Freedom
Conclave
July 3 - 7, 2019

We, the Torch
Bearers of The Temple,
vow to hold high the Torch of Freedom.

We brandish the Sword of the Truth of
Cosmic Law® so the Light of God Consciousness will burn
brightly in the land.

We stand as Mighty Pillars of The Temple, upholding the Great
Commission of The Temple of The Presence.

We vow to protect the Purity of the Teachings of the Ascended Masters
so the Truth of God Individualized will not be forgotten or lost.

We strive to live the Ascended Master Way of Life, to exhibit the Christ
Virtues in our daily life, and to make the Ascension the guiding polestar of our life.

We rally as the standard bearers for this era, keeping the Flame of Hope alive for the world.

We claim the Banners of the Brotherhood as our insignia — raising on high the Banner of the Golden Age, that it will not fall by the wayside but will wave proudly on high generation upon generation.

We vow to never give up, never give in, never capitulate, never surrender.

To be the Flame of Freedom, to live under the canopy of the Light of the Mighty I AM Presence, to uphold that God Consciousness at every turn, and to strive for the Victory of the Ascension in the Light — this is what it means to be a Torch Bearer of The Temple.

The Ascended Masters say to their blessed Torch Bearers and to all the Devotees of Light across the Earth:

Keep the Dream Alive!

G

reat civilizations have come and gone, chronicled in the recorded and unrecorded history of the Earth. Pinnacles of enlightenment, technological advancement, and even Peace, Divine Goodness, and a Golden Age culture have characterized many prior civilizations. But where have they gone? Why did they not remain and flourish for all time? Why are they not outpictured in their fullness, here and now?

Time and time again, the Brotherhood of Light has established Golden Age initiatives far and wide across the face of the Earth, spanning eras and continents. And yet history continues to repeat itself over and over.

The glorious Consciousness of Ascended Master Radiation and Wisdom anchored by initiates and disciples of the Brotherhood is the Hallmark of a Golden Age Civilization — yet how easily the seeping quick sand of human consciousness can silt over the pure Truths and Good Fruit brought forth by the Ascended Masters.

The insidious poison of human consciousness can silently undermine forward progress — as the self-rationalization of *thou surely will not die*, the preoccupation with the outer experience life, and the lethargic *modus operandi* of many who would lean on those

who do carry the Fire allows the good life to be sustained by others without any exertion of effort. But the most insidious poison of all is the rejection of the Brotherhood and the Brotherhood's emissaries.

This is the stain of mankind's karmic record that has caused the Torch of many enlightened civilizations to be extinguished in the murky waters of mortal consciousness.

We stand now at a pivotal moment for the Earth — the opportunity to change the course of its history and re-write its destiny. We are recipients of a glorious heritage bequeathed by the Ascended Masters, as a great Treasury of Truth, Wisdom, and Opportunity.

Within the United States of America and the Freedom-Loving Nations and Peoples across the Earth, the foundation has been laid for the God Freedom of the Golden Age. Many across the land are blessed to live in peace, with the freedom of expression and the protection of a civilized world.

The Truth of Cosmic law

W

ith the Truth of Cosmic Law® as revealed through The Temple of The Presence, we are the benefactors of a priceless legacy of Divine Wisdom. Never before has the full understanding of God Individualized, the Mighty I AM Presence, the Violet Flame, and the Power of God invoked as the Name of God I AM been taught with such clarity and in such Purity. Never before has such a detailed understanding of The One and The Good, the purpose of life in the Story of the Godhead Charioteers, the Christ Virtues, and the Power of the Fivefold Outpouring of Life been revealed.

Never before have we beheld such promise for the future of the Earth — a solemn reminder of what has been entrusted into our care, cradled in the bosom of The Temple of The Presence.

I AM HERE! You are here and all will together accomplish the great Victory of the coming Great Golden Age. It will no longer be coming, for I tell you, beloved ones, THE GOLDEN AGE IS HERE AND NOW! For you will internalize the Golden Age within your Hearts! And you will become the Golden Light that will emanate from the Great Central Sun and be the Beacon that will bring forth all of the other Lightbearers who have been waiting to see that Torch which you will bear to them!

The Golden Age

Earth becomes the Star of Freedom

T

his Freedom Conclave, the Ascended Masters come to anchor the Divine Direction of God's Holy Will, with its Cosmic Power and Momentum. They come to establish the crystalline Emerald Ray of God's Vision, and in the great Love of their Hearts inspire mankind with the Sapphire Dream.

They come to share their Wisdom and to instruct and teach upon themes of the Golden Age. What will make this Golden Age last throughout all time until the Earth has ascended in the Light? What is the role of The Temple of The Presence and its Torch Bearers in the fulfillment and Victory?

We can look to the past to learn from mankind's mistakes, and we can remember the akashic record of the future, as did Merlin, shining as a beacon of Light cresting upon the horizon.

The Ascended Masters with their great largess of Heart seek to make the Sapphire Dream of the Great I AM a reality as the Earth becomes the Star of Freedom. Their Cosmic Light brings Goodness and Blessing for all upon the Earth. And Acropolis Sophia as their City of Wisdom set upon the hill brings the true advancement and progress of a civilization.

The time of the visitation is now and the Ascended Masters say to the world: Come and dine. Drink of the Pure Living Waters of the Mighty I AM Presence and break bread with us as the Panis Angelicus of the Word and Light of God.

The Hope of the World

B

lessed Torch Bearers of The Temple:

You are the hope of the world. You are the benefactors of future generations, keeping the door of opportunity open for the mankind of Earth to set down their mortal cup of consciousness and drink in the New Wine of Ascended Master Light and God Consciousness. You who have acknowledged the Ascended Masters in the hour of their visitation stand as the forerunners of the Golden Age.

The capstone of your mission is to keep alive for yourself and for the mankind in this outer world the Light of the Consciousness of God Individualized, the Light of the Presence, the Light of The One, the Light of the many Firstborn Sons and Daughters of God.

As you keep that Flame burning brightly in this world, it brings promise, hope and opportunity to future generations so they too, in the fullness of time, might receive that God Consciousness, keeping the Dream alive for themselves and ushering in the Great Golden Age of Beloved Saint Germain.

This is your Great Commission, the office that you hold, and the service that you render.

For the Torch you shall bear through The Temple will not be of light weight; it will be heavy — that is to say immense. For, beloved ones, there is a great deal of Fire within the Torch that you will carry. That Torch will contain such a Burden of Light that you will need two or three or more Torch Bearers to carry it at a given time. But you will come together and will have the Opportunity to magnetize and multiply your Heart Flames to BE THE FIRE THAT WILL LIGHT THE WORLD!

GOLDEN PINK PROVIDENCE OF THE PRESENCE

Acropolis Sophia
July 8 - 14, 2019

E

ven as our Freedom Conclave celebrates the Sapphire Dream of the Great I AM in the full resounding Glory of the Blue Flame of the Will of God, this Acropolis Sophia will lift the Beloved Torch Bearers up in the Golden-Pink Flame of Illumination and Love, in the Great Abiding Presence of Divine Providence.

The Presence of the Godhead is the inexorable moving force behind all creation. Behind every discord and appearance of this outer world, even the most tragic of circumstances, behind every hopeless plight, behind every lack or need flows this Providential Love of God in action with its counterpart Divine Solutions. With the fullness of Compassion and Love, the calm, steady Presence of God is actively at work everywhere — in each and every condition — to bring about Goodness and Perfection.

It is our birthright and supreme privilege to be an instrument of this Divine Providence and to leverage its Power in the Earth. When invoked and brought to bear on mortal conditions, the relentless pressure of its Will, its Wisdom, and its Love brings about the most magnificent Victory. Even in the midst of an appearance that seems inconsolable, unsolvable, impossible, in the fullness of the Will of God, Victory can come forth and all things are made possible. Victory is snatched from the apparent jaws of defeat.

This Acropolis Sophia, the full-orbed teaching of Divine Providence will be the grace afforded to the Torch Bearers of The Temple. You are invited to enter into this magnificent, transcendent mountain-top experience, to behold the Face of the Great I AM, to be in the Presence of the God of Very Gods and discover how Divine Providence can be brought to bear and work its Mighty Power in your life, in your country, and in your Earth.

M

oments of stillness, silence, and peace are necessary to the blessed Heart with its lilting aspirations — seeking and searching. For within the Voice of the Silence, the soundless sound, the resonant Heart finds the Eternal.

You are intended to live all your days within the Great, Great Silence of God's Presence, buffered from the cacophony of the outer world, holding to that high attenuated level of attunement, regardless of outer circumstances, so the full Power of the Divine Providential Love of God may flow through your world.

Many find themselves hypnotically fixated on the outer necessities of life, living a life of kaleidoscopic distraction, surrounded by a whirling mayhem of loud jarring noise, disturbing what would otherwise allow the contemplative heart and mind to be lifted on high and enter into Sacred Communion with the Presence of God.

To this end, the Ascended Masters come to teach their blessed disciples the Divine Spiritual Science of these categorical statements. Throughout this Acropolis Sophia you will learn the Sacred Science behind the statements, *"I AM Here and I AM There," "The Mighty I AM Presence is Always in Action,"* and many more. You will understand why when you say to lesser appearances, *"You have no power,"* it is true, and you can stand, face, and conquer with the Light of God.

When Saint Germain comes with categorical, audacious statements that might strain the student's credulity, Cosmic Law stands as the Truth behind each and every statement. An illumined understanding of certain Principles of Cosmic Law, their Reality, and how to bring that Reality into manifestation in this world still remains elusive to some of the most sincere students.

"Providence has at all times been my only dependence, for all other resources seemed to have failed us."

✦ GEORGE WASHINGTON

Though you walk through the Valley Forge of your life, though all odds are stacked against you and defeat seems to be your only recourse, know that you, too, can be a George Washington. Take Heart, stand tall and courageous, and be on Fire with the Love of your own Mighty I AM Presence. Grasp the reins of the great steeds and be thine own savior, for the Victory of the Light shall be yours.

Though a great storm rages in its fury, though the bleak winter casts its harsh, lifeless shadows, though my eyes cannot see through the sheets of ice and hail, I know the Hand of God, Divine Providence, ever guides my footsteps.

Unto the Protection of Almighty God, unto his Holy Keeping, do I place my trust. He makes way the Tree of Life and Great Rivers of Peace flow from his Blessed Countenance. In the guiding Light of Divine Providence, the Goodness of God's Presence is forever made manifest in my life.

"By the all-powerful dispensations of Providence I have been protected beyond all human probability or expectation; for I had four bullets through my coat, and two horses shot under me yet escaped unhurt, although death was leveling my companions on every side of me!"

Make the Love of Wisdom as Philosophy and the study of the Truth of Cosmic Law® your safeguard on the Path and your road map to God Mastery and Eternal Freedom. Come this Acropolis Sophia to study under the guiding Light of Beloved Sophia, Mother of Wisdom, and let your Ascended Brothers and Sisters show you the way.

The Path is laid before you, your staff is the unfailing Light of God, your Guides are present and ready, and the Truth of Cosmic Law will lead you unto Victory.

The razor's edge of the steep path must be traversed by the ardent disciple — by the one who strives courageously to put down mortality, who seeks entree into the Ascension Temple, and who stands steadfast in the determination to be the Ascended Master.

There is no failure upon the Path, unless it is given up altogether. For within the Heart Flame is untold Strength and Fortitude, the overcoming Love that transforms the human into the Divine. There is where you find the strength of the warrior and the power of the adept.

T

his Acropolis Sophia, behold the Light upon the Path and enter the Golden Gates of Wisdom that lead to the Eternity of Divine Providence.

Look for the flower to bloom in the silence that follows the storm not till then. It shall grow, it will shoot up, it will make branches and leaves and form buds, while the storm continues, while the battle lasts. But not till the whole personality of the man is dissolved and melted — not until it is held by the divine fragment which has created it, as a mere subject for grave experiment and experience — not until the whole nature has yielded and become subject unto its higher self, can the bloom open. Then will come a calm such as comes in a tropical country after the heavy rain, when Nature works so swiftly that one may see her action. Such a calm will come to the harassed spirit. And in the deep silence the mysterious event will occur which will prove that the way has been found. Call it by what name you will, it is a voice that speaks where there is none to speak — it is a messenger that comes, a messenger without form or substance; or it is the flower of the soul that has opened. It cannot be described by any metaphor. But it can be felt after, looked for, and desired, even amid the raging of the storm. The silence may last a moment of time or it may last a thousand years. But it will end. Yet you will carry its strength with you. Again and again the battle must be fought and won. It is only for an interval that Nature can be still.
