of Light desires to reveal the inner workings of the Ascension Temple, the Initiations that take place there, and the preparations that are required for acceleration therein, so the earnest disciple can initiate cycles of preparation and Mastery in their own life, here and now.

*But, ultimately, each lifestream must draw forth the Sword of the Light of Truth from their own Heart Flame, and bear that Sword courageously, fearlessly, undaunted. For that is the stamina, the steadfastness, and the Courage that is required to make the Ascension.*

~ SERAPIS BEY — MARCH 29, 2018

**M**oment by moment a choice must be made — the conscious election at each turn to pursue the Presence of God, come what may. The world little knows what great opportunity lies in the palm of their hands. Even many students of the Light do not realize the true Power that can be wielded by the Heart Flame in incarnation, the Light that can be brought to bear upon the outer world, and the Mastery that yes, must be forged in the crucible of life.

It is this outer world that holds the key to the Attainment of the Ascension. Mastery must be forged in this world by the freewill election of the outer consciousness abiding as the chalice of the Mighty I AM Presence. An awakened consciousness, illumined by the Flame of God, must initiate cycles in this world. This is the Godhead Charioteer at work in all levels of creation.

*The Godhead Charioteer renders all things subject unto him.*

The Ascension is never vicariously won; an Ascended Master is always self-made. The Godhead Charioteer by his own efforts pulls himself up by the bootstraps, the Self-Sufficiency of the Godhead outpictured by the Ascension in the Light.

## Raise up the Sacred Fire

*I AM the Purity of the Mother Light!*

By the Power of the Name of God I AM, the Godhead Charioteer issues the Fiats of the Conscious Cosmic Christ Command, calling forth the Limitless Light and drawing it down into the elements of earth, air, fire, and water.

The Presence, through the Heart Flame, breathes the Fire Breath of God through the outer vehicles, causing the Sacred Fire of the Life Currents to flow freely. Upwards they are raised. The Light of the Presence descends and ascends in the figure-eight flow of the caduceus action upon the spinal altar. Not one current is dashed to the ground. But the Crystal Chalice of the outer self, strengthened by this Fire, is faceted in Perfection.

This is the raising of the Sacred Fire that must be wielded by the Mighty I AM Presence for the Ascension in the Light.

*In the White Fire Light of the Ascension Current, the Mighty I AM Presence draws all its vehicles into oneness with Itself.*

Even as the Mighty I AM Presence unrolled and descended in frequency through the various Realms of Creation, so too it now draws it all backup, bringing home the fruit of the harvest of all of the Attainment that very Heart Flame has achieved.

## Enter into the Vastness of Eternity and Beyond

Transferring the sense of selfhood from the outer self to a complete identification with the Mighty I AM Presence is the great work of the Ascension Temple. As you step into the Ascension Current, you step into the untrammelled vastness of Eternity. Enter without hesitation, in full Fearlessness Flame!

*Let each moment of your life be  
a rehearsal of that final Initiation  
of the Ascension in the Light.*

Each overcoming Victory, each moment you stand, face, and conquer an outer appearance — every sacrifice, every striving, every inconvenience is worth the effort. Even the most intense initiations out here in this world become mere stepping stones to the Glory of what is accomplished as the final Victory of the Ascension in the Light.

Allow the single-eyed Vision of your Christhood to hold your consciousness with a fixed mark upon the Ascension in the Light. Be determined, steadfast, courageous, and strong. And then strive and keep striving, until there is not one more ounce of striving within you. For then your Heart will soar — the Presence will lift you up upon the Wings of the Love of its Heart in a spiraling Current of Light, higher and higher into the Presence of God.

This Easter Conclave, in the overshadowing of your Holy Christ Presence, come riding your Chariot of Fire. Come bearing your Golden Breastplate of the Sun and draw forth your Sword of Truth. Come emblazoned in the roaring Fire of your Heart. For with you will be the Winged Light of Victory!

*Now! All the Godhead Charioteers shout for Joy!*

*To see, to taste, to almost touch their long-envisioned Mastery.*

*Now! No sacrifice too great, no labor too long-suffering. No turning back.*

*Now! Ever onward, ever upward to Ascension's Crowning Victory!*
