The Science of the Emerald Matrix

The Divine Science of the Emerald Matrix, a hallmark theme of this forthcoming Easter Conclave, shows how through the Flame of God in Action you can bring forth the Alchemies of your own Mighty I AM Presence. The simplicity of these teachings will be self-evident as you raise your attunement to look through the Eyes of your Presence and see how the Ascended Masters from the Realm of the Great Central Sun view Life and Creation.

In the Realm of the Great Central Sun is every Attribute of God, as well as every Perfect Pattern for your life and life all around you. In joy we will celebrate the service rendered by Alpha and Omega, Cyclopea and Virginia, and Beloved Immaculata in focusing these Divine Patterns to the Earth.

This Easter Conclave you will learn how necessary these Perfect Patterns of the Mind of God are to the manifestation of your Alchemies and how through the Science of the Emerald Matrix you can leverage the Light through them to bring forth their manifestation in this world of form.

This Easter Conclave learn how:

- ◇ The magnet of the Threefold Flame of the Heart draws unto it all necessary Substance, Form, and Consciousness from the Universal.
- ◇ Invoking the Name of God I AM sets into motion the Limitless Power and Activity of God.
- ◇ Perfect Patterns crystalized within the outer consciousness become the Needle-Ray Focalization of the Mighty I AM Presence and Ascended Masters to bring them into manifestation.

Come this forthcoming Easter Conclave to learn the practical Science of the Emerald Matrix so that by the Charity of the Heart you may learn to consciously wield the Emerald Ray on the Earth.

It takes Love, unconditional Love, to be able to create Beauty and give it away, to establish more of the manifest Presence of God for the Sons and Daughters of God to abide within.

APRIL 13 - 19, 2020

**A Golden Ladder of Truth reaches to the Heart of the Great Central Sun.
Come ye to scale its heights.**

From the heights of the Great Central Sun to the Earth, a Golden Chain of Divine Wisdom bridges worlds. And those of this world, courageous and stalwart, are invited to climb its golden rungs. With each step, the Heart takes flight in inspiration and awe. Breathless moments of attunement bring the dawning awareness of God's Presence and the revelation of the Glory of the Allness of God!

The Ascended Masters Train their Disciples

The Mission of the Ascended Masters, crystallized in God Will and Determination, is to bring the understanding of the inner workings of the Highest Realms to the sincere students so that they might grasp their true Divine Inheritance and stand forth Victoriously over mortality.

The Ascended Masters have come time and time again throughout the ages – from times of antiquity to the present – to sing the praises of the Highest Realms of God and to teach and instruct on its inner workings. Throughout many eras, Truths of Cosmic Law have been revealed precept by precept, hard won revelations brought to the fore by the Brotherhood's Initiates whose great love was for the Wisdom of God.

This time and era is no different. With resolute determination, the Ascended Masters pursue the training and teaching of their disciples in the understanding of the Inner Realms of God's Presence. With earnestness they desire that the students of the Light experience firsthand their own Beloved Mighty I AM Presence and the Glory of God in the Great Central Sun.

Lowering a detailed understanding of the Great Central Sun is the work of thousands of years of the Brotherhood of Light. And the Torch Bearers of The Temple are invited to be recipients of this Sacred Labor.

The Truth of Cosmic Law

In the closeness of Acropolis Sophia study sessions, in the overshadowing Radiance and God Consciousness of the Ascended Masters, higher Truths will be revealed in greater precision and specificity. As a gift of Beloved Saint Germain and the Ascended Brothers and Sisters whose great love is for the Truth of Cosmic Law[®], we embark upon an in-depth course of study on the inner workings of the Realm of the Great Central Sun.

Come and Discover:

- ◇ How the Great Central Sun is truly *All of God* – and the profound meaning and implications this has for your daily life.
- ◇ The Great Central Sun as the Foundation and Firm Rock for everything in your life.
- ◇ Your own Mighty I AM Presence as Master and Lord over the entirety of the Great Central Sun.
- ◇ The Great Central Sun as the Body Consciousness of the Great I AM brought into Eternal Existence.

A Mighty Fortress

Give ear, O ye heavens, and I will speak; and hear, O earth, the words of my mouth.

My doctrine shall drop as the rain, my speech shall distill as the dew, as the small rain upon the tender herb, and as the showers upon the grass:

Because I will publish the name of the LORD: ascribe ye greatness unto our God.

He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he.

SONG OF MOSES — DEUTERONOMY 32: 1-4

As the Ascended Masters sing the praises of the Consciousness of God that is the Great Central Sun, you are invited to discover the firm foundation that the Great Central Sun is to everything in your life. Experience its palpable, tangible closeness – closer than anything in this outer world. Know its Light to be an ally by your side, and see as the overwhelming Victories of the Presence rush in to fill every part of your life. Enter fearlessly into this changeless, eternal Realm – imperturbable and immutable – more eternal and everlasting than anything else in your life, for therein you will find your Fortress of Light.

The Presence is a Mighty Fortress from whence naught can broach. In the Presence, I find my Rock, the foundation of life all about me. In his Mighty Ways, a path is paved for me. His Light is a Citadel and in his High Watch Tower all can be seen. Within the bosom of the Godhead all Creation rests. And therein I place my trust, for I know that I am home within the Light of God.

The Allness of God that comes forth from The One has seen fit to share of its Body Consciousness, so that the Individualization of your own Mighty I AM Presence may have the full Freedom to express all the Attributes of God. In turn, your own God Presence has desired that you, as the incarnate Son and Daughter of God, be vested with the Light of the Christ so that you might have the opportunity to draw upon the Attributes of the Mighty I AM Presence while you go through your earthly pilgrimage, with the wind of the Presence at your back, propelling you forward, with the foundation of the White Cube beneath your feet as the Chief Cornerstone that will not be denied, that allows for the surging of the Mother Light through your vehicles of consciousness.

THE GODDESS OF LIGHT - AUGUST 6, 2017

All of God

As we trace the threads of a glorious tapestry left behind by the Brotherhood's philosophers, we see the Great Central Sun celebrated in a variety of ways. Even now as Ascended Master students we know the Great Central Sun to be the *Great, Great Silence, the Realm of Eternal Being, Life, and Mind, the Ascended Master Octaves* – yet at this Acropolis Sophia the meaning behind the Great Central Sun as *All of God* will be revealed and why this is of utmost importance to your life.

A greater understanding of the Covenant between the Godhead and the Great Central Sun will be shared as we study in-depth how the Great Central Sun is the expression of the Body Consciousness of The Great I AM.

- ◇ All of the Expressions of the Godhead exist together in the Great Central Sun.
- ◇ Even for all of the multiplicity of the Attributes of God in the Great Central Sun, there is the overarching oneness of The One itself, always present.
- ◇ The countless Attributes of the Godhead are fully *realized, actualized, and in activity* in the Realm of the Great Central Sun.

Come this Easter Acropolis and learn how your own Mighty I AM Presence, through the I AM Command of your Heart Flame, can bring all that the Great Central Sun is into the fabric of your life, that your life will be filled with all of the richness, color, life, Beauty, and Perfection of God.

And Jesus said unto them, Because of your unbelief: for verily I say unto you, If ye have faith as a grain of mustard seed, ye shall say unto this mountain, remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you.

DEUTERONOMY 32: 1-4

It is Impossible for the Law to Fail

If your outer mind has ever stood in incredulity toward Saint Germain's statements on the Power of God to act in your life, this Acropolis Sophia is for you. The path the Ascended Masters walked while in embodiment – their Path of Faith, Attunement, and Victorious overcoming – is likewise the Path you may follow, proving the very Laws they are teaching you today from their coign of vantage from the Ascended Master Octaves.

Come to this Acropolis and rehearse the Precepts of the Law given by Saint Germain and how it is impossible for those Laws to fail!

- ◇ Learn how when the Name of God I AM is invoked, the Limitless Power of the Godhead moves into action instantaneously, and can *never, never, never fail!*
- ◇ Learn of the Omnipresence of the Godhead. The Great I AM is everywhere present and at work behind every outer appearance and can be set into action in creation by the All-Powerful Name of God I AM.
- ◇ In the words I AM is *All of God*. When you say I AM you put into motion all the Attributes of the Godhead. Nothing is important except *All of God!*
- ◇ Learn how the Godhead uses the Great Central Sun universally and through it God is *Omnipresent, Omniscient, and Omnipotent*.

As you seek first the Presence of God, his Path and Righteousness, in wonder and awe God's Presence is revealed all about you. And as you consciously enter into the Realm of the Great Central Sun you will discover you can bring its Light into your outer life to live within, here and now.

Come and celebrate with us the Love of Wisdom as Philosophy:
a Gift of the God's thrown down from the vault of the Great Central
Sun as a Golden Chain that the earnest disciple can hold onto and be
drawn up into the Higher Realms.

To those who would hear,

To those who would catch the Fire,

To those who are ready,

Come and knock at the door of Divine Wisdom, and the Light
of Illumination will pave a pathway home to the Heart of God in the
Great Central Sun.
